(Continued from page 1)

that after the disastrous hotel fire there a while back the heat is being put on hotel fire hazards all over the city.

* * *

WE Americans are a queer lot. On the whole perhaps the most efficient people on earth, we are surprisingly slipshod in a number of ways. One of our slipshod ways is our attitude toward traffic laws, fire regulations, etc. We virtuously put such legislation on our statute books, and then thumb our noses at it. We seem to feel that once we've passed the laws our duty is done and we don't need to bother about observing them.

Until a BAD accident comes along. Then we fly into a perfect tizzy, and demand the heart's blood of the wicked violators of the laws we've all been cheerfully ignoring up to then.

As a result, our toll of accidental death and injury is probably the highest on earth.

* * *

ANOTHER of our national peculiarities is our tendency to FORGET the victim of a killing and to lavish all our interest on the murderer when (and if) he comes to trial. It's small wonder that other peoples have difficulty in understanding us. We sometimes have trouble understanding ourselves.

* * *

INCIDENTALLY, I was about a block from the streetcar accident when it happened, but heard nothing about it for hours. I have a talent along that line. If you want to be safe, string along with me. Nothing ever happens where I am.

Back in 1942, when a Jap submarine broke water out in the Santa Barbara channel and shelled the little oil town of Goleta, I had passed by just a few hours before.

When another Jap sub shelled the town of Seaside, at the mouth of the Columbia, while the Oregon Newspaper Publishers association convention was in session I was away—prevented at the last moment from attending. I got to the battlefields of Europe just after the shooting stopped.

I sometimes think I ought to rent myself out to the United Nations. If I could only manage to be everywhere at once, there would be peace and quiet throughout the world.

Junior High Boxing Date Is Postponed

Coach Mel Ingram's Roseburg High School's first boxing smoker, previously slated for Tuesday, January 21, at Junior High School, has been postponed to a date which will be announced next week.

The mitmen squad, composed of 65 boys from both Senior and Junior highs, of weights from 100 to 190 pounds, are now in their third week of vying for team positions in the opening 30-bout card.

Ingram reports that while he has but seven lettermen from last year's successful team, "every one of the boys can fight for a good smoker."

The first smoker to be inter-squad bouts, Ingram has tentatively scheduled five meets thus far for the Indians, the first inter-school meet to be held with Springfield here February 19.

Boys making up the squad at present are: E. Welker, D. Shelton, D. Spires, R. Houston, L. Bowers, L. Johnson, R. Collier, W. Clemons, A. Marshall, F. Stora, R. Oller, W. Crook, B. Burghardt, D. Barnes, D. Solber, D. Houston, R. Sapington, D. Davis, J. Roeder, C. Von Schultz, L. Mayborne, A. Sanders, G. Bowman, R. Gray, R. Frey, D. Gibbs, C. Olmscheid, J. Warfield, L. Kierstine, A. Davidson, G. Hammer, K. Shristopherson, F. Oker, D. Bonebrake, H. Harryman, B. Horand, H. Heiner, G. Hughes, L. Sigfriedson, J. Mathis, D. Percival, C. Meske, and K. Brett.

YOUR INSURANCE PREMIUM

By CHARLES V. STANTON

Douglas County was extremely fortunate in the fact that only three cases of infantile paralysis occurred during 1946, although the disease produced an epidemic second only to the scourge of 1916 for the nation as a whole. A total of 195 cases were reported during the year for the State of Oregon, showing how fortunate Douglas County was in its extremely low proportion of cases.

We cannot expect such good luck to continue forever. Infantile paralysis may strike its terror into many homes at some future date, bringing that despair which comes when we see a loved one in intense pain and watch the rapidity with which paralysis spreads, never knowing whether the disease will produce death, leave permanent disability, or be beaten off without serious or permanent results.

In such times, when the feeling of helplessness is so acute, there is tremendous relief in knowing that the full resources of a national organization are available to aid in saving life, reducing effects of the disease to a minimum and providing prolonged care and treatment if disability is encountered.

Douglas County has an effective organization standing ready to meet any polio epidemic, or to serve in individual cases.

The Douglas County Chapter for Infantile Paralysis is headed by County Chairman Al Henninger. He has as assistants Mrs. Iris Helliwell, vice-chairman; treasurer, Maurice J. Newland, and a board of directors. The medical staff is headed by Dr. E. J. Wainscott, county health officer; Mary Barrett, county health nurse, and the staff of the county health department. A physical therapist, Mabel Ward, a registered nurse, especially trained in technique of treatment and muscle re-education, is a resident of Brockway and is employed by the Chapter when needed.

During 1946, the Douglas County Infantile Paralysis Chapter provided treatment for the three cases which developed during the year, and continued treatment of two 1945 cases still requiring care. The Chapter expended $2100 and is still paying at the rate of almost $200 per month for treatments.

The Chapter has about $4,000 in its reserve fund, a balance which could be wiped out overnight by one case alone.

It is the desire of those in charge of Chapter affairs to enlarge this fund sufficiently to cover expenses of an epidemic or an unexpected emergency. The need may, perhaps, be better understood if it is realized that individual cases costing from $10,000 to $25,000 for hospitalization, treatment, convalescent care and muscle re-education, are not at all rare.

The Douglas County Chapter has made an extensive survey of available hospital facilities. It is general practice to rush victims to Portland, where hot pack machines and other equipment are available. Douglas County physicians have been "briefed" on methods of early diagnosis and how to place cases under Chapter benefits. Through arrangements with the State Chapter, teams of doctors, nurses and therapists can be brought into the area quickly if needed. The State Chapter has developed emergency hospitalization plans. An emergency field hospital could be in operation within comparatively few hours in case of an epidemic.

Some misunderstanding exists in the public's mind concerning use of the Sister Kenny method of treatment. Statements have been made that the Foundation is antagonistic to this method. These statements are not true. The Foundation does not attempt to advise medical practices. Methods of treatment are decided by the physician in charge. In the majority of hospitals serving infantile paralysis patients, however, the Kenny method, either in full or modified form, is used quite generally. The Douglas County Chapter recently donated a hot pack machine, a piece of equipment of great importance in the Kenny method, to the Portland hospital where Douglas County patients have been treated.

Douglas County is well organized to fight an infantile paralysis epidemic. The Infantile Paralysis Chapter has increased its efficiency through practice in handling the fortunately limited number of cases during the past two years. It now lacks only an ample emergency fund. This fund can be provided if Douglas County residents will cooperate in the current March of Dimes campaign. A well-stocked treasury may mean the difference between life and death or between permanent disability or complete recovery for some infantile paralysis victim in this or coming years. And that victim could be you or one of your loved ones. Make your donation to the March of Dimes your premium on your infantile paralysis insurance policy. It will pay dividends either to yourself or some person in dire need.

Martin Box Basketeers Nose Out Yoncalla, 30-29

Oakland's Martin Box hoopsters continued their undefeated play Saturday evening in edging over Yoncalla, 30-29, in a thrilling basketball tilt.

Led by Rice and Hogan, who split scoring with seven points each, the Oaklanders made it six straight wins, three of which were commercial league games. Ritchey, Yoncalla guard, topped the evening's scoring with 13 markers.

Lineups:

Oakland (30)	Pos.	(29) Yoncalla
Rice, 7	F	7, Gerdes
Hopkins, 8	F	Mertz
Raines, 6	C	4, Farr
Kelly, 4	G	(13) Richey
Hogan, 7	G	5, Kohler

Substitutions: Oakland, Rice; Yoncalla, Mertz, McDonald, Wales. Officials: Moore and Travis.

New Hoop Squad Being Formed for B League

Further development of Roseburg's future basketball teams gets under way this week under the direction of Coach Jack Newby, as a team consisting of boys not capable of making either of the two school teams, the Indians and Warriors, is being organized for competition with Douglas County B school squads.

Newby has already organized grade school teams at Rose, Fullerton and Edenbower, with Indian squad members Duane Pope, Jerry Coen, and Ed Harvey serving as coaches at the three schools in the Midget League.

The new squad being organized for B League play will consist of sophomores and a few promising juniors of the high school and will be tutored by Indian team members Ed Harvey and Daryl Blanck.

Oregon Bowling Mark Broken at Tournament

SEASIDE, Jan. 20. — (AP) — Two Portlanders broke an Oregon State Bowling Association record in the final day of the second round of the state championship tournament here yesterday.

Smoky Sylvester, rolling 693, and Clarence Woods, hitting 593, scored a 1,258 total in class A doubles to break the previous record of 1,255 set in 1940.

Portlanders were leading in all men's class A events as the tourney moved toward its Jan. 26 finale. In the women's division, at nearby Astoria, new leaders emerged after the second weekend round.

Kate Brouwer, Portland, rolled a 560 to lead the class A single event, while Florence McCullough and Pearl Young of Eugene teamed to score 1004 and leading place in class A doubles.

Chandler and Wingert of Grants Pass rolled a 968 to take the lead in class B doubles.

Drain	0	4	.000
Vets Hospital	0	2	.000

By ROYAL S. DENTON

Commercial basketball for Douglas County goes into the stretch of first-half double round robin series this week with several contests slated that will determine the two divisions' greatest powers.

Umpqua Valley Hardware and Rainbow Grill continue to hold top position in the south, while Oakland and Sutherlin's playoff will determine the northern divisions' leaders at the end of this week.

The Hardware-Grill contest, originally scheduled for last week, but postponed until an unset date, should, along with the Oakland-Sutherlin fray, also cancelled last week, prove to be two of the best contests of the tourney thus far.

Tonight's action sees the Veterans of Foreign Wars playing host to the powerful Pastime Tavern-ers of Sutherlin at Junior High School at 7:30, followed by Rainbow battling Riddle. J. K. Sports travel to Drain, Veterans Hospital goes to Oakland, and Canyonville entertains Umpqua Hardware.

Yoncalla plays host to the Hospitalmen Wednesday night, and Thursday evening action includes a doubleheader in Roseburg of Sutherlin-Vets Hospital and Rainbow Grill-Tiller, while elsewhere J. K. Sports vie at Oakland, and Riddle at Canyonville.

League Secretary - Treasurer Gene Krewson again urged team managers to mail their league entrance fees immediately.

Junior High, 8th Grade Fives Down Springfield Foes

Coach "Hod" Turner's Junior High hoop crew copped an impressive 39-22 win Saturday night over Springfield's juniors before a packed house. The eighth-grade Papooses won over their Springfield opponents 15-14.

With either team failing to click in the first half, the Papooses came out at halftime to display outstanding court talent as they racked up 10 points in the third quarter and 21 in the final.

Very rough throughout the first two quarters, both teams battled on even terms. At the end of the first quarter the score stood at a four-all tie and the Roseburg club trailed 9-8 at the half.

Webber and Olson, Roseburg reserves, replaced Ingram and Reitman in the third stanza, and, through spectacular ball-hawking and ball-feeding, set the ball up for repeated clean breaks into scoring territory and Papoose points.

With both clubs continually fighting for possession of the ball, fouls were frequent, Roseburg getting the whistle 14 times and Springfield called for 18.

Blanck Top Scorer

Dale Blanck, Papoose center, took scoring honors with 17 points, followed by Webber who potted 14. Newson and Harrington led Springfield's bucket-making with nine and seven points respectively.

Roseburg's eighth-graders broke into the win column for the first time this season in a hard-fought, 15-14 thriller. Schonce, new addition to the grader's squad, came through to hit eight points for Roseburg.

Exceedingly close throughout, Roseburg managed to maintain a slight edge over their hosts as the quarter time scores read 6-2, 8-8, 12-11 and 15-14.

Bill Black's Roseburg Junior High girls twirling team entertained the throng of fans at half-time and were well received by the Springfieldites.

Friday night the Papooses get a second crack at Woodrow Wilson's flashy crew. Roseburg lost 28-27 two weeks ago to the Wilsons in Eugene. Although this club of ninth-graders is not large in size, they have been tabbed by coaches and sports fans throughout the Lane County area as the smoothest ball-handling outfit seen in the Junior High circuit in several years.

Lineups:

Roseburg (39)	Pos.	Springfield (22)
Reitman	F	Erickson
Ingram	F	9, Newson
Blanck, 17	C	7, Harrington
Rodgers, 5	G	Reynolds
Matthews, 3	G	1, Riggnes

Substitutions: Roseburg—Webber 14, Olson; Springfield—Finks 1, Silkey 4.

Achieu Wins Over Weidner; Nilan Conquers Ross

'Sneeze' Achiu's nerve-paralyzing jiu-jitsu proved more potent than Billy Weidner's supposedly invincible airplane spin in the the headliner of the weekly wrestling card at the Roseburg Armory Saturday night. With a fall to the credit of each grappler, Weidner looked like a sure winner in the third and deciding stanza when he hoisted the Chinaman over his head and began spinning him. Then, after about the fourth aerial revolution, Sneeze amazed the 650 fans present by applying a chiropractic "sleeper" on Weidner's neck, forcing the Arizonan to relax his grip and collapse on his back. The immediately following body press by Sneeze, ending the combat, was a mere formality. Time of the round was 5:40.

Weidner won the first fall of the argument in 14:04 with a full nelson after occasionally using his fists and elbows to retaliate for his foe's jiu-jitsu. Fall No. 2, in a round of tactics largely a copy of the first, went to Sneeze on a trio of shoulder butts; time 10:40.

Nilan Defeats Ross

In the first half of the night's program, Tommy Nilan, the sawed-off Australian, miniature Hercules, defeated Tony Ross, the Salem thumper, two out of three falls. Tony gained the first fall in 16:04 with his favorite back-breaker. In the second round, Nilan squirmed out of a crucifix hold and stood Tony on his shoulders to take the fall in 12:21. The bout was decided in the third round when Tony lunged from the ropes and was met with a drop kick that put him flat on his back and made him an easy victim to a body press; time 10:22.

the FEED BAG

Vol. IX No. 3 — Published Weekly by the Douglas County Flour Mill, Makers of Umpqua and Sunrise Poultry and Dairy Feeds. — Jan. 20, 1947.

Start Right: Follow Through

Unless a job is started right, there is going to be plenty of troubles and problems from the poor start to what will probably wind up as a poor ending. Now we might start the New Year off with a binge and still make a good year out of 1947. That is because each day and each week can be separate from any other day or week.

But with the job of producing a paying flock of turkeys or chickens, we have a completely different proposition. That job starts, let us say in February, and is not finished until November, as in turkeys, or eighteen months later with laying hens.

With a job lasting so long, it is certainly highly important to get off to a good start. Then we can safely say that "a good beginning is half the battle."

A paying flock starts with well-bred breeding stock PROPERLY FED! When we say "properly fed" we mean fed a complete Breeder's Ration. When we say "a complete breeder's ration," we mean a Breeder's Mash containing all the food elements, vitamins and minerals known to be needed by a bird kept for reproduction.

Such a feed is "UMPQUA BREEDER'S MASH." Before the war, this was proved to be the equal of ANY Breeder Mash on the market. During the war, no Breeder Mash gave better performance, and few did as well. Now that the war is over, UMPQUA BREEDER'S MASH is even better than before the war. Come in and let us SHOW YOU OUR FORMULA.

The price right now is $4.30 per sack, for a good, home manufactured feed, made by a home owned company, manned by your own neighbors and friends, and paying taxes in Douglas County. (By the way, that TAX business is important, too.)

Don't let any glib salesman tell you that his company's feed is a dollar higher in price, but worth twice that much more because—blah, blah, blah, etc. Just ask him to show you his formula, then explain why his feed could possibly be as economical, considering that the Douglas Flour Mill saves on freight, and the buyer says only one profit, and that direct from manufacturer to consumer.

Feed Bag Situation Bad

We want to repeat our oft mentioned plea that you return your empty UMPQUA branded sacks. Feed prices are going down slowly, but are still plenty high. (You can say that again.)

Every time you return a clean UMPQUA branded sack you get a dime, which has the effect of reducing your feed by just that much. Not only that, but it makes it possible for us to maintain a lower price than we possibly could if we had to use a brand new sack every time.

In addition to all that, sack prices are going higher every day. Due to a short crop of jute in India, the Indian Government is going onto a "quota system," and will "requisition burlap" for shipment to favored countries, (of which apparently America is not one of), and all that, and all that. Oh, that reminds us of something we once heard.

Well, anyway, it will pay you to take good care of all your sacks and bring them back. Otherwise, we may have to use paper bags, cotton bags, or buckets and nails. Which we could do, except that there is a shortage of all these items, too. SAVE THE BAGS, but don't get caught holding one.

Wheat Stays Up

Many of you probably wonder why the price of wheat doesn't come down along with other varieties of feed. While there was a huge crop of wheat in 1946 and the crop of this year is estimated even bigger, wheat prices are drifting upward.

The main reason is that Government has another lot of "commitments" and are in the market day after day bidding up the price of wheat to fill these commitments. Allocations for February are equivalent to over 36 million bushels of grain for foreign shipments, even including 20,000 long tons to Mexico.

Of course, the wheat growers like to see this. But for the guy who is on the buying end it doesn't sit so well. Incidentally, wheat price at Portland reached a new season's high last week of $2.19 1/8.

With egg, poultry and turkey prices down, and butterfat dropping steadily, it will pay you to watch your feed costs. As usual, UMPQUA FEEDS will give you the most in value for your money. But at home and save the extra profits.

H. C. L.

We hear so much these days of the high cost of living. Producers are supposed to be making huge fortunes, and draining every penny from the pay envelopes of the poor wage earner, who only gets from $1.25 to $2.00 per hour. Plus time and half for overtime.

Most of the farmers we talk to claim they are not getting in on the big money, what with turkeys at 24c, eggs 40c, etc. But they point to the fact that the national liquor bill is the highest on record. The same is true of Oregon's intake of joy water. So maybe history is once more repeating itself. After the last war, there was less trouble from the high cost of living than from the COST OF HIGH LIVING. Pshaw! Yes. Much less!

Chaff From the Mill

Visiting American: "The unions here in England are very much like the ones we have in America."

Englishman: "Yes, the similarity is striking."

Wife: "Clarence, I wonder why we can't save any money?"

Hubby: "Because the neighbors are always doing something we can't afford."

Judge: "Did you have complete control of yourself at the time of the wreck?"

Mr. Peck: "No, your Honor, my wife was with me."

The man was not in a very confidential mood when he came into the office. A fellow worker asked: "How did you get that scratch on your forehead?" "Guess I musta bit myself," was the answer. "But," persisted his friend, "How could you bite yourself on the forehead?" "Guess I must have stood on a chair."

A Feed for Everybody

Yep, we can almost take care of you. UMPQUA CHIEF FLOUR for the family; all kinds of poultry feeds for turkeys and chickens, dairy feed for the cow, UMPQUA PIG RATION for the pig, UMPQUA SHEEP CUBES for the woolies, and even dog feed for your cat. Buy where you save the most.
