Portland Pupils Boom Teacher for Mayor

PORTLAND, Feb. 19.—(P)—High school history teacher Frank Learned is so good that three of his ex-pupils have started a campaign to nominate him for mayor.

The girls—Shirley Anderson, Alice Weik and Joyce Day—insist they aren't apple-polishing. They already have passed their candidate's history classes.

In a letter to a Portland news-

paper, the girls said: "He knows the history of our country, state and city better than anyone we know, and could cope brilliantly with problems of government."

could be as good a mayor as anyone," he said.

In 1900 only 25 per cent of U. S. cotton textile production was carried on in cotton growing states, but more than 75 per cent is located in such states today.

Free Ride For You—
on the Freedom Train!

We had a real thrill in Our Town just the other day—when the Freedom Train stopped by!

You've heard about it, of course—an actual train that's touring the country to remind us again what true Democracy means. It carries such Americana as the Declaration of Independence, the Bill of Rights, and other immortal documents that guarantee every citizen his liberty.

A great idea! And from where I sit, we're all riding along with that Freedom Train—right now—by liv-

ing in a country that protects our individual liberties—whether they apply to our right to vote, to choose our church, to speak our minds, or enjoy a glass of beer with friends.

Only thing is—we've got to prove ourselves worthy of the ride ... by guarding zealously against whatever forces of intolerance encroach upon our American concepts of live-and-let-live, in a free and strong Democracy!
