

Timber Movie Shown At Meet Of Kiwanis Club

"Green Harvest," a motion picture produced by Weyerhaeuser Timber Company and depicting timber as a crop, was shown as the program feature of Tuesday's Kiwanis Club meeting.

The picture was shown by Bob Straub, safety engineer for the Company, accompanied by forester Les Caulder, who spoke briefly on the part of the timber Company in reforestation. He stated further that the Company is investing large sums of money in developing timber resources in Douglas County.

They were introduced by Representative Paul Geddes, who jokingly stated his only objection to Weyerhaeuser was that the Company was taking its logs to Springfield to be processed. He stated he attempted in vain to get the Weyerhaeuser lobbyist at Salem to place a plant in this County.

The picture showed the enemies of forests, including fires, insects, rust and natural death from old age. It further pointed out the method of selective cutting, harvesting procedure to assure re-growth in forested lands, and the operation of tree farms. These factors were presented to point out that timber is a crop to be produced and harvested, rather than to be cut out and the timber lands left barren.

Stronger Type Of Jet Fighter Is Developed

BURBANK, Calif., May 18.—(AP)—Details of a long-range, heavy-weight jet fighter, designed to fly and fight deep in enemy territory, were announced today by the U. S. Air Force and Lockheed Aircraft Corp.

The needle-nosed craft, designated the F-90, made its first taxi runs at 90 miles an hour Tuesday on the 6,000-foot Lockheed runway.

The plane will be shipped later to the Air Force test base at Muroc, Calif., for the first test flight.

Designed to seek out air or ground targets behind enemy lines, the F-90 will rely on speed and maneuverability to avoid trouble.

It is a heavily armored, single seat fighter with twin jet engines. It is almost as heavy as the DC-3, a familiar two-engine airplane transport.

The F-90's armaments and performance characteristics are secret. The ship will be tested for a year at Muroc by Lockheed and Air Force pilots before being turned over to the Air Force.

Senate Favors Truman Government Shifting

WASHINGTON, May 17.—(AP)—The Senate Monday passed legislation giving President Truman authority to shift around agencies and reorganize the government. Passage was by a voice vote.

The House has passed a slightly different bill. The differences will have to be compromised before final congressional action.

Just a week ago President Truman asked Congress to hurry action, calling the measure one of the most important pieces of legislation Congress will have before it.

Ring-Tailed Cat Halts Power At Utility Plant

BOULDER CITY, May 17.—(AP)—Found: one ring-tailed cat, deceased.

Thereby, said Reclamation Bureau officials Monday hangs the tale of what happened Sunday to the world's largest power plant, on the Colorado River at the base of Hoover Dam.

The cat, proving again that old adage, curiosity, etc., climbed atop a transformer bank and short-circuited 18,500 volts.

It will take a week to repair the damage, officials said. Las Vegas, Boulder, much of Clark County, Lincoln County and Kingman, Ariz., were without power for an hour.

Suspended Sentence Given Bank Embezzler

PORTLAND, May 18.—(AP)—A three-year suspended sentence has been given Milton R. Peterson, 33, Cottage Grove, on a federal charge of embezzling \$810 from the First National Bank at Cottage Grove.

He was placed on probation for the period by U. S. District Judge McCulloch.

The government charged Peterson, a bank employee, failed to enter deposits to the bank's credit.

Full restitution has been made.

SCENES AT WINSTON—Pictured above is the postoffice at Winston, eight miles south of Roseburg on the Pacific highway. Created by the U. S. Postal Service last July, it now serves 500 people. Its postmistress is Mrs. Marion Jackson.

At the lower left stands Martin Saksdorf, long-time resident of Winston, who is associated with his father, A. F. Saksdorf, in the sub-division of the Saksdorf fruit farm into city lots. About 110 acres have been platted into lots furnishing sites for over 100 houses.

A truck, driven by Richard Phillippe, independent hauler, is dumping rock on a portion of an extensive road system in the Saksdorf tract. John Key, following in a big grader, spreads it evenly. (Pictures by Paul Jenkins).

Chairman For Week Of Foot Health Named

"Healthy feet are the foundation of a sound body." This reminder was given today by officials of the Oregon Association of Chiropodists in announcing appointment of Dr. Edward E. Osberg as chairman of the State observance of Oregon Foot Health Week, May 23 through 29.

Dr. Osberg, doctor of surgical chiropody and member of the Oregon Association of Chiropodists assigned to direct State educational activities on the prevention and treatment of foot disorders, will direct state-wide efforts during Foot Health Week toward focusing public attention upon the importance of proper personal foot care.

"Care of the feet is essential to our health and comfort," declares Dr. Osberg. "Because so many people are apt to neglect these overworked parts of the human body, the National Association of Chiropodists, assisted by all the state organizations, sponsors annually a public health education program called Foot Health Week. This year as always, we will disseminate free educational material for care of children's feet and will stress important points of adult foot care."

Packard Motor Car Co. Will Recall Workers

DETROIT, May 17.—(AP)—Packard Motor Car Co., announced Monday it will resume full scale operations May 18.

Approximately 2,000 Packard workers will be recalled. They have been idle since April 28, when a shortage of brakes forced a shutdown.

George T. Christopher, Packard president, said his company had removed its brake dies from the strike-bound Bendix Aviation Corp., Plant at South Bend, Ind., and will manufacture and assemble its own brakes. The production loss at Packard due to the shutdown will total around 8,400 cars.

Until the gutta percha ball was introduced in 1848, golf balls were stuffed with feathers.

Earlier Payment Of Taxes By Corporations Proposed To Balance Federal Books

By FRANCIS M. LE MAY
WASHINGTON, May 18.—(AP)—"Painless" \$5,000,000,000 boost in the government revenues that would balance its books for the new fiscal year, was proposed Tuesday by Rep. Mills (D-Ark.). It would require corporations to pay all their 1949 taxes six months earlier than usual.

After consultation with Secretary of the Treasury Snyder, Mills announced he is whipping his proposal into legislation that would have this effect:

1. Erase the prospect of any new taxes or any increases in tax rates. It would shelve the \$4,000,000,000 general increase in taxes President Truman has requested. It would have no effect whatever on individual income taxes.
 2. Turn a prospective \$3,000,000,000 federal deficit into a \$1,700,000,000 surplus in fiscal 1950 (the year beginning next July 1), for retirement of a part of the \$251,500,000,000 federal debt.
 3. Budget-balancing method of budget-balancing would not increase the long run total of taxes to be collected by the government. It would pile into a six months period the collections of corporation taxes now due over a 12 months period.
- Mills, who prepared his bill for

presentation in the House today, said it would work like this: Require corporations working on a calendar year basis, and also estates, trusts and non-resident aliens, to pay all their 1949 federal taxes before July 1, 1950—in two installments. Present law gives these taxpayers 12 months—until December, 1950—to complete payment of the 1949 taxes in four installments. Mills' bill would shorten this 12 months deferred payment period to six months, approximately \$4,800,000,000 that would be collected from corporations between July 1, 1950, and December 31, 1950, would be brought into the treasury by June 30, 1950—increasing by that amount the tax collections within the July 1, 1949-July 1, 1950, federal fiscal bookkeeping year, in which congressional experts now are predicting a \$3,000,000,000 deficit.

Prices Slashed! Tremendous Selection!

Home Owner's Sale!

REGULAR 1.08 FLAT WALL PAINT

Cut-priced! **92c** qt.
New pastel shades. Soft, glareless, velvet-flat finish. Dries in 4 to 6 hours.
● 3.59 Gal. **3.28**

ASBESTOS ROOF COATING

Gal. in 5's **69c**
Renews and resaturates felt, composition roofs. Lasting protection... adds years to roofs.

1.42 GLOSS ENAMEL CUT-PRICED

Quart **128**
Bright, tough, washable enamel. Perfect for kitchen or bath.
● Gloss or Semi-Gloss, Gal. **4.28**

REG. 2.39 BREAST DRILL REDUCED

Adjustable **188**
Specially-priced to save you money! Machine-cut gears. Takes straight-shank drills to 1/2".

1.15 COMBINATION SQUARE

12-inch blade **88c**
Save on this ideal carpenter's tool. Graduated in 8th, 16th and 32nds. With sliding head.

1.75 RUBBER COVERED WIRE REDUCED

100'-#14, UL appro. **150**
Flame and moisture resistant cover. Copper conductor, rubber insulation. Black or white.

REG. 6.45 MASTER QUALITY PLANE

9 inches long **448**
Efficient 2" cutter. Adjusts laterally and for depth. Plastic handle, knob stronger than wood.

SPECIAL! TOP-QUALITY COMMON NAILS

8 penny **12c** lb.
Buy your supply of tough steel nails at this special sale price! Available in many other sizes!

COMBINATION PLIERS REGULARLY 65c

6-inch size **54c**
Durable, general duty pliers. Positive-grip jaws of drop-forged steel. Also 8-10" size.

REG. 8.50 THICK-TAB SHINGLES

Choice of colors **765** sq.
For lasting roof protection at big savings! Ceramic-surfaced, fire-resistant. Covers 100 sq. ft.

REGULAR 6.75 CLOSET SEAT

Laminated hardwood **588**
Specially priced now! Stronger, lighter, thinner. Won't warp or crack. Complete with hinges.

2.08 INSULATING WALL BOARD

4 by 8 ft. sheet **188**
Remodels, decorates, insulates! Adds new rooms; can be painted! Easy to work with. 1/2" thick.

REGULAR 1.79 ROCK WOOL INSULATION

Save dollars more now... save up to 30% on fuel costs after installation! Gives year 'round comfort! Fireproof, verminproof and odorless. Bag covers 25 square feet, 3 in. deep. **165** 40-lb. bag

SALE! REG. 58.50 SHOWER CABINET

Big savings on white-enamelled shower cabinet. Perfect where space is limited or for extra shower! Fittings, curtain included. On Terms: 10% Down, Balance Monthly **5186**

REGULAR 5.05 SUPER HOUSE PAINT

Protect your home with Wards high covering, self-cleaning Super House Paint. "Super" will keep your home new-looking and dazzling white for years. Gal. in 5's **458**
● Reg. 5.15 Gallon **4.68**

REG. 6.50 HEXAGON SHINGLES REDUCED!

3-tab hex priced for big savings! Ceramic-surfaced Asphalt for better looks, longer wear. Resists fire, fading, cracking. Your choice of color. Square covers 100 sq. ft. Buy on terms! **585** Square
