

P. O. Repairs Slated
Redecoration and minor repairs are scheduled for the Roseburg post office building by the Public Buildings Administration, Postmaster L. L. Wimberly said today. The work will include painting

the interior, floor repair and sanding and repairs to the iron rail inclosing the rear driveways. Specifications regarding the work may be secured by prospective bidders from the postmaster's office, Wimberly said.

Schools to Stress National Topics in Education Week

General theme for the 26th annual observance of American Education week, which is being held this year November 10 to 16, will be "Education for the Atomic Age," Superintendent of Schools Paul S. Elliott, said Tuesday.

Although no special observances are scheduled in the Roseburg schools, Elliott said, the schools will stress the national topics during this week's assembly programs and on the two school radio programs.

These topics are: Practicing Brotherhood, Building World Security, Facing New Tasks, Developing Better Communities, Strengthening Home Life, Investing in Education, and Promoting Health and Safety.

Also in line with the week's program, Elliott said, the Indian theater, through cooperation of Manager Don Radabaugh, will run a short film on the American Education Week themes.

American Education Week is sponsored by the National Education Association, the American Legion, and the U. S. Office of Education, and the National Congress of Parents and Teachers.

There has never been a time in history, education leaders say, when the need for education has been "so evident" as it is today.

Atomic discovery has marked a turning point in human affairs. Elliott invited all citizens, particularly parents, to visit the city schools this week, in order to aid in understanding how today's youth may be prepared for their impending responsibilities.

The work of the schools is being brought to the public's attention throughout the United States in schools, churches, and public meetings during this week, with open discussions on education's task.

Answer to Previous Puzzle

Aching Tooth Sends Prisoner on Rampage

BAKER, Ore., Nov. 13.—(P)—Sheriff Fred Spence told today of how a county prisoner's toothache caused more excitement in town than anything happening here in weeks.

The sheriff said 19-year-old Wesley Davis at first failed to get sympathy when he moaned of his pains. He set fire to paper in his cell, which brought the volunteer firemen on the run. Davis asked them if there was a dentist in the crowd.

That finally persuaded the sheriff, who took his young prisoner to a dentist's office. After the

tooth was treated, Davis behaved appreciatively until they approached the jail. Then while the sheriff turned briefly to greet a friend, Davis disappeared, still wearing his handcuffs. After several hours' search he was recaptured and returned to his cell. He is held on an automobile theft charge.

"YES, WE HAVE NO BANANAS."

As a matter of fact, we haven't as much in the way of merchandise as you would customarily find in our stock.

Sure, we could have had a store full of a great many items, but frankly they were not the type, the quality, or price which you would expect to find here.

We have done without so many things for such a long time that we believe you, as well as ourselves, will be much better off by waiting just a little while longer.

DISAPPOINTED?

That is not half as bad as being disillusioned and dissatisfied.

When nationally advertised and acceptable products of recognized value are available, we will have our share, and we hope enough to serve our friends and customers who will be guided by this advice and wait for the things which will give us all a feeling of great satisfaction.

Officers Elected By Kiwanis Club

Election of officers was held yesterday at the Roseburg Kiwanis Club's weekly luncheon meeting. A. G. Henninger, sole nominee for the 1947 presidency, will replace Louis J. Fullerton, who will hold over on the new board of directors.

The vice presidency was filled by M. M. Nelson in yesterday's annual elections, and C. M. Howard was elected treasurer. Newly elected directors are James E. Stattery, Dr. Louis A. Dillard, the Rev. W. A. MacArthur, David J. McCarroll, Ralph L. Ohman, Earl C. Plummer, and Eugene A. Springer.

The latter part of the meeting was given over to a resume of the final Roseburg-Medford district playoff arrangements by

John Newby, assistant high school coach.

He stated that Medford, as well as numerous other teams of the state, have "flatly refused" to play on the Roseburg field because of its "quagmire" condition, in spite of the turf finish.

Newby, who appeared with Johnny Ulrich and Ed Harvey, backfielders of the local eleven, said the only remedy for the condition, which "no doubt staves off future playoffs on the local field," is the development of a practice turfed field.

He said the local playing field is used by four different teams, the Roseburg High Indians, Sophomore Warriors, Junior High Papooses, and the Roseburg Chiefs, as well as for daily practice sessions. It results in a "very poorly conditioned" field.

Women Voters League Speaker Dated Here

A representative of the Oregon League of Women Voters, Dr. Edna Landros, Portland, will speak and give interviews to all interested women voters Thursday, November 14, from 2 to 5 o'clock in the lobby of the Umpqua Hotel.

Chairman of organization of

the Oregon League, which is affiliated with the National League of Women Voters, Dr. Landros will outline the organization's purposes and functions to potential members for the establishment of a provisional league in Roseburg. All women voters are urged to attend the meeting.

City Slashes Job Hours

PORTLAND, Nov. 13.—(P)—The work week of all city employees here except police, firemen and others on emergency services will be cut to 40 hours.

Employees now work 44 hours and are paid for 48. The ordinance which the council has ordered prepared, is to be effective January 1.

WIN A TURKEY

BAZAAR

A tip to the man that got the bird

It's going to take more than that fat turkey to make your trip back home for Thanksgiving a success. Part of the fun will be the drive itself. So to be sure of your car and proud of the way it performs, go on Chevron Supreme Gasoline—it's "tailored" to fit the country you'll be driving through.

The way gasoline acts in your car varies with climate and altitude. Since it's impractical to adjust your engine to every change, we provide a special Chevron Supreme for each different temperature zone, each one tailored to local driving conditions. That's why it's always good going on Chevron Supreme Gasoline.
