

Reported Plan Of Dewey to Visit Europe Scouted

ALBANY, N. Y., Oct. 21.—(AP)—An aide of Gov. Thomas E. Dewey yesterday termed "sheer speculation" a published report that the Republican nominee would visit Europe during the interim before inauguration if he is elected President.

James C. Hagerty, Dewey's executive assistant, would make no further comment on the story by a columnist. The columnist, John O'Donnell of the New York Daily News, wrote in a dispatch from Washington a current report there was Dewey would make a pre-inaugural appearance in the capitals of Western Europe, if elected. "Reliable European and Washington sources are privately bank-

Vacillation On Foreign Policy Scored by Warren

MIAMI, Fla., Oct. 20.—(AP)—Gov. Earl Warren of California, Republican candidate for vice president, told the American Legion today that he is proud the United States has taken steps to establish one American foreign policy "not subject to change every time there is a change of national leadership."

how helpful we can be to them in achieving it. "Aggression is never amenable to reason. It respects nothing but strength—strength that is so obvious as to convince the world that aggression is futile under any circumstances. We must have that strength. We must be equal to any emergency. We must be on strong ground." Warren appeared before the Legion's convention in his role as a member and delegate of Oakland Post No. 5. He is a veteran of the first world war.

Equally Split Senate Would Be Break for Taylor

WASHINGTON, Oct. 21.—(AP)—If the November election should result in a senate equally divided between Democrats and Republicans, Senator Glen Taylor of Idaho could hold a strategic position. Taylor, the Wallace party's candidate for vice president, has two more years to serve in the senate. And his vote conceivably could be very much in demand by both parties on some issues. Though elected as a Democrat, he differed with Senator Barkley, the Democratic leader, on 40 out of 150 roll calls in the last congress.

Bridegroom, 62, Rebel's At Role of Baby-Sitter

ATLANTA, Oct. 21.—(AP)—A 62-year old bridegroom sued his 19-year old wife for divorce, claiming she married him just to get a baby-sitter. The wife, Evelyn Capes Ferrier, when advised of the suit yesterday, replied, "pooh, looks to me like an annulment is all we need and, goodness knows, I'm willing." The petition for divorce by Louis Ferrier said they were married Oct. 11; that his wife took her six-month-old baby by a previous marriage on their honeymoon. Further, Ferrier alleged she left him as a baby-sitter on the honeymoon while she drank for seven hours with a soldier.

Juvenile Jury Penalizes Pre-Halloween Vandals

COVINGTON, Ky., Oct. 21.—(AP)—A juvenile jury, backed by a police judge, passed judgment at nearby Ludlow here Tuesday on four 'teen-agers' accused of pre-Halloween vandalism. The youthful jury of eight recommended the accused children apologize to the offended persons and be confined to their homes after 8 p. m. from Oct. 25 to Oct. 31, inclusive. And Police Judge Ernest Merston Jr., said parents of the four accused 'teen-agers' had been instructed to follow the recommendation of the jury. The children were accused of kicking over garbage cans and breaking windows.

Anti-Trust Charge Hits Plumbing Institute

LOS ANGELES, Oct. 21.—(AP)—The anti-trust division of the Department of Justice yesterday filed a civil suit charging the Wholesale Plumbing Institute of Southern California, 11 corporations and 20 individuals with unlawful price fixing in the sale of plumbing supplies. The complaint alleges prices were stabilized by an unwritten agreement of the defendants to follow price lists in "Reeves Trade Service," published by John B. Reeves and son, also named as a defendant.

Woman Pheasant Killing Costly for 18 Visitors

WESSINGTON SPRINGS, S. D., Oct. 21.—(AP)—Eighteen New Yorkers, Texans and Californians were fined \$100 each here Tuesday on charges of shooting hen pheasants. In addition, 15 shotguns were confiscated from members of the party. It is unlawful to shoot hen pheasants in South Dakota. Roland Cutler, Jerauld County state's attorney, said the group included several prominent in radio, oil and motion picture industries. He said the 18 were arrested by game wardens who found 42 hen pheasants in their possession.

Dixie Democrat Editor Shifts Over to Dewey

GREENVILLE, Miss., Oct. 21.—(AP)—Hodding Carter, editor of the Greenville Delta Democrat-Times, published in traditionally Democratic Mississippi, announced today his support of Gov. Thomas E. Dewey, Republican candidate for president.

"Nothing is more essential to the establishment of sound relations with other nations of the world," Warren said. "Nothing could give greater assurance to our own people and to the people everywhere that we know what we are doing, that it is based upon principle, and that when we say something, we mean it and it is final." "Ours must be a long term program, under a policy which has no room for vacillation, appeasement or indecision. With such a long-term policy, our friends across the water will always know where we stand and will better understand not only our desire for world peace but

NEW DEMANDS

48 hours pay for 40 hours work
Penalty pay for weekends & holidays
25¢ an hour increase
Total 1/2 BILLION DOLLARS

1 1/2 Billion Dollar Road Block!
RAILROADS MUST OPERATE around the clock every day and night of the year. Although they know this, leaders of 16 railroad unions are demanding a five-day, Monday through Friday, week for one million railroad employees. They want 48 hours pay for 40 hours work—in itself a 20% wage increase. They also demand a minimum of 12 hours pay for any work performed on Saturdays, and 16 hours pay for any work performed on Sundays and holidays. On top of all this they want an additional increase of 25c an hour for every employe!
You'd Pay the Bill!
Summing up these demands, they mean that these union leaders seek to force the railroads to give one million employes an annual raise which would average \$1500 per employe!
The total cost of this would be no less than 1 1/2 billion dollars per year, which is more than twice the expected net income of the railroads this year.
You'd pay the bill, because if these increased costs are forced on the railroads, they must have still further rate and fare increases.
Demands Unreasonable
These employes have had substantial raises during and since the war. Their average weekly earnings are higher than the average weekly earnings of workers in manufacturing industries. They have more job security than the average worker in American industry. They also enjoy paid vacations, a retirement system and other advantages more generous than the average worker receives.
In contrast with the demands of these 16 unions, which add up to the equivalent of 48c an hour, the Conductors and Trainmen recently settled their wage request for an increase of 10c an hour.
Railroads Run for Everybody—Not Employes Alone
The railroad industry must serve not only but many groups—producers, businessmen, shippers, passengers and the general public—night and day, every day of the year. These unions are proceeding in utter disregard of this important difference between railroads and other industries. Industrial plants can be shut down over weekends and holidays, but freight, mail, express and passengers must continue to move. Everybody who enters railroad employment knows this.
Strike Threat
On September 18, 1948, the leaders of these 16 unions began taking a strike vote. But the threat of a strike will not alter the opposition of the railroads to such unreasonable demands!
