"You can't make a bad cup of M.J.B."

says **DOROTHY LAMOUR** starring in "Road to Rio" a Paramount Picture

Rich or mild, strong or light, Its flavor always tastes just right!

- Each year we search the world to find the finest crops for M.J.B.'s richer blend. On each plantation, coffee quality varies from season to season—but only the top crops come to M.J.B.
- "Individual roasting" coaxes out all the secret goodness locked in every bean of M.J.B.'s top-of-the-crop coffees. These subtle extra flavors are lost by most roasting methods.
- Highest-vacuum pack seals in every whiff of M.J.B.'s fragrant goodness till it reaches your cup. Try it today and you'll agree—you can't make a bad cup of M.J.B.
