ately after the Sunday School hour. At one-thirty, there will be an evangelistic meeting conducted by O. B. Wilson, Jr., of Glendale, Calif., assisted by Mr. and Mrs. Ira D. Stover of Pomona, California, and Victor Orr of Jefferson, Oregon. The evangelistic meetings will continue through the following week each evening at eight o'clock. The community residents are invited to attend.

## GIRL SCOUT COMMITTEES AND LEADERS MEET

**SUTHERLIN** — First meeting of the Girl Scout committee and leaders was held Wednesday at Hotel Sutherland. Dessert-luncheon was served and a round table discussion followed. Those attending were Grace Cornish, Naomi Riggs and Mrs. Frank Martin of the committee, Leaders Betty Stamp and Mrs. Harry Scroggins of the Senior Scout Patrol, Mrs. Townsley Brownie leader, Mrs. Warren Willis, Fannie Patton and Lyla Chenoweth of the Intermediate Troop. Absent were Mrs. M. Patterson, chairman, Florence Cook and Maxine Wilson, committee members.

These meetings, which will be held on the last Wednesday of each month, are for the purpose of planning troop activities. It was decided that the troop should be divided into two groups so that the membership may stay open, as a troop should not consist of more than thirty-two members. The fact that we have a building to meet in, opens scouting to a greater number of girls. Each troop is to have a leader and an assistant leader and one of the senior Scouts will also assist in direction. Troop No. 1 and No. 2 will meet on Friday and Saturday through the summer months at two o'clock until four. The senior Scouts will meet Tuesday night at 7:30 at the Scout Building. These girls are to be especially trained for camp counselors.

The bake sale last Saturday was very successful and the new dishes for the Scout Building were paid for. The troop wishes to thank Cliff Fountain for the use of the floor space for the sale. Plans are made for a hike for June 14, to which the whole troop may go.

The Myrtle Creek Girl Scouts have been invited to visit the troop on June 22, at Sutherland. They will bring a potluck luncheon and a get-together-play-day is being planned. Camp dates have been set this year for August 4 to 11 inclusive, to be held at Wolf Creek. While many of the troop could attend if camp was held at Camp Clewax at Florence, there would be many that would not be able to go. The distance is considered too far for some of the younger members to be away from home.

A rigid rule will be followed this year that will require one adult for every eight girls and a registered nurse will be necessary because of the greater number planning to attend this year. The cost will be some what higher

this year as food is much higher. Health examinations will be necessary for every one before attending camp.

## INITIATION HELD BY K. OF P. MONDAY

Arthur C. Evans was initiated into the rank of Esquire at the regular meeting of Alpha Lodge No. 47, Knights of Pythias, held Monday evening in the Knights Castle Hall.

Chancellor Commander E. G. High announces that the rank of Knight will be conferred at the next regular meeting, which will be held on Monday evening, June 17, at 8:00 P. M. All Esquires and all members who can assist with the work in this rank are especially urged to attend this meeting.

At last Monday's meeting there was a good deal of discussion on the matter of the organization of a local Palace of the Princes of Syracuse. This is the branch of the Knights of Pythias that is for boys and young men between the ages of 12 and 18. Al Kuykendall, chairman of the Knights committee for this work, reports the work of organization is well under way. Anyone interested in supporting this fine activity for the youth of the city and surrounding territory can obtain further information on it from either Mr. Kuykendall, at Al's Fixit Shop on East Cass St., or from Mr. High.

## Meat Shortage Forecast By Stabilizer Bowles

**WASHINGTON, June 13—(AP)** — Economic Stabilizer Chester Bowles said after a conference with President Truman yesterday that lifting of OPA controls on meat would cause an immediate increase of 40 to 50 per cent in prices.

Bowles expressed regret that the Senate has delayed consideration of the OPA extension bill, telling reporters, "we might as well have the bad news quickly." He told newsmen that there will be a meat shortage anyhow for a year, regardless of what sort of legislation finally comes out of Congress, but that if controls are lifted, as recommended

by a Senate committee, the minimum price rise would be "from 40 to 50 per cent," beginning July 1.

He said livestock men are holding back their stocks until July 1 in view of the Senate committee recommendations.

Until a decision is made in Congress, he added, "you are not going to get any meat."

## Stay Order Continues on Freight Rates Increase

**WASHINGTON, June 13—(AP)** — The Supreme Court refused Tuesday to issue an order making effective immediately an Interstate Commerce Commission order changing class railroad freight rates.

The ICC directed a 10 per cent increase in the north and east and a 10 per cent reduction in the south.

Nine states and 33 railroads opposed the ICC order in suits which were dismissed last May 27 by a special three-judge federal court in Utica, N. Y.

The court at the same time granted a 60-day stay for the filing of appeals to the Supreme Court.

The government appealed from this stay order, asking the Supreme Court to vacate it. The high tribunal rejected that request with a simple announcement of denial. Hence the stay order continues in effect.

## Feed Crops for Ducks Are Planned to Shield Farms

**WASHINGTON, June 13—(AP)** — The Senate appropriations committee has voted \$750,000 for the purchase of land in California to grow feed crops for ducks.

The money, refused earlier by a House committee, was added to an Interior Department appropriations bill. It is subject to Senate approval and House concurrence. The plan is for the federal government and California to buy points in the Sacramento-San Joaquin and Imperial valleys, sow rice or cheaper crops and shoot the birds in with airplanes.

The ducks and geese would be expected to stay in the feeding areas and leave the farmer's crops alone.

Albert M. Day, director of the U. S. Fish and Wildlife Service, told the Senate committee the plan has been tried on leased land, and it worked. Crop depredation, he said, at one time amounted to \$1,000,000 a year on the migratory bird flyaway in California.
