**Arabs, Jews Get Warning to Cease Violating Truce**  
LAKE SUCCESS, Aug. 20.—(AP)—The United Nations warned both Arabs and Jews today to avoid further violations of the month-old Palestine truce.

Responding to fears expressed by the Palestine mediator, Count Folke Bernadotte, that the situation in Jerusalem was "gradually getting out of hand," the Security Council voted the warning last night.

It was almost the last item of business before the council adjourned for what it hopes will be a month-long recess prior to reconvening in Paris.

The warning was given in a resolution advanced jointly by the United States, Britain, France and Canada. No delegate voted against the proposal, but Russia, the Soviet Ukraine, Syria and Columbia abstained on some sections in a point-by-point vote.

The council told the Jews and Arabs they are responsible and told them to see that their own offenders are punished and to refrain from undertaking reprisals or retaliations.

Besides Palestine, the council voted on the Trieste case, in which Yugoslavia had charged the United States and Britain with violating the Italian peace treaty.

A Yugoslav demand that the council condemn the two western powers and hold them guilty was defeated when only Russia and the Soviet Ukraine supported it. As a non-member of the council, Yugoslavia had no vote.

**Baby Undergoes Eye Operation To Prevent Blindness**  
LOS ANGELES, Aug. 21.—(AP)—An emergency eye operation was performed yesterday on a baby flown from Victoria, B. C., in an attempt to save the infant from a possible lifetime of blindness.

Canadian doctors learned of a special technique used by a surgeon at Children's Hospital and recommended that the baby be brought here.

Irene McDermot, 11-week-old daughter of Mr. and Mrs. Martin McDermot, of Victoria, was flown here in 54 hours.

The baby's illness was described as congenital glaucoma of the left eye, a condition which causes increase in size of the eyeball with eventual pressure on the optic nerve which may cause blindness in both eyes. The technique of the anonymous Children's Hospital surgeon includes use of an operational optical lens which he invented.

Financial arrangements for the trip for the mother and baby were made by the Canadian National Institute for the Blind, the hospital said. The father, a millhand, paid his own way and came along.

**50-Year Emblem Given Mason at Gardiner**  
REEDSPORT, Ore.—Captain Gus Westerdale of Gardiner, retired sea captain, was presented with a 50-year emblem Saturday night by Aurora Lodge No. 39, A. F. & A. M., of Gardiner. Captain Westerdale joined the order in San Pedro, Calif., when he was in command of lumber schooners sailing between Gardiner and that port for the old Gardiner Mill Company. He later transferred his membership to Aurora Lodge in Gardiner, where he has lived since his retirement. Plans for the annual Past Masters' night for the Lodge were made at the Saturday night meeting.

**Republicans Peg Fund to Advertise Election Drive**  
LOUISVILLE, Ky., Aug. 21.—(AP)—The Louisville Courier-Journal said in a news story today it had learned Republicans will spend "more than \$1,000,000" on newspaper advertising during the Nov. 2 general election campaign.

The story said the newspaper learned of the advertising plans "from a letter received at Republican state headquarters here from Lockwood-Shackelford, Los Angeles, authorized advertising agent of the Republican National Committee."

The money will be spent in 38 states "to put three half-page advertisements in more than 7,000 daily and weekly newspapers," the article related.

"Each advertisement will present the Republican story localized in each community," the story said, adding that space will be provided for use of local names and sponsors.

The newspaper said it learned the GOP National Committee "felt because of the Hatch Act, which limits its total expenditures to \$3,000,000, it could not spend one-third of its total allowance for newspaper advertising. So, an operating plan had been worked out whereby each of the 38 state organizations would pay 40 per cent of the total cost in its state."
