"SURE!...I GO FISHING WITH THE GANG...AND WE'RE ALL VOTING 313 NO"

That's using your head, Mister! Why should you vote for a bill to restrict fishing? There's plenty of fish in Oregon for the casual fisherman, the commercial fisherman, and the sportsman too. Why make it tough for hundreds of Oregon fishermen and farmers to earn a living?

She'll tell you, Food shortages are no joke. She depends on fish to supplement her family's diet. She knows that Oregon steelhead and salmon are nutrition-packed and delicious. She wants to make sure of a continued supply at her market. She's voting 313 NO!

ASK THE MISSUS!

Regulations! Restrictions! We've had enough to last us a lifetime! Let's not vote for any more! It's an old American custom to give everybody a square deal. Don't cut down one man's livelihood for another man's sport! Vote 313 NO!

LET'S CUT THE RED TAPE!

Regulations! Restrictions! We've had enough to last us a lifetime! Let's not vote for any more! It's an old American custom to give everybody a square deal. Don't cut down one man's livelihood for another man's sport! Vote 313 NO!

Don't Restrict Commercial Fishing

Don't Endanger Oregon's Food Supply

SAVE OREGON SALMON FOR YOUR TABLE VOTE 313 NO

Do You Want Food for All...or Sport for A Few?

Paid Ad. OREGON FISHERIES COMMITTEE, Ralph Hamilton, Chairman, 309 W. First St., Tillamook, Ore.

Look at the Price Tag before you vote!

COUNT THE COST!

Stop...look...and FIGURE, before you saddle yourself with heavier taxes! They would be crushing right now. They would be INTOLERABLE when conditions are back to normal. Remember a few years ago when a moratorium had to be declared on Oregon's tax burden? Those delinquent tax notices didn't pay our school-teachers and other public employees. Don't let it happen again!

WHO PAYS THE BILLS?

YOU do! You may have been told that these expensive tax measures would be financed by surplus income taxes. But look at the facts! The Oregon State Tax Commission estimates a 30% decline in income taxes in the coming year...which means declining income tax REVENUES, too. Consequently, there won't be any surplus, unless income taxes go UP. And who wants higher income taxes? No one. Accordingly, property taxes are the only answer.

CAN YOU AFFORD A 40% TAX INCREASE?

Tax authorities predict an increase in property taxes from 25% to 40% should these tax measures be approved. Already harassed home-owners and businessmen would carry a serious additional burden. So would the salaried man and the wage-earner...whose take-home pay would grow smaller as taxes increased.

DON'T BITE OFF MORE THAN YOU CAN CHEW!

The cost of living keeps climbing. Both property-owners and wage-earners are carrying a big load now. This is no time to increase it! Study the facts! Look at the price-tag! Then VOTE NO!

VOTE NO

Vote AGAINST The Millage For Armories 303 NO!
Vote AGAINST The Little Townsend Bill 315 NO!
Vote AGAINST The Basic School Bill 317 NO!

Here's Just One Example:

For instance, the Basic School Bill alone will cost Oregon 15 million dollars in ADDITIONAL TAXES! That money would NOT reduce local school board taxes. It would NOT equalize assessment values. Look at the price-tag!
