OUTWEARS PREWAR TIRES

It's the New B.F. Goodrich Silvertown

If you are worrying about "war developed" tires, ease your mind. The new B.F. Goodrich Silvertown have passed the toughest tests on the road and in the laboratory. They have proved they will outwear prewar natural rubber tires.

The wider, flatter "road level" tread provides more rubber—right where you need it—in contact with the road. You get longer mileage, more road gripping surface, better stopping ability. To carry this broader tread, a stronger tire body

made with tougher cords, and more of them, was developed. Double shock absorber breaker strips distribute shocks—cushion sudden blows. Equip your car with new B.F. Goodrich Silvertowns... tested over 16,800,000 grueling miles.

From where I sit... by Joe Marsh

Willie Goes to School at 23

Everybody's joshing Willie Wells about going back to school. They remember when Willie would hide out in the woodshed—scared to bring his report card home to Pa.

But under the G.I. Bill of Rights, Willie (who has a wife and baby) is getting a free education at the Agricultural College. And Uncle Sam is giving him a fine report: "Department, excellent; Progress, above average."

That goes for all those undergraduate veterans. Like Willie, they appreciate an education more than

ever now. They're industrious and well-behaved—their favorite beverage is milk, or a temperate glass of beer. For them the "three R's" seem to mean: Responsibility, Resourcefulness, Restraint.

From where I sit, cynical folks who thought veterans wouldn't want to return to school—wouldn't stick to steady habits of work and moderation—have their answer in "undergraduates" like Willie.
