Vets Thankful for Yuletide Presents

Christmas, 1946, will be remembered for a long time as "The Christmas" in the minds of patients at the Roseburg Veterans Hospital, according to a story in the Umpqua Tidings, patient's publication at the hospital.

"We want to thank all of the various organizations from Roseburg and throughout the State of Oregon for their help in making this Christmas season the best of all," the paper says.

"Without the help of the organizations, we are sure that 1946 would have been remembered as just another Christmas, but now we can say, and this comes from the veterans themselves, it can be remembered as 'The Christmas'."

Permits to Erect New Homes, Farm Buildings Needed

It is still necessary to file applications for permission to erect farm buildings and residences, according to announcement by the District Construction Review Committee of the Civilian Production Administration, Portland.

Applications for any residential construction costing over \$400 should be filed with the Federal Housing Administration, Platt

Building, 519 W. Park, Portland 5, Oregon, on Form 14-56. Applications for non-residential buildings, such as barns and mill-houses costing over \$1,000, should be filed with Civilian Production Administration, 830 Morgan Building, Portland 5, Oregon, on CPA Form 4423.

Formerly, both types of applications were filed with the County AAA Committees. The restriction is a part of the Veterans' Emergency Housing Act of 1946, enacted by Congress last April to assist in the channeling of materials to veterans' housing.
