

**TYPICAL**—Walter Joiner, trucker, is doing a repair job on his truck after having passed the weighing station seen at the right, located on the Dixonville road. He is log hauling for Lee Mortenson on Susan Creek to a re-loading site at Winchester. Paul Ellis, scale station attendant, states that from 150 to 200 loaded log trucks check in at his station daily. (Picture by Paul Jenkins).

### Boy Who Can't Stop Sneezing Now In Hands Of Chiropractor

LONDON, May 18. — (AP) — The London schoolboy who can't stop sneezing still can't stop. But an Indianapolis-educated chiropractor has him in hand and says he can cure the achoos for good. Michael Hippisley, 14, has sneezed about every three seconds for ten days, except when he's asleep from drugs or exhaustion. Leslie W. D. Jelfs, the chiropractor, entered the case Monday night. He said today he has already eased the sneezes. Michael wandered around Jelfs' big apartment and office, sneezing quietly and regularly into a series of white handkerchiefs. His own verdict, expressed to a reporter while Jelfs was out of the room: "I think I'm a little better." Mike's parents called in Jelfs and when doctors, a hypnotist, a faith healer and sundry telephoned suggestions from well-wishers had left Mike still sneezing. Jelfs said Mike has had sneezes and hay fever since he was three. "Probably had a fall or a severe bump when he was small," he said. That, said Jelfs, knocked six neck joints of his spine too far to the right, pinching some nerves and causing irritation in the nose. He says X-ray pictures prove the point. To cure the sneezes, he will

have to get the neck bones lined up straight again. He won't say how long that may take, because, he says, the muscles have shrunk on one side and stretched on the other. To cure the sneezes, they'll have to be trained properly again to hold the bones straight. "Probably take several months," a reporter suggested. "Can't say — might not take that long," Jelfs answered. Jelfs gave him a treatment for the benefit of the press. He laid Mike on a long table, pressed down and sideways on his head. Mike sneezed. Jelfs twisted his head a little farther, pressed a little harder. For about a minute and a half, there wasn't a single achoo. Then Jelfs let him up. Mike sneezed, a little less frequently.

#### Swaying Heads

The only insects that are able to turn their heads from side to side are the praying mantes.

#### Spain's Informal Bid For U. S. Loan Turned Down

WASHINGTON, May 18. — (AP) — The United States has rejected—at least for the present — Spain's informal bid for a multi-million dollar loan. Officials in a position to know said Tuesday the government's export-import bank and the State Department have informed a visiting Spanish representative that Spain's present economic situation makes her a poor credit risk. The Spanish negotiator, Andres

Moreno, made no formal application for an American credit. But responsible government officials said he "informally explored" the possibility that the United States would grant credits. Moreno, who is an official representing Banco Hispano-Americano, is reported to have mentioned \$1,257,000,000 as the amount Spain needs in dollar aid for her reconstruction program. **For Sale: A Friend**

He's a cute little guy with a lovable disposition and he's really very well mannered. He is developing quite a personality but needs more attention and care than I have time to give. His parents come from good stock and I am sure that he will develop and grow to be as smart and good looking as his father but still possess all the desirable qualities of his mother. The price is \$350.00. The father is "Doughboy" the famous Tennessee Walking Horse and the mother is 1/2 Thoroughbred and 1/2 Tennessee.
