

Economic Growth In 1947 Seen for Southern Oregon

Prediction that the Southern Oregon-Northern California area served by The California Oregon Power Company will see substantial population growth and increased economic activity in 1947.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just use **FASTEETH** on your plates. Hold false teeth more firmly, so they feel more comfortable. **FASTEETH** at any drug store.

ENDS CONSTIPATION AFTER 30 YEARS

Eating famous cereal daily brought lasting relief

Wouldn't you welcome a way to end constipation, without harsh laxatives? Then read this sincere, unsolicited letter:

"I was constipated for thirty years and during that time took many kinds of laxatives. All I got was temporary relief. About five weeks ago I decided to try **KELLOGG'S ALL-BRAN** for breakfast every morning and since then I haven't had to take a single laxative. I can't tell you how glad I am that I heard about **ALL-BRAN**." Wilson Gibson, 507 West Valley St., Merrill, Ark.

You, too, may never have to take another laxative if you suffer from constipation due to lack of bulk in the diet. Simply eat **KELLOGG'S ALL-BRAN** every day—and drink plenty of water. Try it for ten days! If not completely satisfied with the results, send the empty carton to the Kellogg Company, Battle Creek, Michigan, and get double your money back!

KELLOGG'S ALL-BRAN is not a purgative but a wholesome food made from the vital outer layers of wheat. For best results eat as a cereal, or in muffins. Get **KELLOGG'S ALL-BRAN** at your grocer's today.

was voiced today by A. S. Cummins, president of the company. This optimistic view is based upon the record of the past year, which covered the first full year of reconversion from war to peacetime economy.

The lumber industry accounted for a major portion of increased business during the past year, Cummins said, although a marked improvement has also been apparent in agriculture, mining and general business. Like many other concerns, Copco has been faced with material and manpower shortages which have made it impossible for the company to fully meet fast growing demands for electric service.

Prediction of future growth and prosperity of this area was also based upon a widespread interest throughout the United States in Oregon which, from a physical viewpoint, is one of the last frontiers. Falls conducted in other sections of the nation and analysis of new population here clearly indicates a general "go west" trend.

System Extended
In spite of acute shortages, the California Oregon Power Company was able to complete a 66,000 kilowatt transmission line to Crescent City and a 66,000 kilowatt transmission line from Dixonville to Myrtle Creek. Relocation of electric transmission and distribution lines and water mains along the Weed-Klamath Falls highway was also effected. A total of 155 miles of new distribution lines was constructed, extending service to many rural and residential customers.

Keeping pace with the area's growth, Copco will undertake construction of a new 25,000-kilowatt hydro-electric plant on the North Umpqua River at Toketee Falls in 1947, following recent approval by the Federal Power Commission and the Hydro-Electric Commission of Oregon. It is expected that the Toketee project will be completed by mid-summer of 1949. Further, negotiations are now under way with the Reclamation Service for 20,000 kilowatts of power from the Shasta project to be delivered to the company's transmission system at Delta, California.

Yoncalla

YONCALLA — Mr. and Mrs. Sidney Lasswell left Sunday to spend two months in Texas and Mexico.

Mr. and Mrs. Timmons of Seattle, Wash., have moved here to make their home.

Yoncalla city council met in regular session Tuesday evening. It was decided to raise the water rate to \$2 a month for those paying city taxes and \$2.50 for those outside the city. Mills and other plants will be one meter.

Mr. and Mrs. George Kreinkan, late of Pearl Harbor, who purchased the Yoncalla Hotel some time ago, have completely remodeled the lower floor. An attractive room has been built in front, where a novelty store will be put in. Mr. and Mrs. Kreinkan expect to open their new store Feb. 1. A three-room apartment has been built in the back of the store, and a modern, up-to-date beauty parlor will be built on the north side of the store this summer. Apartments have been built upstairs.

Delvin Simonds who returned from Wickenburg, Ariz., recently has been in charge of the Yoncalla Pool Hall during the owner's absence.

Due to the serious illness of their mother, Mrs. Henry McDougall, Mrs. Laura Ohlsen of Mullen, Idaho, and Miss Zola McDougall of Bend, Ore., have been here.

Sale of Dotted Swiss

Regular Value of 69c Yard 2 Yds. for Dotted Swiss is hard to find these days at any price, but Wards has it now at an extra special value price! Just count your savings! In white only, 36" wide.
