Yakima Valley Fruit Industry Wages Hiked

WASHINGTON, Aug. 23.—(AP)—John R. Steelman, economic stabilization director, approved today a pay boost of 15 cents an hour for day workers and varying increases for piece workers engaged in fruit packing in the Yakima Valley district of Washington.

Steelman said this means approximately 3,600 workers will get their first wage increase since August, 1944. The announcement did not say what the wage rate was before the boost.

His action was based on a re-

quest from Secretary of Agriculture Anderson. The Tree Fruits Labor Relations Committee, Inc., of Yakima, sought approval of the raises for pricing purposes, on grounds other workers in the area already had received similar boosts. Eighteen companies now are covered by the higher rates.
