Wheat Planting Goal Increased

WASHINGTON, Oct. 3.—(AP)—The agriculture department today increased the national wheat planting goal for the 1948 crop.

The new goal calls for 75,000,000 acres compared with 75,000,000 announced in August as the goal. It is about the same amount that was planted for this year's record crop.

Yields equal to those of the last few years would produce on the 1948 acreage the fourth successive crop of more than a billion bushels. This year's crop was slightly more than 1,400,000,000 bushels.

The planting season for winter wheat which normally makes up about three fourths of the total crop will end this month. There is serious doubt that the recommended acreage will be planted because of dry weather in such important producing states as Kansas, Nebraska, Oklahoma, Texas and New Mexico.

The department also announced a national rye goal of 2,458,000 acres. This is about 505,000 acres more than the indicated acreage harvested this year.

The goals for wheat and rye, respectively, for major producing states included:

Montana 4,200,000 and 40,000; Idaho 1,300,000 and 6,000; Washington 2,800,000 and 16,000; Oregon 1,030,000 and 42,000; and California 800,000 and 13,000.

France's Need of U. S. Dollars Cited

WASHINGTON—(AP)—Georges Bidault, French foreign minister, said today that France will have to cut essential imports of coal and wheat from the United States unless a "very serious" need for dollars is met by Nov. 1.

He made this statement to reporters at the White House after a half-hour conference with President Truman.

Bidault called on the President with Henri Bonnet, the French ambassador who acted as interpreter when he talked with news-men.

Bidault said he was extremely pleased to meet the President for the second time and had thanked him for all the United States has done to help France and will do in the future.

Nov. 1 at the latest—will lack dollars for buying coal and wheat and certain materials essential for industry such as cotton and copper.

If France can not find a way to meet its dollar shortage, he added, very drastic measures will have to be taken. He said these measures would have a very bad effect on the food and industrial situation.

SMITH—To Mr. and Mrs. Ivan R. Smith, Roseburg, October 2, a daughter, Esther Mardell, weight six pounds.

daughter, Sheryl Lynn, weight seven pounds five ounces.

Brilliant Play Marks Week End Grid Schedule

NEW YORK, Oct. 6.—(AP)—One of these days the folks who have been too busy following the World Series to notice college football are going to find that the grid season already is well under way and that the action to date has resulted in such impressions as these:

1. Notre Dame, Michigan, Texas and Georgia Tech look like the teams most likely to battle it out for the mythical national crown.

2. The title chase in the Pacific Coast Conference threatens to be the dullest of them all.

3. Army refuses to roll over and play dead, even though Glenn Davis and Doc Blanchard are no longer on the premises.

Notre Dame, the nation's No. 1 team in 1946, arrived on the scene Saturday and, although somewhat tardy, picked right up where it left off last year by crushing Pittsburgh, 40-6.

Michigan, which entertains Pitt Saturday, lambasted Stanford, 49-13, while Georgia Tech blanked Tulane, 20-0, and Texas trounced North Carolina, 34-0, ruining the Tar Heels' bid for an all-victorious season with one of the outstanding performances of the day.

Meanwhile, Washington State dumped Idaho, 7-0, and Oregon State stopped Washington 14-7, in a couple of surprises on the Pacific coast while UCLA bowed to Northwestern 27-26, Nevada upset Oregon, 13-6, and Southern California was held to a tie by Rice, 7-7.

All of which makes California, originally tagged as an also-ran on the Pacific coast, look more and more like the team to beat after its 45-6 runaway over St. Mary's.

Army, unbeaten since 1943, waltzed merrily along with a 47-0 breeze through Colorado, indicating that the Cadets aren't going to be pushed around this year despite personnel losses.

Army's true strength will be tested Saturday when the Cadets risk their 30-game undefeated record against Illinois, 35-12 conqueror of Iowa, at New York in the east's foremost attraction.

Duke, 19-7 winner over Tennessee, plays Navy at Baltimore while Columbia, which stopped Navy, 13-6 entertains Yale, 14-0 winner over Cornell, in an Ivy League contest.

Notre Dame this week invades Purdue, surprise 24-20 winner over Ohio State, while Ohio State entertains Southern California and Wisconsin plays host to California.

Indiana, which tied Wisconsin, 7-7, will be at Iowa and Northwestern at Minnesota for Big Nine games.

Georgia, which recovered from its loss to North Carolina to dampen Louisiana State's southeastern conference hopes, 35-19, goes to Kentucky for another lead-

gue tilt and Vanderbilt, which upset Alabama, 14-7, entertains Mississippi.

Oklahoma, 26-14 conqueror of Texas A. and M., and Texas collide in their annual game at Dallas and Arkansas will be at Baylor in the southwest conference.

Oregon will be at UCLA and Idaho at Oregon State in the Pacific Coast conference. Washington plays host to St. Mary's.

Astoria Lays Claim to Bear Shooting Record

ASTORIA, Ore.—(AP)—This fishing center is about to lay claim to being the bear-shootingest part of the northwest.

Since Sept. 1, County Clerk Bill Brooks has paid bounties on 33 bears bagged by local hunters. But the one everyone is seeking still is at large. It's a small black bear that has been sighted by school children, salesmen and about everyone else on hill-topping Niagara street. However, it's still ambling about and only one man had a gun at hand when seeing it—and he missed.
