Vital Program Facing Session of Congress

(Continued from Page 1)

put it, the president will know what to expect.

Reductions Opposed

The tax bill under consideration would cut \$5,000,000,000 and about 7,400,000 low income and elderly persons from the tax rolls. It goes further than the Mr. Truman vetoed last year.

While the president has said nothing about his plans if he receives another tax cutting measure, highly placed White House aides expect him to oppose any general slash while the national income is at a record high.

In addition to the Marshall Plan for European recovery, Congress also is due to get a separate State Department program for helping China.

The final decisions on foreign aid will go far toward deciding the amount the Republicans will try to cut the president's budget.

Mr. Truman is expected to submit a record peacetime budget of about \$40,000,000,000 in his message next Monday. Shortly thereafter, joint committees under GOP control will meet to work out a legislative budget as a pattern for future appropriations.

What Truman Will Ask

But in advance of actual knowledge, Congressional leaders are speculating that the president will ask the lawmakers to:

Approve the Marshall Plan quickly.

Extend rent control beyond its February 29 expiration date.

Pass a universal military training bill.

Approve a national health insurance program.

Broaden social security coverage.

Extend the reciprocal trade agreements act expiring in June.

Give legal status to and expand the State Department's foreign information program.

No something about the housing situation, and give him stand-by price-wage control and rationing powers.

Jerusalem Hotel Bombed; Sixteen Persons Missing

JERUSALEM, Jan. 5. — (AP) — Rescuers dug today into the debris of the Semiramis hotel for 16 persons missing after the three-story stone structure was leveled by a bomb which police said the Jewish underground had planted. Three persons were known dead.

One informant said the hotel was one of five district headquarters for an Arab military group. The known dead included Manuel Salazar Travesedo, acting Spanish consul. Some 17 were injured.

A similar act of violence occurred Sunday in Jaffa, where Arab headquarters were bombed and 15 persons were killed and about 100 injured. Police blamed the Stern gang, the most extreme element of the Jewish underground.

Hagana, the Jewish underground defense force, said through a spokesman at Tel Aviv that the Jerusalem hotel attack was executed because "the

Deafened Now Hear Whispers 5 Feet Away

Tests by the American Medical Association's Council on Physical Medicine show that science has now enabled deafened people to hear faint sounds, to easily understand whispers from 5 feet away, aided by a tiny hearing device on light you hardly know you are wearing it. With it thousands now enjoy music, sermons and friendly conversation. Finger tip controls let you adjust it instantly to changing sound conditions. No separate battery pack, wires or harness hodge to weigh you down. The makers of Bellone, Dept. 25, 1450 W. 12th St., Chicago 4, Ill., are so proud of their achievement that they will gladly send you a free descriptive booklet and explain how you may test this remarkable device in your own home without risking a penny. Bright Business Year Reported By Umpqua S-L Assn.

Semi-annual report of the Umpqua Savings and Loan Association released January 2 to its members, shows that the association increased \$484,770 in assets during 1947. The assets as of January 1, 1948, being \$1,171,735.39, H. O. Pargeter, secretary-manager, reports.

It has increased its loans by more than \$453,000. The association help 270 families in this vicinity overcome their own housing shortage, paid \$26,555 in annual dividends in 1947, on July 1, and loaned \$806,000 for home building, buying, or remodeling, Pargeter said.

The association officers report that 1947 was one of "the most productive years" in the 30 years the institution has been in business. Citing the objective of debt-free home ownership as primary among the purposes, the report shows that 119 borrowers made final payments on their loans in 1947 and thus cleared their properties of debt.

The last dividend, declared July 1, 1947, was at the rate of 4 per cent. The next annual dividend will be figured to July 1, 1948.

"It is predicted that the year before us will see some definite inroads on the housing shortage," Pargeter said. "In this community, where 3500 houses were built during the past year, it is likely that the association will surpass its 1947 record by possibly 10 per cent. Such building activity naturally means an increased demand from the association for financing. Another year of extremely large dollar volume of loan business is expected."

building was an important meeting place of Arab gangs, where arms were distributed to villages in the Jerusalem area."

At least four persons were brought alive from the hotel wreckage, one a woman who had screamed in pain for four hours before she was saved.

The Jerusalem and Jaffa bombings increased to 558 the number of persons killed in Palestine since the United Nations voted partition on Nov. 29.

Bowles is a former OPA administrator.

"What's more, rationing and price ceilings would only serve to stifle meat production," Wherry declared.

"Already all this talk of rationing is discouraging production. Cattle feeders are afraid to take a chance."

Wherry contended that if Congress were to authorize the agriculture department to go ahead with preparations, it would trim the meat supply sharply, even though rationing might never be instituted.
