

## Hughson, Munger To Hurl in World Series Tilt No. 4

BOSTON, Oct. 10. —(AP)—Once again a booming home run off the bat of Rudy York has boosted the American League's Boston Red Sox into the driver's seat in the 1946 World Series.

Holding a 2-1 game edge over the St. Louis Cardinals going into today's fourth fray on York's clout and Dave Ferras' 4-0 shut-out pitching, Manager Joe Cronin is able to come back with Tex Hughson, his No. 1 man.

Eddie Dyer has to sift through his Red Bird staff and finally gamble with an untried ex-GI, George "Red" Munger, who joined the club Aug. 21 and after winning two he lost two.

Ordinarily Pollet would have been the choice but his aching left side has forced the Card skipper to give him at least one more day of rest.

In Hughson, Cronin has a man who has already proved what he can do against the Card hitters although he was trailing 2-1 when he was lifted for a pinch hitter opening day in St. Louis.

Back at Fenway park, the Red Sox yesterday looked like an entirely different club than the bewildered and jittery team that split two games in St. Louis.

Johnny Pesky, back in his element and also back against right hand pitching, broke his 0 for 9 string with two singles and Bobby Roerl looked more like the game's No. 1 second baseman as he tied a series record with eight assists and chipped in with a double and single in the eighth.

## Municipal Power Plant Demand At Reedsport Grows

REEDSPORT, Ore., Oct. 10. —(AP)—Demand for immediate action to obtain a municipal electric power supply here was voiced last night by the Reedsport chamber of commerce power committee.

The committee declared that business and production losses occasioned by power failures

were heavy and that a municipal plant was required.

Failure of a cable carrying central Lincoln PUD power across Coos Bay left this city without its principal electric supply for five days. The committee pointed out that because of frequent interruptions, climaxed by the five-day break, the school board has purchased a \$12,000 diesel plant, a local garage a \$3,000 plant, a creamery a \$2,500 plant and six local merchants smaller plants each.

Mayor Skaaluren said negotiations for purchase of the PUD's distribution system here and at Gardiner would be renewed and if unsuccessful, steps will be

taken toward building parallel lines.

The mayor heads a committee named to confer with the PUD on service improvements and on stand-by emergency power.

The chamber committee expects to discuss with Bonneville officials the prospect of obtaining Bonneville power for a municipal distribution system.

## Potash Supplies Ample Through March, Next Year

Potash supplies now in sight will meet essential needs of all crop-producing areas through March 1947, according to the

Civilian Production Administration.

The CPA said it has followed recommendations of the Department of Agriculture in making allocations of potash until that month. The allocations include enough potash even for farming sections with big increases in the use of fertilizers.

The allocations are made to commercial fertilizer firms, and are slightly more than a year ago, but only 60 per cent of what was requested by the companies.

President John Adams used to drink a quart of hard cider before breakfast.

## Happy Days are Here Again DRIFTED SNOW is Back Again!

Yes, and with it — FINE WHITE CAKES made by the Famous Martha Meade Time Saving Method

**NOW AGAIN** you can make better cakes and make them faster! During the emergency — necessarily coarser flours prohibited the use of our Time Saving Method. But with Drifted Snow again available, you can make a cake this quick, easy way. All you need is one bowl, and you cut mixing time in half. You save the separate steps and extra dishes-to-wash that other methods make in creaming the shortening and sugar, and beating the eggs. Just follow the simple directions in your sack of Drifted Snow.

*Martha Meade*  
Famous Western Food Authority

### YOUR BAKING SUCCESS GUARANTEED AGAIN!

Now that government regulations again permit Sperry millers to mill the finest of flours, you can have the satisfaction of bakings that cannot fail. You'll have perfect success using Sperry Drifted Snow with the Martha Meade recipes inside each sack. Otherwise, simply write to Sperry Flour, San Francisco 6, and double the amount paid for your sack of flour will be refunded to you.

### NOW BAKE ANYTHING YOU WISH AGAIN!

Emergency flours gave satisfactory results only with the simpler recipes. But now that Drifted Snow is back with assured quality and uniformity, you don't have to limit yourself. Drifted Snow's unsurpassed versatility allows you to bring out all your favorites for even the fanciest of desserts. Sperry Drifted Snow is a truly all-purpose flour ... it means "Bakings Unlimited."

### Silver Cloud Cake

The white cake of your dreams. As light and high and airy as a cloud in the sky. Simply follow this Time Saving Method.

Sift flour before measuring. Use level measurements for all ingredients.

Have all ingredients at room temperature (about 70°). Preheat oven to baking temperature, 350°, a moderate oven. Grease and flour two 8-inch round layer cake pans, 1 1/4 inches deep.

Sift together into a mixing bowl —

2 cups sifted Sperry Drifted Snow "Home-Perfected" Enriched Flour

1 1/2 cups granulated sugar\*

1 teaspoon salt

3 1/2 teaspoons double-action baking powder

Add —

1/2 cup high grade vegetable shortening

1 cup milk

1 1/2 teaspoons vanilla extract

Beat 2 minutes by electric mixer on medium speed, or beat vigorously with a spoon, approximately 150 strokes per minute. Scrape sides and bottom of bowl frequently. Then add —

1/2 - 3/4 cup egg whites, unbeaten (4 large)

Beat 2 minutes more, scraping bowl frequently. (Although the total mixing time is 4 minutes, when beating by hand you may rest as often as necessary; but be sure total beating time remains 4 minutes.) Pour batter into prepared pans and bake 30-35 minutes in preheated oven. Remove from oven and let layers stand in pans for a moment before turning onto wire racks to cool. Frost cooled layers with any desired icing, 12 servings.

\*Sugar Saving Tip: Use 3/4 cup granulated sugar and 1/2 cup white corn syrup in place of the 1 1/2 cups granulated sugar. Reduce milk to 3/4 cup plus 1 tablespoon.

"Sperry," "Drifted Snow," "Home-Perfected," and "Martha Meade" are registered trade-marks of General Mills, Inc.

## The Roseburg Outdoor Store

**HOLDS THE LINE ON PRICES**

**Super-Shed Coat + Pants**  
EACH GARMENT **\$6.95**
