is CLOSE. She would benefit greatly by the trade that would follow if the peoples of Europe can be got back MAKING THINGS again.

If she refuses to join in such a program, we must be forced to believe that her purposes are political rather than economic.

That is to say, Russia's political purpose would be disclosed as the communication of the world.

FROM Nanking comes word that Chiang Kai-Shek and the leaders of his Kuomintang party have agreed on complete mobilization of Nationalist China's manpower and resources to fight the Chinese communists to a finish.

One Nationalist leader is said by the correspondents to have put it this way:

"The action just taken means simply that we are taking off our gloves and really fighting the communists hereafter with no holds barred."

CHINA probably needs peace and rehabilitation as badly as any nation on earth. Her industry is practically ruined. She is swept by an inflation as fantastic as that which wrecked Germany after World War I. Her people are dying by the hundreds of thousands of starvation. Yet she is bracing herself for all-out civil war.

That shows about as clearly as anything can the incompatibility between communism and NON-communism. Apparently, they JUST DON'T MIX.

AT St. Louis, the Mississippi river reaches the highest point in 103 years. With the flood situation tense, with the water lapping at the top of the levees, there is an EARTHQUAKE in the St. Louis area. If anything could be calculated to crack the straining dikes, it would be an earthquake.

But, oddly enough, they seem to have HELD—at least so far.

FOR weeks we have been reading of floods in the Mississippi valley. The floods have held back the planting of corn in the river bottoms. The natural expectation has been that the corn crop would be heavily reduced. Corn is the big FEED grain. If there is too little corn, there will be a corresponding shortage of finished meat.

YET the other day the Chicago CORN MARKET BROKE rather sharply. The break in the market indicated belief on the part of buyers that the corn crop will be bigger than has been expected. Floods or no floods.

You never can tell.

CUTTING back momentarily to the troubles of Europe, a plot to overthrow the French republic and set up a military dictatorship is said to have been nipped in the bud. About the last thing France needs is another revolution, but with conditions as disturbed as they are in Europe, you never can tell what will happen.

A CLOSING word on man's intolerance to man.

At Albany, up in the Williamette valley, a thief held up a theater and forced the janitor to open the safe. The safe contained only \$260. In exasperation, the thief tied and gagged the janitor, kicked him in the ribs, beat him over the head with a pistol and left, cursing in bitter disappointment.

That is the general spirit of the world today. It explains why the news is uniformly depressing.

CITY RULE CHANGE

By CHARLES V. STANTON

The City of Roseburg now is operating under a city manager form of government but without a manager. Following provisions of the city manager charter amendment adopted last fall, the change was made effective July 1. Appointment of a manager, however, will be delayed until after the city budget election to be held Tuesday, July 8, as action by voters on the budget will influence managerial policy.

Actually, the council had authority, as contained in the amendment, to levy up to 2½ mills for operation of the office of manager, but following rejection of the budget as originally proposed, made a substantial cut in money to be raised for the new office. Money levied for city manager purposes cannot be used for any other administrative expense. No part of the 2½-mill levy could be applied to other municipal services. Consequently, the cut made in the proposed new budget will impair efficiency in inaugurating new administrative procedure.

It was the original intent of the budget committee to supply the new managerial department ample funds for an efficient start. But rejection of the first budget, and subsequent changes in budget proposals definitely limit operation for the first year.

The original budget proposed a manager's salary of \$6,000 per year. One of Oregon's oldest, most successful and experienced city managers had tentatively accepted Roseburg's offer of the job. He was released, however, when the budget amendment reducing the salary to \$5,000 was made by the committee, as he has been given a raise to \$6,000 in the city where he has been located for almost 20 years.

Because an experienced manager can command a salary of from \$6,000 to \$9,000 annually, and because so many cities are turning to managerial form of government that beginners in the field often can obtain starting salaries of from \$5,500 to \$6,000, Roseburg probably will be required to appoint a manager who has had no previous experience in the field, and who will be compelled to start from scratch. While several well qualified men have submitted applications to the committee appointed to recommend to the council the man for the job, the city doubtless will not receive as efficient work from the start as would have been the case had the position gone to the veteran manager available at the higher rate of pay.

It is possible that the revised budget will be rejected at Tuesday's election, despite the fact municipal operation will be most seriously impaired by reductions totalling approximately \$44,000 from the original proposal. Another rejection would force still further cuts which would make the city manager problem even more difficult. The committee, headed by Councilman Harrison Winston and authorized to investigate applicants for the position, is delaying its recommendation until after the forthcoming election.

In the meantime, the council has vested Recorder A. J. Geddes with three offices, that of recorder, treasurer and municipal judge, and he will hold those positions until such time as complete reorganization under managerial direction is completed.

The new program provides that the manager shall appoint the city treasurer and recorder, which may be two offices or combined into one, subject to approval by the council. The council has exclusive authority in selection of the municipal judge, who will serve as part-time city officer. The manager will have no authority over the judge.

The manager will have supervision over the police, fire and street departments, and over all other appointive officers, commissions and agencies except as otherwise specified.

The amendment provides that the manager may be removed by the council at any time, "without cause," thus making it possible to discharge the manager without complications at any time should his actions and services fail to meet the council's approval.

Appointment of a manager is expected immediately following Tuesday's election.

Action was close throughout Southern Oregon baseball play last Sunday as the powers-to-be began to take shape by small margins in each game.

Roseburg and Grants Pass retained their top spots with the Oregon Chiefs edging out Crescent City in a ninth inning rally.

34. Grants Pass pulled out a similar victory over Central Point, winning, 5-4.

Hill's California Loggers came up with a not-too-surprising 7-6 win over Medford's Rogues, but it took 11 innings.

Southern Douglas County's Tri-City club bowed to Ashtland's Elks, 7-5. Pitching of the Elks limited the Tri-City line to eight hits and kept them scattered enough to earn the victory. Six misplays by Tri-City contributed to the Ashtland win.

A busy six-day stand before the Umpqua Chiefs as they make up rained-out games with Central Point here Friday and Hill, Calif. here Sunday, and meet San Diego's Colored Tigers in an exhibition fray next Wednesday.

Los Angeles Win Virtually 1-Man Job by Chambers

(By the Associated Press)

Cliff Chambers, otherwise identified last night as the Los Angeles Angels, beat the San Francisco Seals, 9-1, to drop the Seals two games off the Pacific Coast League pace.

The leading Angels could just about have sent the other eight guys home and let Chambers play the game alone and they still would have trimmed San Francisco. The ace southpaw gave the Seals only five hits. He struck out six men including his league rival Chesnes, who pinch batted in the eighth.

Chambers also got three hits, being robbed of a fourth by a spectacular running catch by Sheridan; scored two runs and stole a base. It was Chambers' seventh win in eight starts against the Seals, including five straight last year.

San Francisco's only tally was one run, scored by two gone in the ninth.

The Oakland Oaks muffed a chance to gain on San Francisco by losing to Hollywood, 4-3. Kelleher and Ross homered for Hollywood in the second inning and Kelleher did it again in the third to give Kelleher Arizola, who went the route, an early three-run margin.

The San Diego Padres, given six-hit pitching by Treichel, who fanned seven and walked seven, rattled off 17 hits to beat Sacramento, 9-4.

The Portland Beavers manufactured eight runs on six hits and four walks in the first two innings, going on to trim Seattle, 9-6.

Ghosts Defeat All-Stars, 4-1, in Fun-Packed Game

By ROYAL S. DENTON

Although Roseburg's All-Star nine lost last night, 4-1, and the opposing Sioux City Stars won, the game was a fun-packed affair. The game was played at the Roseburg Coliseum, where the Stars were 60 minutes late in arriving at the diamond, perplexed and dissatisfied fans and players were few at the close of the hilarious seven innings of softball circus play.

Attended by a capacity crowd, the game was made interesting throughout by the comic Yandeville patter and steady chatter of "Compound" Favors, star manager-catcher, and was climaxed with a "shadow game" that far exceeded any other "laugh performance" seen on Finlay Field.

After being delayed en route from Northern California by automobile trouble, the colorful Sioux aggregation made it fairly easy on the Roseburg All-Stars in sending home only one earned run, this during the fourth frame when all their scores were tallied; but the windmill pitching and change-of-pace "bleeding ball" of Billie Thompson, southpaw, kept the game moving rapidly throughout as he struck out 14 of the 30 Roseburg batters with ease.

Show stopper of the visiting razzle-dazzlers was Favors, chubby and lazy appearing, but fully capable of attaining plenty of speed as shown when he was walked by Pitcher Swede Vang. He made the free trip in hop-skip bounds, and upon reaching the first sack became a speed merchant and easily stole second, much to the surprise of Roseburg's infielders.

Clever Clowning
Other antics carried on by Favors during the contest included playing tit-tat-toe with the Roseburg batters, leading off with his right foot for a right-handed throw, and going to bat at home plate on his knees, sustaining a single. He also maintained a steady "ribbing" chatter against Plate Umpire Jack Newby.

Roseburg got only two hits off Thompson while Vang and Ralph Sanstead allowed a total of 8 hits to the Stars.

Rounders. Sutherland, center-fielder, banged out a two-bagger and got as far as third on a wild pitch in the third, and in the sixth, Avery, Sutherland, walked and scored off Pleadard's single for Roseburg's lone run.

In the shadow game, performed by all nine Ghosts without a ball, the batters successfully connected on the first pitch. The pitcher made a long sprint to centerfield as the hitter rounded the diamond. Upon his last step toward the home plate for a run, the pitcher flicked his wrist. Catcher Favors popped his glove and the umpire signalled "out."
