2 Reedsport Grads Hurt In Car Crash

REEDSPORT — Immediately following graduating exercises in the Reedsport High School last Friday evening, two graduates were seriously injured in an automobile accident at Gardiner.

Remonia Jean Wilson, 18, suffered a compound fracture of the right arm as well as serious cuts and bruises on her body and Fred Cockeram, 18, was forced through the windshield of the coupe in which he was riding and received serious cuts upon the head, hands and body.

The car driven by William R. Kidd, said to be traveling at a high rate of speed, left the road on a turn and crashed into a pile of concrete pipe and was almost completely demolished.

The wreck occurred at 11 p. m. while the young people were en route from the graduation exercises to a beach party near Tahkenitch Lake. The injured were brought to the offices of Dr. Amick in Reedsport, where they were given treatment and at an early hour Saturday morning were taken to their homes.

Fred Richter Still Lost On River Jaunt

No further report has been learned here relative to Fred Richter, 57, of Oakridge and formerly of Roseburg, who has been missing since fishing in the Wicklup reservior. The fishing rod of his partner, J. P. Handley, 53, Oakridge, was found Thursday by searchers who began their hunt when the men's boat was found capsized.

Richter, who operated a store in Roseburg about 1923, and prior to that lived on the Sunshine Ranch on the North Umpqua, has been away from Roseburg about 15 years, going to Ontario, and then to Oakridge, where he operated a food market. His father and later his brother, Ralph, who still resides in Roseburg, at one time operated a store at Camas Valley.

Richter had a wife; two daughters, Mrs. Al Zojanc (Madeline), and Barbara, freshman at the University of Oregon; a son, Fred, Jr., at home; two grand children; two brothers, Ralph of Roseburg and Bernard of Los Angeles.

ITCH (Scabies) is highly contagious and will continue for life if not stopped. Its sole cause is the itch-mite, which is immune to ordinary treatment. EXSORA kills the itch-mite almost instantly. Only three days' EXSORA treatment is required.
