

Faltering Brooks Draw Home Jeers

By JACK HAND
(Associated Press Sports Writer)
Home sweet home has a strange tune in Brooklyn this year. Jeers instead of cheers greet the Dodgers after five straight defeats in "friendly" Ebbets Field.

No longer does a return to Flatbush guarantee success. First the Boston Braves and then the feared St. Louis Cards swept series in the flocks own backyard where the Dodgers are supposed to be toughest. Even the mighty Casey is getting the bumps.

It happened again yesterday as Casey made his second straight relief appearance. The Cards slugger drew their way to a 13-4 slaughter. The loss was charged to starter Joe Hatten, who was battered to all corners in a six-run fifth inning. Casey and King also were treated roughly while Pollet tamed the Brooks with nine hits for his fourth straight success.

As a result of the day's firing in Ebbets Field, the Cards have a 21-game lead over the runner-up New York Giants. Brooklyn is sixth, only six percentage points ahead of Chicago.

Card manager Eddie Dyer was ejected by umpire Art Gore after a bitter protest over a Casey pitch that hit catcher Rice in the head. Earlier Casey had hit Kurwowski with a pitched ball.

Giants Lose Ground
The Giants lost ground when they were hogtied by Cincinnati's Fox, 3-1. Fox, an early season "bust," hurled a neat six-hitter for his first win of the year. He started the game-winning rally with a single off loser Koslo.

Riddle continued his remarkable comeback by blanking the Boston Braves with four singles while Pittsburgh clubbed Barrett and two successors for 17 hits in a 13-0 romp. Kiner hit his ninth homer and two doubles to ease Riddle's path to his fourth victory.

Chicago's Cubs rapped three Philadelphia pitchers for 14 hits in a 5-3 decision over Dubiel.

American League Results
Cleveland opened up a game and a half lead in the American by drubbing Boston, 13-1, after the runnerup Philadelphia A's bowed to Detroit in the afternoon, 4-2. The Indians profited by the generosity of southpaws Harris and McDermott who tied the major league record by walking 18 men.

Freddie Hutchinson rationed the slumping A's to five hits while Detroit banged Scheib, Savage and Harris for 15 blows.

With Joe Di Maggio enjoying a field day, the New York Yankees gave the Chicago White Sox their daily whipping, 13-2. Di Maggio hit two homers, a triple, double and single for five hits in six trips, driving in six runs.

The St. Louis Browns hopped all over Washington for a 17-7 verdict to move into fifth place, passing both the Senators and Red Sox. It was the highest run total of the year in the league.

Carrying Water To Circus Elephants Now A Rare Task

When the circus is discussed in any part of the United States and Canada, almost every man present will recall with nostalgia his boyhood thrill in carrying water to the elephants when the great tents ballooned toward the sky.

Yes, countless thousands of kids have lugged water buckets of thirsty pachyderms to earn tickets to the show. But nowadays when the water wagons of the Clyde Beatty railroad circus make their rounds, they fill the tubs at the elephant corral and the huge hulking creatures just help themselves.

The elephants also give themselves real shower baths. Over and over again they empty the tubs as they fill their trunks and throw cascades of water over their backs. You can imagine how often the water trucks have to refill when a whole herd of elephants are enjoying their daily showers.

With its elephants schooled in startling new routines this season, and a host of sensational new features, including the one and only Clyde Beatty, world's greatest wild animal trainer, appearing in person on its gigantic program, the Clyde Beatty Trained Wild Animal Circus will give performances in Roseburg Sunday, May 22, at the Edenbower show grounds.

At the social meeting Wednesday at the Cafe Del Ray, Ken Atterbury, President Bill Hansen and Lieutenant Governor Arlo Jacklin reported on the district convention at Coquille last week end. Gene Gilpin is the new district governor. Jacklin's term as lieutenant governor expires July 1. He was not a candidate for re-election.

It was announced also that Hansen and Jacklin had been appointed as two of five judges for the Gladiali Queen contest, sponsored by the Grants Pass Active Club in that city in July. There will be nine queen candidates from whom the judges

Pitchers Put Rainiers In Win Streak

(By The Associated Press)
That pitching Seattle's Rainiers were counting on to make them Coast League pennant contenders has arrived in a sudden hail of goose eggs.

Fletcher, the bespectacled right-hander, fashioned a one-hit shut-out to defeat Los Angeles, 2-0, last night. He came close to duplicating the perfect seven-inning no-hitter that Barrett pitched for the Rainiers last Sunday.

And tonight the Angeles were slated to face Barrett.

The win tightened Seattle's grip on fourth place, seven games back of leading San Francisco, which lost to Oakland, 2-1. That result left second-place Los Angeles four games behind, and the third-spot Oaks, five.

Fletcher's job was marred only by Mallory's single in the fourth inning. Mallory got as far as third and died there.

The only other Angel to reach base was Dallessandro, who walked in the second and was snuffed out in a double play. Fletcher thus faced only 28 batters—27 in the official box. He fanned four.

Other Results
Southpaws Wilkie of the Oaks and Lien of the Seals hooked up in a tight duel in Oakland. Christopher's homer proved the winning margin. Wilkie hurled a shutout until the ninth when Mackiewicz and Howell doubled for the Seals' lone run.

Hollywood's slugging Star's belted San Diego for a 13-2 triumph.

In the cellar battle, Sacramento defeated Portland, 8-2, to push the Beavers a game and a half back in the hole. The seventh-place

OUR NEW PLANTS WILL PERMIT GREATER FOREST CROP UTILIZATION

A NEW sulphate pulp mill at Longview, Washington, to process milling and logging left-overs. Will employ 250 men, and is expected to begin operation this summer.

A NEW plywood plant at Longview, Washington, began operating in December, 1947. This plant is now undergoing further expansion. It will ultimately employ 325 people.

A NEW plant at Springfield, Oregon. Will include sawmill, planing mill, dry kilns and container board factory, furnishing employment for several hundred people.

A NEW bark products plant in Longview, Washington, began operating in June, 1947. Represents an important step toward making some of the bark—former total waste—into useful products.

LAST YEAR this company's expenditures for plants were \$18,500,000, and we will invest \$28,000,000 more in similar construction during 1948-49 if the work can be accomplished. (Above are shown the types of plants for which this money is being spent.)

For some time our company has been developing a whole crop utilization program. We are building diversified manufacturing plants needed to get maximum use and dollar value from each tree grown. We can build these permanent plants because each millsite we are developing is supported by tree farms of sufficient acreage to provide a continuous timber supply forever.

We are living in an inflationary period. Everything is higher than ever before—sales, wages and profits. Industry's cost of living has increased right along with that of the individual. But in these times of surplus deflated dollars, we must give thought to tomorrow's competitive market.

As a private enterprise, looking at it from this long-range view, we believe it is good business to expand our plants now—even though costs are high. We believe our whole crop utilization program will ultimately earn steadier profits from the timber harvest. At the same time it will make more permanent jobs, help give stability to the communities in which we operate, increase the number of useful forest products, and provide a dependable tax source to government. We believe this policy is sound in its service to all.

New Plan Will Cut GI Gripes on House Buying
SEATTLE, May 21—(AP)—Veterans Administration headquarters here reported a new appraisal system to reduce ex-G.I.'s "gripes" about the houses they buy.
Henry A. Colver, regional loan guaranty officer, said appraisers

will advise veterans about the condition of property to be bought under the G.I. home loan program. They will point out deficiencies that may affect maintenance costs and which the veteran might miss on his own inspection.
This and other changes in the appraisal system will be effective June 1.
