

# Society and Clubs

By LOTUS KNIGHT PORTER

**CLUB IS ENTERTAINED AT HOME OF MRS. COOK**  
SUTHERLIN—The Past Noble Grand's Club met at the home of Mrs. Florence Cook Wednesday evening for a very interesting session. The spring motif was carried out in the room decorations with the lace covered table centered with a lovely bouquet of red roses flanked by tall tapers.

A delicious dessert-supper was served to: Mrs. Hazel Green, Mrs. Alma Anderson, Mrs. Belle Cook, Mrs. Ella Wegner, Mrs. Bertha Barge, Mrs. Charlotte Parker, Mrs. Juanita Holgate, Mrs. Mable Ross and one guest, Mrs. Nellie Peterson.

The business meeting was called to order by the president, Mrs. Green and the minutes of the last meeting were read and approved. Mrs. Margaret Medley was reported as being much worse and that she was at the Roseburg Sanatorium.

Nellie Peterson won the Penic march prize. The social hour was spent in playing Bingo with Mrs. Belle Cook winning high prize and Mrs. Anderson low.

The next meeting will be July 2nd at 7:30 P.M. at the Methodist church parlors with Hazel Green and Mable Ross joint hostesses.

## COUNTRY CLUB WOMEN TO MEET ON THURSDAY

The women of the Roseburg Country Club will meet Thursday at the clubhouse with the first flighters teeing off at 8:30 A.M. and the second and third flighters following. The first flighters will play in the championship cup tournament. Planned golf matches will be played by the second flighters and the third flighters will play in their respective tournaments.

Luncheon will be served at the clubhouse at 12:30 o'clock and the contract bridge play will begin at 1:30 o'clock.

## P. N. G. CLUB TO MEET THURSDAY NIGHT

The Past Noble Grand's Club will meet Thursday evening at an eight o'clock dessert-supper at the home of Ethel Buenbark at 311 East Oak street. Hostesses include Alice Goff, chairman, Ethel Buenbark, Ila Preston, Mayme Puckens and Velma Herman. The entertainment will be in charge of Mayme Hudnell, Lena Poole and Aurelia McGhee. All members are urged to attend.

## INEZ D. STRANGE AND B. F. CHILSON MARRY

Inez D. Strange and B. F. Chilson, both well-known residents of Roseburg, were married Wednesday, June 11, in Vancouver, Wash. They were accompanied by Mrs. Strange's sister-in-law and daughter, Mrs. R. A. Perkins and Mrs. Charles Hoffman, both of Portland. After attending the Rose Festival in Portland, Mr. and Mrs. Chilson returned to Roseburg to make their home.

## MID-WEEK BIBLE CLASS TO MEET ON THURSDAY

Weather permitting, the Mid-Week Bible Class of St. Paul's Lutheran Church, will hold a one o'clock potluck picnic luncheon Thursday at Kiwanis Park. Those desiring transportation are requested to call either the pastor or the secretary.

## GARDEN VALLEY WOMEN'S CLUB TO MEET THURSDAY

The Garden Valley Women's Club will meet Thursday afternoon at two o'clock at the clubhouse with Mrs. John Sinclair and Mrs. F. G. Parrott as co-hostesses. All members are urged to be present.

## GLENGARY SEWING CLUB TO MEET ON WEDNESDAY

The Glengary Sewing Club will meet at a one o'clock luncheon Wednesday at the home of Mrs. May Sinsley. All members are most cordially invited to be present.

**FORMAL INITIATION AND INSTALLATION TO BE HELD BY THETA RHO**  
Alpha Zeta Theta Rho Girls Club will hold formal initiation and installation tonight at 7:30 o'clock at the I. O. O. F. hall. Refreshments will be served at the close of the meeting. This will be the last meeting of the group until the first Tuesday in September.

**PUBLIC INVITED TO JOB'S DAUGHTERS INSTALLATION TONIGHT**

The public has been cordially invited to attend the formal installation ceremony of Roseburg Bethel, No. 8, Job's Daughters tonight, June 17, at eight o'clock at the Masonic temple.

## News Items Relating To Farming Industry

The appreciation of the people of Europe for the assistance America has given them is the No. 1 impression reported by Elmer Starch, former Montanan who recently returned from a 6-months survey of agricultural conditions in central Europe. The survey was conducted by a group working under the Food and Agriculture Organization of the United Nations.

"In spite of all the difficulties in shipping—spoilage and transportation—the food did get through to the people," Starch said. "Almost everyone you saw had been touched by the food distribution operations. The people were very grateful."

The European people give full credit to American food for actually saving their lives during a period of 2 months last summer when stocks were especially short. Food is still short, and people are hungry. It will be a long time before supplies are adequate, Starch reported. Transportation is poor. There is no fertilizer. In some areas, farm buildings were completely destroyed. Many acres are still mined. Lack of animal draft power hinders recovery of farm production. People in many cities are living in bomb-pocked buildings, the windows entirely devoid of glass.

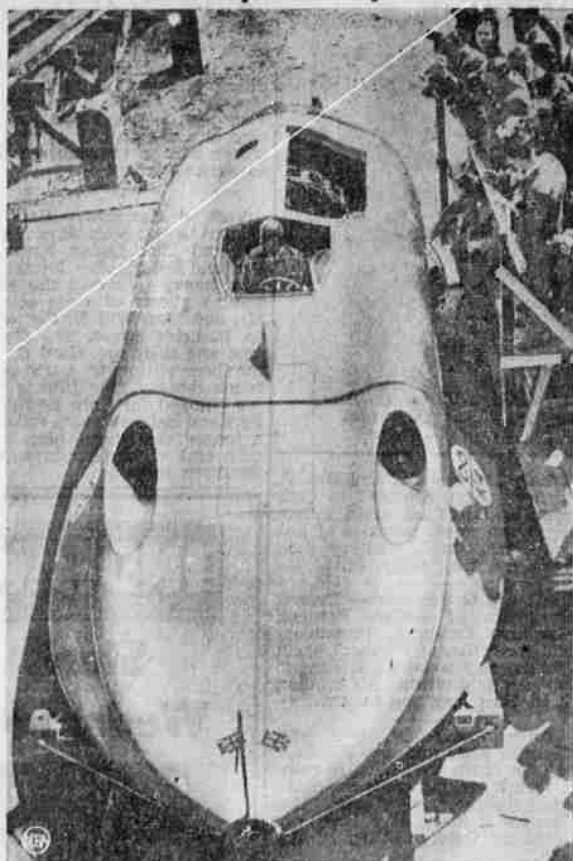

According to Starch, shelter for people may not be adequate for 10 years. Transportation may improve markedly within 2 years, but it will be "many, many years until food production is restored to pre-war levels."

An iceless refrigerator car capable of maintaining zero temperatures under summer heat conditions has been tested by the Department of Agriculture cooperating with various industry groups. This temperature, which cannot be reached in the ordinary refrigerator car, will maintain the prime quality of frozen foods. The test car has 3-inch insulation. A system without moving parts, using anhydrous ammonia, provides the refrigeration. A single charge of the ammonia lasted 46 hours.

One hundred and thirty carloads of heavy equipment have been sent to Mexico for use in foot-and-mouth disease control activities. Much of the equipment is U. S. Army surplus. Equipment already received includes 10 track-type gasoline-powered shovels for rapid digging of burial pits; 10 bulldozers to fill pits; 1000 jeeps to transport personnel and light supplies; 121 high-wheeled trucks; three ambulances for use as pay-master offices; three tank cars for disinfectants; 22 mobile spray units; and 5 semi-trailers for hauling shovels and bulldozers.

Other items include 242,000 pounds of soda ash for disinfecting purposes; protective clothing, rubber boots, and gloves. Grounds and buildings at the old National Agricultural College in Mexico

## First Jet-Propelled Speed Boat

Sir Malcolm Campbell wears special sound deadeners in helmet warming up engine of 30-foot first jet-propelled speed boat, unveiled at Portsmouth, England. With possible speed of 160 miles-an-hour, the 61-year-old driver will try for a new world record on Lake Coniston, England. He holds the present mark of 141.7, set record of 301 in an automobile in 1935.

City have been made available for use as a machinery assembly and maintenance center

## Wool Protection Approved Despite Threat of Veto

WASHINGTON, June 17.—(AP)—Adamant in the face of an anticipated presidential veto, the House endorsed anew yesterday a policy of protection for American wool producers from foreign competition despite declarations that the step may scuttle the Geneva trade conference.

It approved a bill pegging wool support prices at their present level and directing the chief executive to fix quotas on wool imports or boost the tariff if and when he finds foreign wool is interfering with domestic prices.

The decision was by voice vote only a few minutes after the House, on a roll call tally, voted 191 to 166, against sending the bill back to a joint House-Senate Conference Committee for further study.

The measure will be shunted now to the Senate for probable approval and then on to President Truman's desk.

**More Pay For Cadets**  
Congress sent to President Truman yesterday legislation giving a 20 per cent pay raise to students at the U. S. Military and Naval Academies.

Cadets and midshipmen now get \$65 a month. The bill increases that to \$78. The cost is estimated at \$1,392,144 a year.

**Road Fund Time Extended**  
The Senate passed and sent to the White House yesterday a bill extending for one year the time given to states to obligate special, post-war highway construction funds.

Congress appropriated \$500,000,000 annually for three years, beginning with the 1947 fiscal year but specified that unless states obligated themselves to spend

their full allotments by June 30 the funds would revert to the U. S. Treasury.

The Senate passed and sent to the House legislation authorizing the Interior Department to dispose of sand, gravel, stone, timber and other forest products located on government property.

Trade winds is the name given to winds which blow regularly from tropical belts, but the word "trade" is used in an otherwise obsolete sense of "course."

## 4-H Club News

Douglas County has five canning clubs now organized with an enrollment received from a group that requested a club at Smith River. Mrs. Helen Roberts will act as leader for the newly organized club. Anna Pyritz was elected president, Evelyn Pappel vice president, and Janice Roberts secretary. Other members of the club are Mary Ellen and Edna May Andrews, Betty and Mabel Pyritz and Helen Weist. This makes a total of 33 members enrolled for canning in Douglas County to date.

Douglas County will have four 4-H Club members who will have health posters on exhibition at the poster contest sponsored by the Oregon 4-H Leaders Association at this year's annual 4-H Club Summer School. The contest will be held June 19 in the Memorial Union Building in Corvallis during the summer session. Club members who will have posters exhibited are Edward Nell of Wilbur, Lucinda Randall, 551 South Main Street, Roseburg, a student at the Rose School; Larry Erskine, student at Green School, and Arlyn Brown of Wilbur.

## By Sally Jurak

Canning sure is fun. We had another meeting at the home of Ann Roth, June 17. We first listened to the National 4-H Club convention over the radio. We had a particular reason for listening because Marjorie Zeller, our club leader, was talking from Washington, D. C., on the National Home and Farm Hour. At our meeting Ann Roth gave a demonstration on the different steps taken in canning cherries, also things to watch for so foods will not spoil, the importance of sterilizing jars and covers and

how to pack foods in jars. A tour of the Roth ranch was enjoyed, two new calves being the main attraction.

## IT'S NEWS

RICHMOND, Va., June 17.—(AP)—When Managing Editor Charles Greever of the Weekly Richlands Press complained of the lack of news, his friend, National Bank Vice President Grady Dalton volunteered to enact the time-honored "man bites dog" routine.

A Dachshund named Slick was led out in front of the bank — replete with a loaf of bread tied to each side and mustard. Ten Dalton took a bite and commented: "It didn't taste bad at all."

Slick's comment was a yelp.
