The members discussed the state convention in Portland Apr. 30, May 1 and 2. Governor Thomas E. Dewey, Republican candidate for governor, will make his first address in Oregon at the convention. Other discussion centered on membership and the J. C.'s concession for the rodeo.

Junior High Awaiting Future Pupils' Visit

One hundred four children from the non-high school districts who will attend Roseburg Junior High ninth grade next year are expected here Wednesday for an all-day visitation session to become acquainted with the facilities of the school.

The number of students, compared with the 61 who came last year, is an indication of the rapid school growth in the outlying districts.

According to R. R. Brand, Jun-

ior High principal, registration will take place at 8:15 a. m. or as the students arrive. They will attend ninth grade classes most of the day, except for an assembly at 10:45, and a conference hour the last period of the afternoon. Recreation and a brief program are arranged for the noon hour.

**How to clean
a windshield**
not that you need to know
—with us around

Sounds simple, but we've spent thousands of dollars analyzing road film and finding what takes it off best. We learned, for instance, that road film varies in different parts of the West; so we developed cleaners we know get it off. And in case your windshield's bugged up, we have a special cure for that, too.

After plenty of cleaner comes plenty of stiff rubbing. It takes a special knack to rub out streaks—but our equipment and training get 'em. Finally, we polish the wind wings, clean the rear window, and buff the headlights.

Zip! The job's done in less time than it takes to read this. Drop in any time and watch us work on your windshield. Folks say we're champion windshield sparklers...and we give your tires, radiator and battery the same thorough care.

We'll take better care of your car
