(By the Associated Press)
Comedians could make a routine today out of the business of who's on top in the Pacific Coast League.

The San Francisco Seals are sitting there on the basis of four percentage points. But the Los Angeles Angels, behind in points are technically a half game ahead because they've won three more games than San Francisco. The Angels have also lost two more than the Seals.

Thus the rest of the league must figure games behind from

the Los Angeles level, although the percentages really tell the story.

If that isn't confusing enough, there's San Diego preched only a half game behind the Angels, but really no games behind San Francisco.

Oakland's percentage also is lower than the Seals', although the Oaks have won one more game than San Francisco.

The whole muddle can be blamed on rain, the moisture having knocked out a flock of San Francisco games, including one with San Diego last night. Rain also cancelled out a Hollywood at Portland doubleheader.

In the only action last night Oakland beat Seattle twice, 6-0 and 3-2, and Los Angeles tripped Sacramento for the fourth straight time, 6-5.

Oakland's lefthander, Earl Jones, pitched four-hit ball in the first game to shut out the Rainiers. Christopher's bases-loaded homer in the fourth inning topped the Oaks' 11-hit attack.

Oakland won the seven-inning second game when Will Hafez pinch singled in the last inning after Fernandes doubled and Bucola, running for him, had moved up on an infield out.

Angel relief pitcher Anthony struck out five Solons in the last three innings to win the ball game. Sauer's double scoring Dallesandro having produced the winning run in the seventh inning.

Marty drove in all the Sacramento runs with two homers and a single.

western democracy in the strategic nation.

The greatest step in that direction was passage this month of the vast European recovery program, under which American supplies already are flowing to Italy. U. S. shipments of food, coal and other aid to the Mediterranean country since V-J day now total an estimated \$1,900,000,000.

In another last-minute move, attorney general Clark reminded Italians in a broadcast last night that this country had found it necessary to bar its doors to Communists.

Timely U. S. Action

The newest demands on Russia were carefully timed. The state department published the note from Undersecretary of State Lovett to Soviet Ambassador Panyushkin just six hours before the midnight deadline set by the Italian government to provide a 32-hour breathing spell before the polls open.

Lovett noted that Moscow had said in a note last Tuesday that the procedure suggested for returning the free territory of Trieste was "unacceptable." In reply, he said that if Russia only would agree to the idea "in principle," the United States would be glad to receive Moscow's suggestions on how to arrange the transfer.

The British and French notes were similar, state department officials said.

Ford's new 4-Speed
Transmission

Maybe you enjoy slow farming . . . but there's no money in it. If I can show you faster farming . . . with no more work you'll be interested, won't you?

All right, just take one feature of the Ford Tractor, the 4-speed transmission. On the road I'll give you up to 12½ miles per hour. In third speed (top field working speed) I'll give you 6 miles per hour. And so on down . . . each speed, even the reverse, is faster. Saves lots of hours in a year.

Won't you let me demonstrate this Ford Tractor (and its Dearborn Implements) on your farm? I have something special in parts and service, too.
