

Cheese Plant Halts Sunday Operation

With the dropping off of milk shipments to the Reedsport Cheese Factory, boat and truck schedules are being adjusted. The factory is closed now on Sundays, with no milk being received on that day.

The freight boats on both the Smith and Umpqua Rivers, operating from Reedsport, have discontinued Sunday trips, but make daily trips during the week as both boats carry mail as well as freight.

The Smith River truck, operated by George Staveland, will still be on a daily schedule during the week for perhaps another month, until the milk shipments drop below the present level, but the Loon Lake truck, operated from the Ash Valley vicinity by Robert Fullhart, is now on a four-day-a-week schedule. This truck also hauls mail.

FOR GOVERNOR

THE KIND OF GOVERNOR FOR OREGON

OREGON can trust the leadership of a man whose war buddies picked him as commander of their Legion Post, whose business associates made him president of the Chamber of Commerce, whose competitors picked him for state president of their trade association, whose neighbors elected him mayor of his home town.

Continuously, since 1935, he has topped the ticket for Senator from Marion County in every primary and general election... has never been defeated for any office... has always won his home precinct, his home town, his home county.
