"You can't make a bad
cup of M.J.B."

says
BETTY HUTTON
starring in
"Dream Girl"
a Paramount Picture

Always mellow...even when it's made strong
Always flavor-rich...even when it's made mild

1. Each year we search the world to find the finest crops for M.J.B.'s richer blend. On each plantation, coffee quality varies from season to season—but only the top crops come to M.J.B.

2. "Individual roasting" coaxers out all the secret goodness locked in every bean of M.J.B.'s top-of-the-crop coffees. These subtle extra flavors are lost by most roasting methods.

3. Highest-vacuum pack seals in every whiff of M.J.B.'s fragrant goodness till it reaches your cup. Try it today and you'll agree—you can't make a bad cup of M.J.B.
