**Oregon's Closed
Fire Season Ends**

Termination of the closed fire season at midnight, Oct. 17, by order of Governor Snell was reported today by Fred Southwick, district warden of the Douglas Forest Protective Association. The governor's order suspended the permit requirements for unregulated use of fire until the season is closed again in 1948.

With official termination of the fire season, Southwick said the Douglas Forest Protective Association has had its most successful fire season with respect to the number of fires occurring and acreage burned.

There was a total of 33 fires in the association's protective area. Twenty-seven were less than a quarter-acre; three, from a quarter-acre to 10 acres in extent, and three of more than 10 acres.

Actual acreage classed as "burned" was negligible, as the larger fires were confined to logging slash, which normally would have been burned in the fall anyway, Southwick said. Total damage for the season amounted to \$2,000 in felled and bucked timber. There was no damage to standing timber in Douglas County this year.

**Brother General Butler
Killed by Companion**

EASTLAND, Tex., Oct. 18.—(AP)—Justice of the Peace E. E. Wood ruled Thursday that Samuel Butler of Denver, brother of the late Marine General Smedley Butler, was killed by Frank Dwyer, his former associate in a refining company.

Justice Wood also held that Dwyer, who was found shot to death along with Butler near here Wednesday died from wounds "probably self-inflicted."

A revolver was found under Dwyer's body and Butler's body was several feet from Dwyer's. Mrs. Dwyer said her husband left home yesterday morning, saying he was going to show Butler an oil lease.

Butler is survived by his widow, a son and daughter. Dwyer is survived by his widow.

TRAFFIC FINES PAID
Traffic fines in Justice Court Monday totaled \$175. Justice of the Peace Thomas C. Hartfiel re-

ported. He said they included: Theone A. Williams, overload, \$40; Einar F. Johnson, intoxicated on public highway, \$25; Howard A. Stansbury, overload, \$15; unit overload, \$10; axle overload, \$10; Ray V. Chastain, overload, \$15; James Laney, unit overload, \$15; Harold L. Walsh, no operator's license, \$10; Ralph E. Shotwell, no clearance lights, \$15; Robert A. Barry, failure to stop at through highway, \$10; Howard W. Cox, no clearance lights, \$10.

**Water System
Buy Considered**

REEDSPORT — Possibility of purchasing the water system at Winchester Bay, now owned by the City of Reedsport, was discussed with the city council by officials of the Winchester Bay Rural Fire District last week.

Water is furnished through a six-inch transit line which extends from the city's line from Clear Lake to Reedsport, to the townsite at Winchester Bay, a distance of approximately 5,000 feet.

The recently organized fire district has 400 feet of hose, a trailer on which to haul it, and a siren installed at a central location. Directors of the district who attended the city council meeting said that new hydrants are essential.

Details discussed were the price to be asked for the distribution system, terms, contract for the purchase of water, etc. The tentative plan is for the community to purchase water from Reedsport at a wholesale rate, through a meter to be installed where the six-inch line leaves the main line.

No objections were raised to the fire district's proposal to purchase the water system at Winchester Bay. Next step will be to determine whether the fire district can legally take the step or whether a separate water district must be formed.

**Birthday Party Killer
Draws Seven-Year Term**

MEDFORD, Ore., Oct. 20.—(AP)—Arnold Jack Brown, Prospect lumber worker, faced a seven years prison sentence today in the ax-handle slaying of his brother-in-law, Paul Herbst, during a birthday party at the lumber camp town last March 2.

Brown pleaded guilty to a charge of manslaughter in Circuit Court and was sentenced Saturday.

In another sentence, the court handed Harold Lloyd McCoy, charged with burglary while armed, a term of not less than two years.

Leniency was shown both men because of their previous good records, the court said.

'NEW-FORMULA'
WHAT'S THAT GOT TO
DO WITH MOTOR OIL?

BETTER CARE
OF ENGINES, DOC!

SOUNDS WONDERFUL!
BUT...ER...HOW MUCH
DOES IT COST?

Our Shell scientists worked out this new formula for motor oil to bring together the best of many different compounds. In New-Formula Golden Shell, they've got compounds to clean your engine... to keep it clean... and to provide a tough, lasting oil film. That protection really takes care of your engine!

LOTS LESS
THAN YOU THINK

Our Shell Research men can prescribe more efficient production, too. They've cut the costs of making this top-quality oil down to where we dealers can sell it for just 30 cents a quart! Plus tax, of course. And we'll put New-Formula GOLDEN SHELL up against any competitive oil regardless of price!
