Scheduled for opening Saturday at 335 South Stephens street will be Stringer's Shoe Rebuilding business, which will occupy the south portion of a new fire-proof structure erected by Frank J. Stringer.

The pumice block, one-story building, 56 by 48 feet in dimensions, has been divided into three parts, the remaining two to be leased.

With Stringer in the business will be his father, H. C. Stringer, who has operated a shoe rebuilding business the last 20 years at Los Gatos, Calif. The new store will feature "while you wait" service and specialize in logger boots.

Mr. and Mrs. Stringer moved to Roseburg from Gilroy, Calif., about two months ago and shortly after started construction of the building. Hatcher Construction Company is the contractor. Mr. Stringer formerly lived in Roseburg for a short time before the war, and enlisted in the Army from this city. Mrs. Stringer is currently employed as bookkeeper at the News-Review.

ed that the regulations "won't hurt the taxi cab drivers any."

Draft of the new ordinance was prepared by the council's Police Commission, headed by Councilman Ashley and including Councilman Hal Ayotte and William J. Adair, assisted by the city attorney.

**Better Lighting Asked**

A delegation of the Roseburg Rotary Club appeared to urge the improvement of the city's street lighting system. The delegation, composed of the club's community service committee, included Lawrence D. Roberts, Roland West, H. H. "Hod" Turner, Calvin H. Baird and J. V. Long, who acted as spokesman.

The group called attention to "the very poor lighting in our main district at the present time, which we believe to be wasteful and quite inadequate from several standpoints." Reading from a letter presented to the council, Long continued:

"The broken posts, that we understand are next to impossible to replace, create electrical hazards in wet weather, besides leaving great gaps between lights, causing the loss of lighting to our many business buildings, the dark corners that create traffic and pedestrian hazards are also conducive to burglary and other crimes."

"We especially wish to direct your attention to Stephens Street. We are of the opinion that a well lighted street leading into our city makes a lasting impression on those people who travel our highways. We believe that it might be instrumental in securing new businesses and new people in our community, and we are sure you will agree that it would be a wonderful improvement to our community."

**Miscellaneous Matter**

Mrs. Peter Crummett, 612 S. Pine St., presented a petition asking for installation of stop signs at the intersection of Sykes St. and S. Pine St. The matter was referred to the street committee.

Dexter Rice, attorney for the California-Oregon Power Co., asked that the council give the "most expeditious" action to the matter of vacation of Railroad

Alley between E. 1st and E. 2nd Sts. The first and second readings of an ordinance providing for the alley vacation were given.

The first and second readings were given to an ordinance providing for a revised franchise for the Roseburg Transit bus lines, for the reason that the company plans to change its routes in the city.

The council discussed the proposed improvements of S. Jackson St., which have been pending, but for lack of an engineer's estimate of cost, took no action.

Because Leonard and Slate, contractors for the E. 2nd Ave. S. widening program, apparently will be unable to complete the project this year, the city manager was authorized to arrange with county officials for the oiling of the thoroughfare at a "reasonable cost."

At the suggestion of Councilman George E. West, the mayor authorized the Police Commission to study the operations of the Roseburg Garbage Disposal Co., with a view toward improving service.

### Prize Winner Chooses Sport to World Trip

**FAIRBANKS, Alaska, July 20.**—T-S Jim Shain doesn't want to go around the world.

Instead, he's going to Northway, an isolated camp near the Yukon-Alaska border where the hunting and fishing are good. His wife, Maxine, of Sikeston, Missouri, will go with him.

The 10-year-old Alaska communications system radio technician made up his mind today to accept a check for \$4,000 instead of the flying trip around the world for himself and Mrs. Shain which he won as a grand prize in the Fairbanks American Legion-sponsored Fourth of July celebration.

The young soldier said his commanding officer had agreed to grant him a 30-day furlough for the world tour. He also promised family quarters for the young couple if Shain would transfer to Northway.

### New Traffic Jam Recipe: Fruit and Motor Truck

**WAUKEGAN, Ill., July 20.**—(AP)—Want a new recipe for traffic jam?

Take: 300 cases of Red raspberries; 25 cases of black raspberries; 15 cases of currants; 50 cases of dewberries and 25 bushels of apples.

Mix well and press with a ton and-a-half truck.

That's what Wayne Hellienga of Three Oaks, Mich., did last night. His truck, loaded with the juicy ingredients overturned on highway 41 north of here. There was plenty of traffic jam. Hellienga was not hurt.

**25 Age Man Come First**

Servicemen officials may make their first draft grab at 25-year-olds—who otherwise would be ineligible after one more birthday.

Major Gen. Lewis B. Hershey, selective service director during World War II, made that known yesterday as he was sworn in as head of the new draft setup.

Hershey told a news conference after the ceremony:

"There has been quite a little discussion of starting with the older ones first."

Eighteen-year-olds can avoid the draft by enlisting for one year and then serving for a longer period in the reserves. Such enlistments will be accepted starting tomorrow.

Some 4,000 registration places will be used, the general said, as compared with 120,000 used before World War II. He added that 13,000,000 draft and registration cards have been prepared. The first registration is expected to total 9,600,000, with several thousand more men to be listed each month after that.

**MOSCOW, July 20.**—(AP)—The Council of Ministers today placed 100,000 tons of grain and other foods at the disposal of the Soviet military administration in Germany for Berlin, including its western sectors.

Informants here viewed the Soviet move as putting the western allies in this tough spot: If they agree to allow Russian food to go into the western sectors, the need for maintaining the heavy air lift would diminish. If they do not accept the Russian food, they are subject to accusations similar to those made against the Russians.

It was felt here the Russians are probably ready to undertake the permanent supply of Berlin, including the western sectors. They have made it plain they feel all Berlin, including the American, British and French zones, are under their control.

His purchase of Collier's Shoe Repair, in the Valley Hotel Building on Washington Street, was announced today by Harry Lawrence Hill. The business will be known hereafter as Hill's Shoe Repair.

Son of the late Earl R. Hill, Harry Hill has been a lifetime resident of Roseburg. He served more than five years in the Army during the recent war, going overseas with the local National Guard company.

He was employed prior to the war and since his release from the armed forces by Kelsey Hobday, operator of a shoe repair business. He is married and the father of two children. Mr. and Mrs. Hill have both been employed by the Roseburg Skating Rink in the Roseburg Army.

George Collier, former owner of Hill's Shoe Repair, will make an extended trip East, it was reported.
