Legislators Tarry Here on Study of Game Problems

Members of the legislative interim committee studying matters of game management in Oregon visited briefly in Roseburg Thursday en route to Medford, where a public hearing was held last night.

The committee is headed by Senator Lew Wallace, Portland, candidate for the Democratic nomination for governor, who stopped in Roseburg with Representative Carl C. Hill of Days Creek, also a member of the committee. Other members, who spent some part of the day in the city, were Representative Wm. Niskanen, Bend; Attorney John B. Ebinger, Klamath Falls, representing the Isaac Walton League, and James L. Loder, Salem, representing the Oregon Wildlife Federation.

Following a recent tour of Eastern Oregon, the committee is now winding up an extended series of public hearings. Meetings were held Monday in Portland, Tuesday in Corvallis and Albany, Wednesday in Eugene, Thursday in Medford, and sessions will be held at Coos Bay tonight and at Waldport Saturday.

Ira N. Gabrielson, secretary of the U. S. Fish and Wildlife Service, has been appointed technical advisor for the committee, and will spend several months in Oregon making a scientific study and furnishing recommendations to the committee in preparation for compilation of the final report. The committee will then prepare a report covering the full field of fish and game management to be submitted to the governor and legislature.

Ford Foremen Put Under Revised Pay

DETROIT, Feb. 6.—(AP)—A new plan covering responsibility and compensation of foremen in its employ was announced today by the Ford Motor Co.

Henry Ford II, president, said foremen, as individuals engaged exclusively in management functions, will be paid salaries determined by the skill of the operations they supervise.

Ford said foremen will be classified into six occupational groups. Periodic community salary surveys will be made, he added, to insure that foremen are paid salaries equal to, or better than, the going rate in the area of their employment.

AFL Still Seeks Political Guide

MIAMI, Fla., Feb. 6.—(AP)—The American Federation of Labor still was without a director today to guide its political activities in the forthcoming elections.

The AFL's administrative committee ended its meeting here last night and indicated it would meet again in Washington March 9 to discuss candidates for the \$20,000 a year job.

Though without a director, the

committee authorized AFL President William Green and Secretary-Treasurer George Meany to proceed with establishment of a nation-wide political organization. Chief purpose of the organization would be repeal of the Taft-Hartley Labor Act and defeat of the act's congressional supporters.

Former Senator Burton K. Wheeler, longtime friend of the AFL while in Congress, turned down the job because he said he could not give it full time.

Sportsmen Lose Round in Effort To Open River

THE DALLES, Feb. 5.—(AP)—The long-standing attempt of sportsmen here to open the middle Deschutes river south of Maupin to public fishing had suffered another setback today.

The Wasco County Court refused a petition by sports groups to convert an old railroad grade between Burke Creek and North Junction into a county road. The grade is now closed off at one point by private fishing clubs which own the property.

The County Court held that it should not obligate the county to pay the amount necessary to obtain rights-of-way and establish a county road there.

The Portland Deschutes Club, which has a private fishing ground on the river, and livestock men of this area opposed the proposed road. Livestock men declared it would force them to fence their property, at excessive cost.

Gandhi Rejected Safety Appeals

NEW DELHI, Feb. 6.—(AP)—Home Minister Patel told Parliament today Mohandas K. Gandhi rejected his entreaties to have persons attending his prayer meetings searched.

"My life is in the hands of God and if I have to die, no precautions can save me," Patel quoted Gandhi as saying upon vetoing his appeal. "I will not agree to anyone being restricted from coming to the prayer meeting or for anyone to come between me and my audience."

Gandhi was shot to death a week ago while walking to a prayer meeting.

"Every caution had been taken to save Mathatma Gandhi except a search of those coming to prayers," Patel said. "The assassin deceptively and successfully exploited the weak spot."

New Chemical To Fight Tooth Decay

PORTLAND, Feb. 6.—(AP)—The Oregon Dental Association today announced a plan designed to fight the new sodium fluoride treatment for preventing tooth decay to nearly all Oregon children.

The association said it would send a team of instructors to every community center in the state to teach dentists how to use the chemical to fight tooth decay.

Dr. O. T. Wherry said the treatment had proved 40 per cent effective in checking decay among children's teeth. Results

are inconclusive in tests on adults, he said.

Dr. Wherry, president of the State Board of Health, which will sponsor the teaching tour, said Oregon would be the first state to adopt this program.

Approximately 500 dentists attended the annual meeting here.

It is estimated that half of all the world's lakes are on the North American continent.

American tanners use about a million kangaroo and wallaby skins a year.
