Army Employees Ousted In Loyalty Inquiry

WASHINGTON, Feb. 28.—(AP)—The Army announced yesterday the dismissal of seven employees in St. Louis for reasons of national security.

In addition, the Army said it has turned over to the FBI an unspecified number of other cases for investigation under President Truman's order for a loyalty check of government employees.

The discharged employees were dropped from the finance section of the Army administration center, which handles records, including those of former soldiers.

The Army said its investigation showed "no instance of tampering with the records." Army officials said the dismissals were made only because there were reasons to doubt the loyalty of those employees.

Each case, they said was "carefully reviewed."

HOLLYWOOD, Feb. 28.—(AP)—Ten seconds before the end of his first professional fight Leroy De Catur, 20-year-old Negro lightweight boxer, collapsed and died in the ring last night.

It was the last round of a four-round preliminary bout at Hollywood Legion Stadium. De Catur, a Los Angeles fighter who had fought in 40 amateur bouts, was leading on points in his fight with Fred Herrera, 20, Mexican battler, when the tragedy occurred. Herrera also was fighting for the first time professionally.

It was the nation's second professional boxing death in a week, and the 22nd ring fatality in little more than two years. Sam Baroudi of New York died in Chicago a week ago today after he was knocked out the night before by Edward Charles of Cincinnati.
