Meteor Crash Believed In East Part of State

UNION, Jan. 8.—(P)—Sentiment here was pretty well agreed today that a fiery meteor crashed to earth in this vicinity early this week.

Delayed reports coincided with observations Tuesday between 11:30 and 11:45 p. m.: a brilliant light that seemed to disappear behind Drag Mountain.

Robert Watts, from his bedroom window, saw a brilliant light followed by a crash and vibrations lasting several seconds.

Others reported hearing a rumbling sound.

In Portland and adjacent Gresham, at the same hour, several persons reported seeing a brilliant streak in the eastern sky, apparently moving straight down. Some thought it was an airplane falling. The same thought occurred to Elva Marshall, Napa, Ida., resident who told State Police she thought she had seen a falling plane near here.

Although many think the meteor is buried in the snow back of Craig Mountain, no organized search for it has been reported.

McBRIDE RESIGNS
WASHINGTON, Jan. 8.—(P)—Don McBride today announced his resignation as secretary-manager of the National Reclamation Association. McBride said he would become representative for the Oklahoma Water Development Association both in Washington and in Oklahoma. He will leave national reclamation Feb. 1, or "as soon thereafter as possible," he told a reporter.

Scientists say that animals which lived millions of years ago suffered the same types of arthritis as do today's humans.
