NEW YEAR RESOLUTIONS

By CHARLES V. STANTON

This is the time of the year to make suggestions, take inventory, and plan for the forthcoming twelve months. Individually, as families, as business operators and as groups we will plan projects for the year of 1948.

We have been trying for two or three years to get shades installed on the spur track crossing lights at Winchester and North Jackson streets. A few years ago, following a series of accidents at the crossings, we had a hand in persuading the council to install street lights to illuminate the track, so passing trains could be seen by motorists.

As an automobile driver approaches the crossings he is partially blinded by the street lights until he reaches the center of their cone of illumination. Thus he has little distance in which to stop his vehicle if the spur track is occupied. By installing an inexpensive shade on the approach side of the street lamps, the driver would be able to see obstructions on the railroad track while a block or more away.

We hope, too, after E. Second Ave. S., is improved (contracts for such improvement are in the hands of the State Highway Commission) that the city government will consider installation of stop-and-go signals at intersections with North Jackson and Winchester streets, where one or more collisions occur almost daily.

Readers may observe that our recommendations concern matters only in the neighborhood in which we live or do business. Every section of town doubtless contains possibilities for improvements small in nature but important to safety or welfare.

Perhaps our readers would like to offer suggestions about projects in their own residential or business districts. If so we will gladly publish proposals containing merit. Perhaps the city government will be able to incorporate some of them in its program for the coming year.

It is possible that the city council, if given the benefit of these ideas, will adopt some of them for corrections during the year, if time, money and manpower permit. Let's not be critical, carping or fault-finding, but rather let's try to give constructive ideas. After all, it's the little things that count, as the old saying goes.

U.S. Issues Warning on Atomic Testing Area

WASHINGTON, Jan. 2.—(AP)—The United States put all nations on notice Wednesday to keep their ships, planes and people out of the T-26 atomic weapons testing area, starting one month from now.

Descendant of Oregon's 1st Governor Lacks Home

GRANTS PASS, Ore., Jan. 2.—(AP)—Burs here today before Christmas, the great-grandson of the first governor of the State of Oregon is a resident of a Grants Pass auto court while his parents are seeking unsuccessfully to find a house to rent.

'Driver of Year' Winner Announced

Winner of Oregon's 1947 'driver of the year' contest is Ralph Shea, of Portland, contest officials have announced.

Shea, driver for Consolidated Freightways, received a \$500 cash prize as the outstanding contestant among the 'driver of the month' winners selected during the past year.

Sponsored by the Oregon Motor Transport Association, the contest is open to all commercial drivers in the state who have performed some act of courtesy or heroism, or who have long records of safe driving.

Nominations will be received by any Chamber of Commerce or the OMTA office in Portland.

He lauded the program for the recognition it gives to the consistently accident-free operation of commercial drivers.

Prison Sentence Meted Youth for Arson Slaying

DALLAS, Ore., Jan. 2.—(AP)—Sixteen-year-old John Earl Peoples was in the Oregon penitentiary today, beginning a 15-year maximum sentence for the arson slaying of an elderly Polk County farmer.

The youth was sentenced Tuesday by Circuit Judge Walker on Peoples' plea of guilty to a manslaughter indictment in the death of Robert J. Armstrong, 77, whose body was found in the fire-gutted Armstrong home last September.

The youth admitted striking Armstrong when the elderly farmer refused to give him food. He had run away from his own home three miles from the isolated Armstrong farmstead.

A murder charge was reduced to manslaughter by the grand jury and Judge Walker refused a request of Perrydale High School Principal Leslie Stewart, asking the boy be paroled in his care.

Price Cuts Announced By General Electric Co.

NEW YORK, Jan. 2.—(AP)—The General Electric company, expressing belief that business must show the way in reversing the inflationary spiral, yesterday reduced prices from three to 10 per cent on many home appliances beginning yesterday.

The move—the first break in the upward price march by a major manufacturer—was hailed immediately by government spokesmen as an important anti-inflationary step. They urged other industries to follow suit.

The price cuts, announced yesterday by G-E president Charles E. Wilson, will affect about 40 per cent of the firm's total business, including its output of refrigerators, ranges and home radio and television receivers.

Let's not be critical, carping or fault-finding, but rather let's try to give constructive ideas. After all, it's the little things that count, as the old saying goes.

Northwest States Spend Millions for Highways

PORTLAND, Jan. 2.—(AP)—The Public Roads Administration of the U. S. has expended \$25,000,000 this year on a 50-50 matching program with the four northwest states of Oregon, Washington, Idaho and Montana.

In addition, W. H. Lynch, division engineer, said \$20,000,000 was spent in financing other new road work.

Secretary Marshall Named 'Man of the Year'

NEW YORK, Jan. 2.—(AP)—Secretary of State Marshall has been named 'man of the year' by Time, the weekly newsmagazine, which called him the 'man who had the biggest rise in fame during the year, and who, more than anyone else, changed the news for better or worse.'

Time, which annually selects a 'man of the year' for its cover on the first issue of each new year—said that in 1947 the American people 'took upon their shoulders the leadership of the world. . . . No one man was responsible for 1947's great step. . . . But one man symbolized the U. S. action. People followed Secretary of State George Marshall.'

Extension Course in School Law Offered

An extension course in Oregon school law and system of education will be offered by the University of Oregon for teachers who desire certification in this state, it was announced by Superintendent of Schools Paul S. Elliott.

The course will start at 7:30 P. M. Jan. 13 at Junior High School. The class will be taught by Elliott. It is open to all teachers, particularly those with emergency certificates. Further information may be obtained from the superintendent's office.

A later course to be offered by the university extension service, and also required for certification in this state, is History of Oregon. Arrangements will be made as to which classes will start, Elliott said.

Newspaper Printing by New Process Introduced

PHILADELPHIA, Jan. 2.—(AP)—The Philadelphia Inquirer, through its radio station WFIL-PM, has transmitted what the paper describes as the first facsimile newspaper in the country utilizing new postwar equipment.

Roger W. Chipp, general manager of the Inquirer radio station, said the new equipment used in the transmission provides high-speed, clear reproduction of printed material, art and pictures in the form of a miniature newspaper.

Gromyko Demands Action On Palestine Split Plan

NEW YORK, Jan. 2.—(AP)—Andrei A. Gromyko, Soviet representative to the United Nations, called on Britain Tuesday for prompt admission to Palestine of the U. N. committee set up to supervise partition of the Holy Land.

The Russian official, speaking at a dinner of the American Committee of Jewish writers, artists and scientists, said it was reported by Louis Fullerton, manager of the U. N. committee that 'British troops are withdrawing from considerable areas—May 1 or June 1, 1948.'
