balance the risks against possible benefits, and if it looks reasonable they tackle it, do their best to make it work out and take the consequences.

WITH that out of the way, we pass on to things of deeper portent. The Russians reject our protests on the blockade of Berlin.

Our army promptly issued orders to move an American freight train into Berlin. Meanwhile, we've been sending in supplies by air.

WHAT does it mean. Probably this? The Russians are testing us out, to see how tough we are. We're testing the Russians out to see whether or not they mean business.

HERE is a danger: Some trigger-happy Russian too full of vodka might shoot down an American supply plane.

MINOR note on the news: Senate and House conferees agree on a little over six billions as the first "package" of American aid for Europe and China.

CITY-COUNTY DIRECTORY Revision Job Started A crew of canvassers from the T. W. Salisbury Publishing Co. has been organized in Roseburg and is starting work immediately to collect names and information to appear in the 1948 city and county directory.

YOU AIN'T SEEN NOTHIN'

By CHARLES V. STANTON

Our provincial pride has again been offended. It seems that Roseburg is never given deserved recognition or credit. Other cities have no trouble making headlines, but no one seems to know that Roseburg exists, even though we now have official standing as the timber capital of the world.

Medford lays claim to our own Diamond Lake. Klamath Falls boasts of taking our timber. The Southern Pacific (Friendly) puts us on a sidetrack and lists us in small type, even leaving us off some of its maps.

Thus we have been and are ignored, slighted and robbed of rightful recognition. But now comes the crowning insult. If we did not know Marshall Dana as we do, having had through his efforts as editor of the editorial page of the Oregon Journal much help and many courtesies in dealing with civic problems, we would accuse him of prejudice.

The Oregon Journal placed itself in this unenviable position by nominating the city of North Bend as the "jaywalking city in Oregon." The Dalles and Medford immediately challenged the nomination and claimed the title for their own communities. Now, The Journal has the temerity to announce that "it begins to look as if the competition is closed and North Bend is the undisputed winner."

North Bend we will admit may have a moderate proportion of jaywalkers. It is true that the city has posted entrance signs proclaiming the municipality to be the "Jaywalking City in Oregon." We agree that The Dalles cannot be considered a logical contender because motorists and pedestrians alike get so wobbly from driving the curves of the Columbia Highway that reeling and veering off at tangents finally becomes habitual with residents and the visitor alike, so it becomes impossible to reach a classification of true jay walking, as contrasted with blind staggers.

We must doubly challenge Medford, not only for claiming the jaywalking title, but also for claiming to be "the coffee-drinkingest town west of the Mississippi," a statement found in a recent issue of the Medford Mail Tribune which says: "We would, indeed, be remiss in our civic duty if we failed to speak forth in behalf of Medford in this momentous controversy. Being the coffee-drinkingest town west of the Mississippi, we are naturally the jaywalkingest place—certainly as far as Oregon is concerned, Dexterous citizens here, when headed for the nearest coffee shop, can cross main street between intersections with more agility than an All-American halfback running through a broken field in a Rose Bowl Game."

Coffee drinkers, indeed! Why, a puny eighth grader from this land of the Paul Bunyans, where our restaurants use locomotive boilers to brew coffee for the trade, could whip those effete Medfordites and never crook a little finger. Imagine, if you please, North Bend, The Dalles or Medford disputing Roseburg's right to the jaywalking championship.

This, sir, is a land of rugged individualism. Is it to be thought for one moment that our population, trained in the Great Outdoors, where men walk in unrestrained freedom on virgin paths beneath a canopy of stalwart firs, will waste footsteps in trekking to the pedestrian lane? Can one imagine that our men of profession and business, pressed by overwhelming duties imposed by continuing immigration of new population and the prosperity of Oregon's leading boom town, have time to seek a crosswalk as they dash regularly upon the hour, and frequently between times, for the cup of steaming Java which is almost the sole source of nourishment for some?

Let's hear no more about this matter. It is obvious that in the pure and unadulterated art and practice of jaywalking there is no place which can begin to compare with Roseburg. Simply because we have heretofore failed to toot our own horn is not sufficient excuse for the oversight. We'll admit we've been sidetracked by the "Friendly" S.P. We know we've been left off a lot of maps. We realize we haven't been pushing ourselves forward in the society of municipalities—our roads are too bad for much social visitation with our neighbors. But, brother, don't think the people of Roseburg aren't artists at jaywalking!

Until you've seen the way people jaywalk in Roseburg, you ain't seen nothin'.

Federal Service Rapped by Judge in Citizenship Case SAN FRANCISCO, April 6.—(AP)—A 21-year-old boy was granted U. S. citizenship yesterday by a federal judge who took a sharp lash at the U. S. Immigration service. "It's about time," said Judge Michael J. Roche, "that the human side of these cases got some attention in this court."

Schools of North Douglas Ready For Baseball Opening

Weather permitting, northern Douglas County's High School Baseball B league will open its season this Friday with Yoncalla playing at Sutherlin and Oakland at Drain. Elkton, the fifth member in the league will draw a bye the opening date.

The schedule calls for girls' softball games, five innings, to start at 1:30 P. M. as a prelude to the boys' regulation baseball seven-inning contests. By mutual agreement between individual schools playing dates may be adjusted, and the place for the game reversed to the others ball field, if one school's ball diamond is in better playing condition than the other.

LeRoy Hanson, Yoncalla principal and league secretary, announced that trophies have been obtained for winners in both boys and girls contests. The winner is slated to compete in the Southern Oregon district championship, and the district champ is to enter the state play.

A split in the county has been made for baseball, with Roseburg dividing lines with the northern boys' teams will play hard baseball, but the southern division teams, including Canyonville, Riddle and Days Creek, with Gendale and Camas Valley as possible entries, will play only boys' and girls' softball. Further information on the southern league will be announced later.

Myrtle Creek, last year's county "A" champion, is now playing a league competition. Drain took second place in the league last year, and Yoncalla third. Yoncalla's girls team was last year's champ, and Days Creek won the boys' softball trophy.

The complete northern division schedule drafted at a meeting of the principals and coaches of the schools March 24 in the Umpqua Hotel in Roseburg follows: April 9—Yoncalla at Sutherlin, Elkton bye, Oakland at Drain.

April 13—Oakland bye, Elkton at Sutherlin, Drain at Yoncalla. April 15—Yoncalla at Elkton, Sutherlin at Oakland, Drain bye.

April 20—Drain at Elkton, Sutherlin bye, Oakland at Yoncalla. April 23—Yoncalla bye, Sutherlin at Drain, Elkton at Oakland.

April 27—Drain at Oakland, Elkton bye, Sutherlin at Yoncalla. April 30—Drain bye, Oakland at Sutherlin, Elkton at Yoncalla.

May 7—Yoncalla at Drain, Sutherlin at Elkton, Oakland bye. May 14—Yoncalla at Oakland, Sutherlin bye, Elkton at Drain.

May 21—Yoncalla bye, Drain at Sutherlin, Oakland at Elkton.

Umpqua Chiefs Not To Participate In State League That the Roseburg Chiefs would not enter the State Baseball League was decided following a meeting Sunday at Albany attended by H. W. Sanders, representing Roseburg sponsors.

The State League is not well organized, and tentative playing dates would conflict too strongly with the Southern Oregon League, in which Roseburg is scheduled to play.

Only Bend, Salem, Albany, Portland and Roseburg were represented, said Sanders. Travel distance between the towns was considered too great. Preparations may be made, however, for an entry into the league next year, if conditions justify, he said.

At a meeting in Medford to complete details for the Southern Oregon schedule, it was voted that representatives of the teams entered in the play should hold office, reported Elmore Hill, Umpqua Chiefs' manager.

As a result it was necessary for the delegates to choose a new president and vice-president. Don Hedgopth of Grants Pass, was elected president, succeeding Mr. Hoffman of Central Point.

Graziano Not Up To Top Form In Defeating Horne

By ARTHUR EDSON WASHINGTON, April 6.—(AP)—If there's anything that Middleweight Champion Rocky Graziano doesn't need, it's a rest cure.

He showed that last night as he defeated Sonny Horne of Valley Stream, L. I., in a non-title bout that went the full 10 rounds.

He also showed that he will need plenty of work if he expects to defend his title successfully against Tony Zale on June 9, probably in Newark.

Graziano is famed for his knockout punch. It was completely unemployed last night. Repeatedly Graziano swung, and repeatedly he missed, sometimes by as much as six inches.

Yet so powerful is Graziano—a stocky little character with the muscles of a 250-pounder—that his glancing blows did more damage than the straight ones from the light-jabbing Horne.

At the end Horne had bad cuts over both eyes, and looked tuckered out.

Graziano didn't have a mark on him, and looked as if he was ready to fan Horne for another 10 rounds.

The judges all voted for Graziano, but many of the 5,181 customers booed when the decision was announced.

Graziano, who at 160 weighed a pound less than Horne, pretty well summed up the situation in the dressing room after the fight. "I needed this one," he said. "If they don't ban me out of the ring, they'll rust me out."

He was referring, of course, to the fact that he hasn't fought since he won the title from Zale last summer.

New York has banned him because he failed to mention that someone tried to bribe him. Illinois and 13 other states have barred him because he once wandered off from the Army without bothering to ask the Army's consent.

So put Graziano's troubles down as rust.

After all, he won. So did the National Infantile Paralysis Fund. It will get Graziano's share—round \$10,000—of the \$34,737.92 gate. This was supposed to be the clinching proof of what a good boy the Rock has become.

Crack Shots Will Display Skill At Winchester Range

"Drawing" an Indian head with 250 caliber .22 bullets in about three minutes is one of the highlights of the entertaining public shooting exhibitions to be given by Ernie and his wife Dot Lind, Winchester-Western shooters, at the Roseburg Rod and Gun Club grounds at Winchester on April 8, at 5 p.m.

The appearance of the famous couple, called America's number one exhibition shooters by the American Magazine, is sponsored by the Roseburg Rod and Gun Club. The exhibition is free and the public is invited to attend.

Spectacular shooting with rifles, shotguns, pistols and revolvers and safety practices in the handling of firearms are stressed by the Linds throughout their exhibition. In addition, the Linds will answer any questions and discuss shooting problems with members of the audience following their exhibition.

Dot Lind, a pretty 120-pounder, shooting at aerial targets with single and double barrel shotguns, shows how, with patience and practice, a woman can easily handle the heaviest shotguns. Ernie Lind matches any Western film performer with his exciting demonstrations of the "quick-draw" with one and with two revolvers.

Targets as tiny as aspirin tablets and moth balls disappear before bullets from Lind's Model 52 target rifle, which she also uses to split a playing card from edge to edge. Four flying aerial targets become merely puffs of dark smoke in the sky in the wink of an eye when Ernie points his shotgun and fires on them.

Amateur Boxer Decides To Retire at Age 72

TROY, N. Y., April 6.—(AP)—Fred Ladd, amateur boxer, says he will take the advice of physicians and retire from the ring. Ladd is 72.

His decision canceled his bout tonight with Troy's Marty Dwyer, who is nearly 30 years younger than Ladd.

Ladd, whose home is in Salem, said doctors had told him he must retire. He claims he was never knocked out in 332 amateur fights during the past 37 years.

His last ring appearance was last year at the Rutland, Vt., fair.

Baseball Planned By N. Douglas Grade Schools

For the first time in many years regulation baseball will be played by the grade school teams at Drain, Elkton and Yoncalla. These schools competed to some extent in softball last year, and some of the other schools in the county will play softball this year.

While these three schools have no regular schedule drafted, they will compete whenever games can be arranged, depending on weather conditions, on a home-and-home basis.

The Portland Athletic Company has donated a trophy for the championship team, reports C. N. Eddy, coach at Drain.

WEATHER REDUCES SHOOT Because of strong winds and stormy weather, only a small group were present for the Calapooia Rod and Gun Club scattergun shoot at Sutherlin Sunday.

In the telegraphic contest, Lewis Allen, Will Dage and George Marsters, Jr., each turned in perfect scores of 25 clay pigeons targeted.

Next Sunday a merchandise shoot is scheduled.

In the 13th century, a widespread belief was that a sapphire set in a ring would cure carbuncles; a garnet, bee stings.
