Powell's Window Display Wins Honorable Mention

The Powell Sporting Goods shop, 306 W. Cass St., has been awarded an honorable mention in the Christmas window display contest sponsored by Outdoor Magazine of Boston, participated in by more than 500 sporting goods dealers throughout the country. A prize of \$25 accompanied the award.

The contest, which ran through November and December, was designed to draw new customers to sporting goods and hardware stores during the Christmas season, through attractively-presented sports merchandise. Powell's prize-winning window, in the opinion of the judges, was a notable example of how well small window space could be utilized.

Pool of Blood in Bus Presents Mystery

Mystery surrounds a pool of blood found in a Greyhound bus which arrived here at 2 a. m. Sunday, according to State Police Sgt. Lynn Harrell, who requests that the 11 passengers who came on the bus contact the local state police office, to aid in explaining the case.

The bus, Harrell reports, left Eugene at midnight and terminated its run at Roseburg. Eleven passengers were discharged here. After the bus had been cleared and the passengers had left, the driver discovered a large pool of blood in the coach, he informed state police.

Drew Pearson Gives \$5,000 To N.W. Christmas Ship

SEATTLE, Jan. 19. (AP)—Mayor William F. Devin announced today that Drew Pearson, columnist and radio commentator, has forwarded a check for \$5,000 from surplus contributions to the Friendship Train to be used to purchase food for the Pacific Northwest Christmas Ship.

The committee in charge of the ship said more money is needed, however, to buy enough food and clothing to load the ship for American-occupied sections of Europe. Contributions may be sent to the old Seattle Star building, 1309 Seventh Ave. The ship to be used, the Gretna Victory, is scheduled to arrive here next Monday. She also will load in Tacoma and Portland.

Northwest Fir Industry Posts New Output High

PORTLAND, Jan. 21.—Oregon and Washington's Douglas Fir industry broke peace-time lumber production records for eight years in 1947 with a cut from 1775 sawmills of 7,604 billion board feet, according to Harris E. Smith, secretary of the West Coast Lumbermen's Association.

"This increased lumber production, highest since 1929, has resulted in the greatest home-building year since 1925," Smith reported. "There were 830,000 homes started in 1947, and that means framing lumber was on the ground for every one of these new homes."

Forecasting even larger production in 1948, if sufficient railroad cars are available for lumber shippers, Smith said that increased lumber output is the best answer to inflationary trends. "Lumber has done its part to bolster the nation's economy," he said.

Production in 1947 exceeded 1946 cut by 388 million feet, and was 1,489 billion feet over cut in 1945, last year of war-time controls, Smith pointed out.
