Vision Impaired

(NEA Telephoto)

Dr. Lloyd Smith, 25 (above), is one of five nuclear physicists going blind as a result of exposure to fast neutrons emitted by atom smashers. Dr. Smith is on the staff at the University of California.

Overlooked

When the official coat of arms of the United States was changed in 1945, the vice president's flag was not changed accordingly. President Truman recently ordered the flag redrawn, and Betty Walsh, of Cincinnati, O., displays the new design. The eagle now overlooks the olive branch. It formerly faced the other way, toward the arrow.
