

Illnesses, Visitors to City Told In Week's Events at Sutherlin

By MRS. BRITTAIN SLACK
News-Review Correspondent

Mrs. Laura Weish had the misfortune of falling last week on the icy pavement near the post office, injuring herself quite painfully. She is much better this week and is able to be out again.

Eldon Young of Eugene was a business caller in Sutherlin last Thursday.

Horton Thompson of the Sutherlin Lumber Co. was confined to his home for several days last week by illness.

M. E. Groshong accompanied his son-in-law, who has been visiting in this city, to San Francisco last week, and returned home Monday. He states the weather was very nice while he was there and the roads were in good condition.

Clint Bamber, who is confined to Mercy Hospital, Roseburg, with pneumonia, is reported as getting along very nicely and will soon be able to leave the hospital.

Confined to Home
Mrs. Minnie Abeene was con-

finned to her home east of Sutherlin for several days the past week with the influenza.

Robert Thomas, of Bob and Joe's store east of town, has been laid up the past week with a back injury.

Mr. and Mrs. Carl Thornton shopped and transacted business in Roseburg Tuesday and while there called on Clint Bamber at Mercy Hospital.

Ray Nichols of Cottage Grove transacted business in this city Tuesday.

George Larson has been very ill at his home east of town the past week.

Bruce Kesner of San Diego arrived in Sutherlin Saturday to

INSTITUTE OPENS—Miss Shirley Harrold, left, director of special education for the Roseburg school system, left, and Miss Thelma Sherman, supervisor of speech correction for the State Department of Education, inspect a speech recording machine to be demonstrated at the teachers' institute at Rose School today.

VERSATILE—Miss Lenora Leviski, new teacher at Glide School, instructs 30 seventh graders there in art, music, physical education, health, social studies and arithmetic. Formerly of Portland, Miss Leviski attended Reed College three years and was graduated from the University of Oregon with a bachelor of arts degree in psychology. Miss Leviski motors to Glide each school day from her present home in Roseburg.

visit a few days with his parents, Mr. and Mrs. D. B. Kesner.

Mrs. Thelma Wilson was confined to her home for several days the past week by illness.

Go to Portland

Mr. and Mrs. Edgar Slack and son, Marvin and Mrs. Brittain Slack went to Portland last Friday to get the former's son, Michel, who underwent a major operation ten days before. Mrs. Brittain Slack visited a few hours with her sister, Mrs. William Watson, who is very ill at her home in that city.

A. L. Senders of Albany, representing the M. Senders Co. of that city, was a business visitor in Sutherlin Wednesday.

Mr. and Mrs. Brittain Slack visited Clint Bamber at Mercy Hospital Roseburg Wednesday evening, where he is confined with pneumonia. Mr. Bamber is a brother of Mrs. Slack.

Mrs. Hazel Green, who has been confined to her bed for several days is reported to be much better and she hopes to be able to be out again soon.

The cold weather in Sutherlin has seriously hampered the schools and mills in this vicinity as all mills have been down this week and school was suspended today on account of frozen water pipes.

Typical swifts rest by clinging to the inside of hollow trees or chimneys or hanging to the face of cliffs; they never perch on twigs or limbs as do other birds.

Wallace Scores Inaugural Address

NEW YORK, Jan. 21.—(AP)—Henry A. Wallace says President Truman's inaugural address "comes closer to a declaration of war than the inaugural address of any peacetime president in our history."

The Progressive Party chief said last night Mr. Truman asked the United States to prepare for "a war against almost half of the people of the globe."

Wallace said Mr. Truman's "statement that capitalism and communism cannot live together in one world makes war the only eventual alternative."

Wallace said in a statement that the presidential address asked for preparation for war against "the 250,000,000 inhabitants of Russia and eastern Europe, the 500,000,000 Chinese people who

are about to establish a coalition government with Communist participation and the millions in western Europe and Asia who are adherents of some form of Marxist Socialism."

MOSCOW, Jan. 21.—(AP)—Pravda today devoted two paragraphs to a Tass dispatch from Washington on President Truman's inauguration.

The story in the official communist paper mentioned that Soviet Ambassador Panyushkin was present.

The president's speech has not been published or commented on so far. Neither Investia, government newspaper, nor Trud, the Soviet trade union newspaper, carried any news of the inauguration.

A Washington dispatch in Trud told of 5,000 persons demonstrating for civil rights. Other dispatches from the U. S. reported the trial of American Communist leaders.

Portland Clubs Try To Lift Slot Machine Ban

PORTLAND, Jan. 21.—(AP)—The battle over the slot machines was on in Oregon today as Portland club presidents opened a campaign in behalf of the devices banned by Mayor Dorothy Lee.

The ban against the slot machines has spread from Portland to upstate communities in Lane and Crook counties.

Representatives of 14 clubs met here last night to plan strategy. First they plan a meeting with the mayor in attempt to induce her to change policy where non-profit clubs are concerned.

They also intend to interview Attorney General George Neuner to determine whether non-profit clubs can be excluded from the ban. And finally they may go to the State Legislature to endeavor to have the law changed to exclude private clubs.
