The Weather

U. S. Weather Bureau Office, Roseburg, Oregon. Forecast for Roseburg and vicinity: Cloudy tonight; partly cloudy Wednesday.

Girls Scheduled For Softball Tilt

The Roseburg Girls Softball team will make a mid-summer debut at the local diamond Thursday when they meet the highly touted South Douglas County Tri-City women's nine.

Discontinued earlier in the summer for lack of inner-team enthusiasm, manager Edna Pope and H. W. Gray said today new interest has arisen and practices will begin tonight.

The Tri-City club to appear here Thursday is one of two all-girl teams from Riddle, Myrtle Creek, and Canyonville and are the current leaders in the district.

The local girls' club will be managed and coached by Edna Pope, local woman athlete, and practice sessions for all women interested will be held at Finlay Field each Wednesday and Thursday evening at 6:30.

Doubleheader In Softball Slated

City Softball League standings: Monarchs 5 0 1,000; Elks 3 2 866; Rainbow Grill 3 3 500; Sutherland 2 3 400; Veterans 0 4 000.

Two of the scrappiest clubs in the City Softball League, the Elks and Pastime Tavern of Sutherland, vie in the opener tonight at 7:30 at the local diamond.

The Pastime Tavern held second place in the league throughout the first half summer series, while their opponents for tonight, the Elks, hold the present trophy's second deck spot.

The cellarized Veterans' only chance at real recognition will come up in the second fracas of the evening as they cross bats with the league-leading Monarchs, who have thus far come through every league contest this summer victorious.

Softball Manager Jerry Huggins announced today that the park's concession stand has added sizzling hotdogs to its commissary list for the fans' enjoyment and comfort on chilly evenings.

City league games remaining: Friday, Aug. 2, Monarchs vs. Rainbow; Vets vs. Sutherland; Tuesday, August 6, Elks vs. Vets; Monarchs vs. Sutherland; Friday, Aug. 9, Vets vs. Rainbow; Elks vs. Monarchs.

Chisox Nose Out Yankees in 12th

(By the Associated Press) In the American League, the New York Yankees fell 11 games back of the idle Boston Red Sox by losing in 12 innings to the Chicago White Sox, 4-3.

Caldwell, veteran rescue artist, won his own game when he singled home Kennedy from second base in the third extra inning. The Yanks tied the count at the expense of Grove in the 8th.

The Washington Senators trimmed the Cleveland Indians in a doubleheader, taking the opener 2-1 in ten innings and the nightcap 8-4.

Detroit's third place Tigers climbed to within two games of the Yanks as Hutchinson scattered seven hits in beating the Philadelphia Phillies, 4-1.

The Pittsburgh Pirates, Philadelphia Phillies and the St. Louis Browns, along with the Red Sox, were not scheduled.

In the National League, Brooklyn defeated Cincinnati, 7-3; Boston downed St. Louis, 2-1, and the

HINTING AT SCANDAL

By CHARLES V. STANTON

Congressman Harris Ellsworth is reported from Washington as predicting the baring of war scandals, which, in comparison with previous national scandals, would have the same relative bearing as a firecracker to an atomic bomb.

Grapevine rumors from Washington have for many months hinted at war scandals which would shock the nation when given public airing. The reason that they have not been bared previously, it is said, is due to efforts of the Nudcal majority in Congress to protect some party leaders.

There is, of course, the possibility that the "whispering campaign" is a political move by the Republicans to discredit the Nudcal and thus gain congressional control. But the insistence of rumor, the "exposures" by news and radio commentators, and the current investigations by the Senate War Investigating Committee, would seem to lend credence to the theory that something big is brewing in the national capital.

We have seen how politics can prevent the public from learning the true state of affairs, as we recall how an investigation of Pearl Harbor was blocked time and again. The public still is not satisfied with any of the several reports submitted.

Politics have sunk to a low level, indeed, when used to protect criminals, profiteers and extortionists in high places, simply because of their worth to the party. That is what comes from the American public's willingness to elect rubber stamps, stooges, and representatives of special interests to places in government.

County Sanitarian Plan Must Wait

Unless the county court can find some method of providing for salary and expenses of a county sanitary engineer, it appears that inauguration of this much needed service must be postponed for at least another year.

Failure of the plan exposes one of the many weaknesses of Oregon's budget law, which requires the appointment of a committee of persons, usually completely ignorant of the detailed affairs of the corporate body for which a tentative financial budget is to be prepared.

In this particular case a large share of responsibility for failure of the project must rest with the sponsors. It is obvious the members of the budget committee were not fully informed. The budget committee, on the other hand, apparently did not take the trouble to conduct any extensive investigation, as evidenced by the lack of detailed knowledge displayed by one of the committee members at the recent public hearing.

Need for a sanitarian is plainly evident by anyone who will take even a few hours for study and investigation. Many of our restaurants and taverns are in an exceedingly unsanitary condition. Our various communities are expanding at a very rapid rate with no provision for sewage disposal and no safeguards to public health.

It is quite possible that the county court, if it has a mind to do so, may find a way of declaring an emergency, authorizing enlargement of the health department by employing an "assistant" to the health officer—the assistant, in fact, to serve as a sanitarian—or some other method of meeting the situation.

We hope it will not be necessary to wait for another year, but, if the county court does not take a progressive and aggressive attitude on the proposition, we should see that strong presentation is made to next year's budget committee.

Chicago Cubs nosed out the New York Giants, 5-4, in 11 innings.

Directory Makes Appearance Here

The Roseburg-Douglas County directory of 1946 made its appearance in Roseburg Saturday and is being distributed throughout the county to subscribers this week.

Published by F. W. Salisbury of Eugene, Oregon, the new directory contains actually five directories in one, each of which is tabbed in a detailed index to include an alphabetical list of business concerns and private citizens of Roseburg and adjacent rural routes, an alphabetically arranged list of Douglas County residents and business firms with post office addresses, a Roseburg street and house guide, a numerical telephone list, and a Douglas County classified buyers' and sellers' guide.

The first directory of its kind in this area since 1938, the 248-page, cloth-bound book also contains miscellaneous data such as mileage information on the west coast from Roseburg, Douglas County's incorporated towns and post offices, and four pages of data and facts about Douglas County itself.

Baseball Standings

Table with columns for National and American leagues, listing teams like Brooklyn, St. Louis, Chicago, Cincinnati, Boston, New York, Philadelphia, Pittsburgh, Boston, New York, Detroit, Washington, Cleveland, St. Louis, Chicago, Philadelphia and their respective records.

LETTERS to the Editor

Says United States Should Quit China

Read "In the Day's News" with regularity, and for the most part I like it.

Just want to say that I agree 100 per cent with Mme. Sun Yat Sen that we should get out of China. That is their house and we are intruding.

When my husband and I get into a family quarrel, Brother! just let an outsider start choosing sides. He'll get everything thrown at him including the kitchen sink.

You know, I can't help wondering why these United States should train a million men for China, unless it is to help whip the Russians in that great war of the future and so much talked about even now.

There is one war that could be fought with my approval—one by the common peace-loving people of the world over to rid them selves of the termites who make war.

MRS. EDITH KEEN, West Fir, Ore.

Slight Mistake

DENVER, July 30.—(P)—Deputy State Treasurer Jacob Willson picked up an envelope in today's mail addressed to "The Treasurer of the State of Colorado, Hartford, Conn." It had been forwarded carefully to Hartford.

Willson slit the envelope and out dropped a U. S. government check for \$400,000 made out to the state of Connecticut. Willson is returning the check—in another envelope—to Hartford.

His Regime Will Improve Georgia, Talmadge Asserts

MONROE, Ga., July 30.—(P)—Governor-nominate Eugene Talmadge expressed belief today that there will be a minimum of such "atrocities" as the lynching of four Negroes here last Thursday during his four-year term starting in January.

The Democratic nominee to succeed Gov. Ellis Arnall issued a formal statement from his Atlanta law office upon his return from a vacation trip in the west.

"During my three terms as governor of Georgia, there was not a lynching in the state," Talmadge said. "I am very sorry that a lynching did occur under the present governor's administration and I sympathize with him and know that it did cause him chagrin and embarrassment."

"While I am governor, I know that such atrocities will be at a minimum. It is very regrettable that mob violence occurs in any section of the country."

Talmadge added that there was a "great deal of mob violence in Detroit, Chicago and other sections of the country during the past few years" and commented: "The people of Georgia always sympathized with other sections when such occurrences happened."

The better thinking people of Georgia knew that it was not a reflection on the state... but only on the individuals who committed the crime."

State police reported they had run into "stonewall" in tracking down every lead in the investigation of the multiple Negro lynching near here.

Neighbors Won't Talk "We have talked to a lot of people and gotten nowhere," said Maj. William E. Spence, head of the state police. "I think we know who some of the members of the mob are, but we can't prove it."

Spence said that the "good people" in Walton county wouldn't talk about the massacre even though some of them "know who the members of the mob are."

The state of Georgia, through Gov. Arnall, has offered \$10,000 reward for information leading to the conviction of the 20 odd mobsters who shot down four Negroes near here Thursday.

Livestock Tour To Be Attended by Douglas 4-H'ers

Twenty Douglas County 4-H Club members and Kenneth Minnick, county club agent, will attend the central Willamette Valley livestock tour within Oregon State College August 5, 6, and 7.

The three-day tour will be held for 4-H members from Lane, Linn, Benton, Lincoln, Marion, Polk and Douglas counties.

Starting out at 9:30 A. M., August 5, club members will visit the OSC dairy barn, look over the Laddino clover irrigated pastures and be shown how to fit and show dairy cattle. In the afternoon the boys will be given instruction on fitting and showing beef, sheep and hogs followed by a class on selection of breeding and feeder beef, sheep and hogs.

A special radio program with boys on the tour taking part will be broadcast over KOAC from 7:00 to 7:30 P. M. The second day of the tour will take in weed control experiments, a visit to the college east farm where various farm crops will be discussed. A trip to the OSC hill pastures is scheduled to show club members various grasses used for hill pasture and results of seeding under various soil conditions.

Also included is a crops judging and identification contest. Poultry management will be discussed by Noel Bennion, extension poultryman.

The second day's program will close with a class on insect pest control including means of controlling flies, warblers and lice. The final day will start off with a visit to the Grabner Experimental farm where various grasses, legumes, cereal crops and hay crops will be shown club members. A judging trip to the farm of Tommy Hughson will follow the Grange Farm inspection. In the afternoon all the boys will visit the Lilly Seed Plant in Albany. The final visit of the tour will be to the Plywood plant at Albany, followed by a swim. The tour will be over by 4:00 P. M. Club members will camp at Avery Park in Corvallis and will be served all meals there. Approximately 25 from the seven counties will attend. The tour will be in charge of Cal G. Monroe and L. J. Allen, assistant state club leaders.

Lamb Shipments From Yoncalla Are Reported

YONCALLA—More than 2,400 lambs have been shipped from Yoncalla during the past two weeks by Lee Wilson, lamb buyer for Armour and Company, he reported today.

Lamb shipping is now at its height, but, due to warm weather, feed is getting scarce. At the Yoncalla Feed Store, Fred Booth, proprietor, reports no feed is available now, except rabbit pellets.

Local grain is expected to be available soon, however, now that harvesting has started.

LOSEE'S Baby Togs Shower Gifts

RHEUMATISM and ARTHRITIS I suffered for years and am so thankful that I found relief from this terrible affliction that I will gladly answer anyone writing me for information. Mrs. Anna Parris, P. O. Box 825, Vancouver, Wash. Pd Adv.—NUE-OVO Laboratories

ADNID DIAL-LOG advertisement with stylized logo and text.

Representative Harris Ellsworth makes a second guest appearance on American Forum of the Air at 6:30-7:15 tonight. "How should we evaluate the 79th Congress?" is the question to be discussed by the panel.

Jobs, Inc., at 7:30 tonight with listings of jobs wanted and help wanted. Last Tuesday, for the first time since the show went on the air, there were more jobs wanted applications than help wanted.

Last broadcast for Count of Monte Cristo tonight. Replacement is not definite, but rumor has it that the "Mysterious Traveler" will take over this spot.

The Falcon, 8:30, ponders the strange enigma of a woman who swears that she shot and killed a house-breaker but who is unable to produce the body.

It's pretty nearly time for Fulton Lewis, Jr., to return to his office and there haven't been any startling developments to date. Maybe the vacation jinx is worn out.

Schoolboy Genius Solves Problem Of Farm Power

SANTA FE, N. M.—A little tired of talk of shortages and priorities, Tom Stedman, 16, high school junior, has solved the essential farm power problem for his parents' Tesque ranch by constructing his own tractor after school hours.

Stedman, son of Mr. and Mrs. Wilfred Stedman, started the tractor along with his work as a first-year machine shop student under the supervision of L. H. Manker. He completed the 300-pound vehicle at a cost of \$112.

Collecting most of his parts from junk yards, Stedman used a 1-horsepower Briggs-Stratton engine, two model A Ford transmissions, a model T differential, 616 back tires and dual 16-inch wheelbarrow wheel front tires.

The tractor runs nine hours on one gallon of gasoline, has a top speed of 20 miles per hour in the highest of its nine forward speeds, boasts three speeds in reverse, and has a drawbar pull of approximately three horsepower. It has pulled, on one occasion, more than 2,200 pounds.

Mob Murders in Georgia Probed

WASHINGTON, July 30.—(P)—Attorney General Tom Clark said today that "I hope for an early solution of the recent shocking murders in Monroe, Ga."

Clark said that "the lives and liberties of none of us are safe when forces of terror operate outside the laws of God and man."

He added that "the Federal Bureau of Investigation has a full force of agents on hand to provide a fair probe and the civil rights section of the Department of Justice is examining the legal and jurisdictional aspects of the case."

Clark said that "the lives and liberties of none of us are safe when forces of terror operate outside the laws of God and man."

Clark said that "the lives and liberties of none of us are safe when forces of terror operate outside the laws of God and man."
