First off—let us tell you that President Truman's "State of the Union" message will be re-broadcast tonight at 10 on KRNR. Just another of the many public service features on this station.

Two of Mutual Don Lee's most popular radio shows, "Family Theatre," (Wednesdays, 6:30 to 8:55 p. m.), and "Twenty Questions," (Sundays, 8 to 8:30 p. m.) are winners of the 1948 10th District P-T. A. awards, it has been announced by Mrs. Z. W. Logan, radio chairman for the educational organization, "Family Theatre" was cited as the "outstanding program series of interest to the entire family;" "Twenty Questions" was named as "the outstanding radio program series for family entertainment."

"Family Theatre" was created by Father Patrick Peyton. The dramatic series, featuring the top talent of the entertainment world, is based on the premise that "A Family That Prays Together, Stays Together." "Family Theatre" will be heard for the first time on KRNR tonight at 6:30. "Twenty Questions," the "animal, vegetable, or mineral" quiz game, was conceived by the Vandemeter family of New York. It regularly features the Vandemeters (Fred, Florence Rinaud and Bobby McGuire,) Herb Polcsie, emcee Bill Slater, and one guest star.

After you've listened to "Cesco" tonight at 7:30, stay tuned then for "What's the Name of That Song?" at 8, and President Truman at 10.

Tomorrow night, "Incredible, but True" will be heard at 7, (a regular Tuesday-Thursday feature), "Music You Remember," at 7:15, "Club 1490" at 7:30, (one half-hour earlier), "Straight Arrow" at 8, and "Boston Blackie" at 8:30. After Hardy, Lawton and F. Lewis, Jr., have supplied this day's news, stay tuned for the 10 o'clock "Columbia Masterworks," and "The Mysterious Traveler," at 10:30.

California's change to Pacific Standard Time has supplied many a program change, but at the same time we find that the shift from the old schedule has made possible the airing of many fine programs which we were unable to place prior to January 1. Any comments from listeners regarding new or old programs will be greatly appreciated. C'mon—drop us a line!
