

WINSTON, viewed from the hill at the east, lies in a sweeping little valley at the intersection of the old Coos Bay Wagon road with the Pacific highway south of Roseburg. With a modern and slightly shopping district, it has enjoyed a tremendous population growth within the past few years.

Formerly known as Coos Junction, it was designated as a post office station in 1948 and its name officially changed to Winston.

Gen. Lucius Clay, Decorated For His Services, Now Plans To Go Fishing

WASHINGTON, May 18.—(AP)—Gen. Lucius D. Clay, retiring American military commander in Germany, returned home Tuesday and received from President Truman a decoration for services "of supreme value to his country and to humanity."

At a White House ceremony, Mr. Truman awarded Clay a second oak leaf cluster in lieu

of a third distinguished service medal.

The citation read by the president said that Clay, as U. S. military governor in Germany, "added new and imperishable luster to his record."

Clay, the citation went on, "proved himself not only a soldier in the finest tradition of our American arms, but also 'a statesman of the highest order—firm, courageous, dedicated to the cause of peace.'"

Secretary of Defense Louis Johnson and top-ranking Army, Navy and Air Force officers greeted Clay at the airport.

Johnson told him: "I am here for the president, all the members of the armed forces and, more importantly, for all the American people to thank you for a job well done and welcome you back for a well-earned rest. God bless you and keep you."

Clay told the secretary that he was "overwhelmed by this reception and I am grateful indeed from the bottom of my heart."

The Army, Navy, Marines and Air Force each had a company of troops drawn up as an honor guard. A 17-gun salute was fired.

On the other side of the capitol, the senate had before it President Truman's recommendation that Clay wind up his 31-year Army career with his temporary rank of full general made permanent.

The 52-year-old officer climaxed his long Army service with the successful Berlin airlift, which brought the necessities of life to the Russian-blockaded German Western Sector of Berlin solely by air for more than 12 months.

He stepped down from his post with the expressed wish to "go back to Marietta, Ga., and go catfishing."

Los Angeles Drugstores Locked In Price Cut War That Lures Thousands

LOS ANGELES, May 17.—(AP)—The "battle of the drugstores" still rages today and about the only strategy left for the price cutting foes is to start paying people to come in the store.

The neighborhood corner of Sepulveda and La Tijera Boulevards in this city's Westchester section looked more like Chicago's loop or New York's Times square over the weekend.

There was no official estimate of crowds but a spokesman for one of the battling drugstores estimated 100,000 people visited the two stores over the weekend.

The war has been on for two weeks ever since Wheelan's, a national chain, opened a store across the street from Thrifty, a California chain which had its

store established in the block for several years.

At one time, prices were cut so low that a penny would buy a hearty bacon and eggs breakfast, a quart of motor oil, 100 aspirin tablets, or pie ala mode at either store.

Saturday night, both stores started giving away merchandise—Packs of chewing gum, sample sizes of hair oil, deodorants, vanishing cream, magazines and other articles.

There is no peace in sight. Phelan's and Thrifty's both chant "we will not be undersold." On the sidelines cheering them on lustily is the buying public.

New Highway Plan Gets No Commission Approval

PORTLAND, May 18.—(AP)—The State Highway Commission rejected a proposal for construction in the near future of a new highway from Oregon City to Eugene, via Silverton and Stayton.

A delegation supporting the road, known as the Cascade Route Highway, appeared before the Commission, but heard chairman

T. H. Banfield say, "we are not putting any new highways on the map until we complete those now on the map."
