Miss Coen will also visit in Roseburg with her nephew, R. D. Coen, and his family on Overlook.

There are approximately 180,000 species in the family of beetles, the largest single order in the animal kingdom.

Lumber Orders For October High

PORTLAND, Ore., October 13.—Orders for Pacific Northwest lumber during nine months of 1947 have jumped more than a billion board feet above orders for a similar period in 1946—indicating a nationwide upswing in construction—H. V. Simpson, executive vice president of the West Coast Lumbermen's Association, announced today.

Total orders for the 39-week period in 1947 were 5,486,915,000 board feet, Simpson said. Orders for the same period in 1946 amounted to only 4,423,223,000 feet.

Production during September in the Douglas fir region of Oregon and Washington continued high, the weekly average for the month being 146,254,000 feet, a slight increase over the August average of 145,373,000 feet. September's weekly average of orders was 132,891,000 feet, as against 139,924,000 for August. Average shipments in September rose to 143,055,000 from the August average of 137,955,000.

"The volume of lumber orders has been rising firmly since a post-war low was reached in 1945," Simpson said. "This suggests very strongly that construction programs throughout the country are being steadily expanded."

Cumulative production for the first 39 weeks of 1947 was 5,363,309,000 b.f.; 39 weeks, 1946, 4,635,713,000; 30 weeks, 1945, 3,046,172,000.

Orders for 39 weeks of 1947 break down as follows: Rail 3,476,284,000 b.f., domestic cargo 705,217,000; export 801,022,000; local 504,412,000.

The industry's unfilled order file stood at 702,169,000 b.f. at the end of September; gross stock at 579,645,000.

K-9 Sergeant Loses One Stripe for Going A.W.O.L.

DETROIT, Oct. 13. (AP)—Sgt. Rags, the dog that went A.W.O.L. was busted to corporal today.

Rags, mascot of the 610th ordnance battalion, wandered off last week from his master, former Sgt. William Ralph.

The old airhead had been picked up in the blitz of Weymouth, England, and later followed his unit across France, Belgium, Holland and Germany. Relish and other members of the 610th scoured the city, hoping to find Rags in time for a reunion of the battalion scheduled here this week. Rags showed up Sunday. But while he'll make the reunion all right, he'll be a two-striper instead of a three-striper when he meets his 900 buddies again.

Christmas Seal Sale To Open November 24

Opening date of the 41st annual Christmas Seal sale has been set for Monday, Nov. 24. The Oregon Tuberculosis and Health association announced that 71 million seals will be distributed. Money derived from the sale is used for tuberculosis control work and is the only income which national, state and county tuberculosis associations have for their work.

In the United States, definite

progress is being made toward the fight to rid the country of tuberculosis, but more funds are needed for research, for health education, for X-ray surveys, and for rehabilitation of those persons already afflicted.

Of the money received in the sale, 95 per cent remains in the state where it is contributed. In Oregon, 75 per cent of it remains in the county where it is given. County funds are spent under the health associations.

The last four years the greater amount of Oregon's money has been spent for the mass chest X-ray examinations and for the education in prevention of the communicable disease.
