

**Harvesting in Oregon Slowed by Rain, Frost**

PORTLAND, Aug. 11 — (AP)—Rain and frost slowed harvesting and damaged some crops last week, the Weather Bureau's crop development report said. Storms in Umatilla, Wasco and Sherman counties kept grain so wet that harvesting was delayed, the report said. Peas and

wheat suffered \$250,000 damage in Umatilla County from a hail storm a week ago. Light frosts in South-Central Oregon froze some high range grass. The peak of the wheat harvest has been reached in Umatilla, Gilliam and Wasco counties, the report said. In the Willamette Valley wheat is 25 to 50 per cent threshed. Spring wheat, however, was reported in need of rain.

**Reno Wrestles With Problem Of Prostitution**

RENO, Nev., Aug. 11.—(AP)—A month of its old prewar legalized prostitution was just about enough for postwar Reno. The City Council Monday night took the first step toward banning prostitution permanently. A measure was introduced to repeal a section of the present city ordinance permitting houses of prostitution to operate under city license when 250 feet from a public street or alley. Final Council action is slated August 23. In prewar years, Reno's notorious and police-guarded stockade housing prostitutes was one of the principal tourist attractions—although from a distance. When the Army established an air base here during the war, it insisted the stockade be closed for the war period. As a result, prostitution assumed the same status in Reno as in most other cities until July 9, when District Judge Merwyn Brown ruled the war emergency at an end and the ordinances once more valid. One establishment promptly opened for business, and obtained

**C. A. Baum Jr. Acquitted Of Assault and Battery**

Claude A. Baum Jr., was found not guilty of assault and battery after a trial in the court of Justice of Peace Thomas C. Hartfiel Tuesday. The charge had been brought by Nora Denn, who alleged that Baum had assaulted her husband, Henry Denn, July 31. Evidence brought out in the trial, according to Hartfiel, revealed that Baum and Denn had engaged in a fist fight on a public road in the vicinity of their homes in Camas Valley. On July 23 a jury of six had acquitted Nora Denn of a charge of failure to stop and give her name and address at the scene of an accident. The case was tried in Hartfiel's court, after Baum had brought the complaint alleging his car was damaged in an accident with Mrs. Denn's vehicle.

**Poland Merges Youths Ready To Battle Anti-Reds**

(By Larry Allen) WARSAW, Aug. 11 (AP)—Young Communists and Leftist Socialists have banded together all the big youth organizations in Poland into a single Polish Youth Association. The new union, embracing more than 700,000 members, say it is ready to fight "against imperialism for a lasting peace and the free development of Nations." Poland's youth, too, say they'll stick close to Soviet Russia and develop fraternal relations with the Russians and the peoples of other Eastern European Democracies. The ZWM—Communist fighting youth organization—long had agitated for the merger of all youth groups in Poland. With its close ally, the Leftist Socialist Organization, they pushed the union through at a congress recently in the lower Silesian City of Wroclaw (Breslaw). Janusz Zarycyc, head of the supreme council of the fighting

youth, was elected president of the fused organization. The vice-presidency went to Lucjan Motyka, who has headed the Central Committee of the Omtur, a Socialist organization of university students and workers. The communist fighting youth had a membership of 300,000. The socialist Omtur had 150,000. With these were banded 250,000 of "Wiel"—the peasants youth union—and 20,000 of the ZWD—an organization of democratic intellectuals. A supreme council of 100 members was elected to run the Polish Youth Association. Additionally, a presidium of 13 persons was chosen to administer various sections of the Association. Formation of the Association is a forerunner of the fusion of the two biggest political parties—the Communist Workers Party, and the Leftist Socialists. That union already has been agreed upon and is expected to be announced in October. It will give the Communists a strong talking basis from the international standpoint. Membership of the merged parties will run around 2,000,000 persons. The Statute of Liberty was presented to the United States by France in 1886, to commemorate the first century of American independence.

a building permit to double its facilities. Church and other interests immediately launched a campaign to maintain the ban, and Mayor Francis R. Smith announced the Council would act on repeal of the ordinance. Supporters of the legalized prostitution were reported to be circulating petitions calling for a special election on the assumption a secret ballot would favor their cause.
