

### Ministers Meet In Pre-Big Four Session Today

PARIS, May 21.—(AP)—The Foreign Ministers of Britain, France and the United States met here today to forge a common front in preparation for Monday's Big Four Conference on the future of Germany.

Secretary of State Dean Acheson of the U. S. and Foreign Secretary Ernest Bevin of Britain met in French Foreign Minister Robert Schuman's office in company with their top experts on German problems.

They had before them a detailed plan for German policy drafted by their deputies during the week.

The deputies' recommendation are secret and probably will remain so until after the Big Four Conference starts. Well-informed officials, however, predict that the ministers will approve it quickly. It was worked out under guidance of the ministers themselves.

Well-informed French sources said the report embraces a project for a provisional, semi-unified German regime, which would maintain some liaison between a newly-formed west German state and a regime in process of formation in the Soviet occupation zone.

The plan also is said to contain provisions for exchanging West marks and Soviet zone currency, and arrangements to stimulate trade between the two sections of Germany.

The western powers are expected to urge extension of the west German constitution to all of Germany, but will offer semi-unification if Russia refuses to join the Soviet zone under the constitution.

The foreign ministers conference will open Monday afternoon at an hour dependent upon the arrival of Russia's foreign minister Vishinsky.

**Innocent Plea Entered On Drunkenness Charge**

Two persons were arraigned in Municipal Court this morning on charges of drunkenness, Judge Ira B. Riddle reported.

Aloysius Anthony Perry, who gave his address as Pittsburgh, Pa., pleaded innocent to a charge of drunkenness in a public place. He had been arrested last night at the Roseburg Hotel by a merchant patrolman. Judge Riddle set May 23 at 10 a. m. as the date for a trial.

Martin D. Wilkinson, arraigned for drunkenness on a public street pleaded guilty and was fined \$20, the judge said. In lieu of payment of the fine, Wilkinson was committed to the city jail for 10 days.

The judge also reported the forfeiture of \$10 bail by John Baptist Nichols, 39, 953 Cobb St., for failure to appear on a disorderly conduct charge. Nichols had been arrested by city police at the Grand Cafe last night.

She was alleged to have cashed several checks in Drain before departing for Eugene by bus Oct. 28.

She was accused of cashing worthless checks totalling \$250 in Drain Oct. 28. She was later sentenced on the bad check charge by Circuit Judge Carl E. Wimberly to serve three years in the state penitentiary, a portion of which time she has already served.

PROGRESS—This was all that remained Friday of the once proud Union Oil Service Station at South Stephens and Lane Streets. The station, built about 1920, was one of the oldest, if not the oldest, service stations in Roseburg. Constructed of reinforced concrete, it was a sturdy building, but not modern, and such buildings cannot stand in the way of progress. It had to be moved to be replaced by—you guessed it—a new modern super service station, which the company will erect at an estimated \$15,000 cost. Hamilton Construction Company has the contract for wrecking the old station and constructing the new, double bay, super station with heated rest rooms and hot water. About 60 days will be required for completion. Operator Don Johnson is vacationing meanwhile in Nebraska. (Picture by Paul Jenkins.)

**CONVICTS SENTENCED**

Convicted of stealing a car in their flight, the two, Henry Bradley and Ralph E. Neyman, were sentenced to three years each. The sentences will run concurrently with terms they were serving.

The men took the automobile at Sheridan. It was recovered in Prineville.

**COLUMBIA RIVER RISE IS AGAIN PREDICTED**

PORTLAND, May 21.—(AP)—The Columbia River is going to rise again.

A climb in the Snake today brought a forecast from the weather bureau that by Wednesday the Columbia at Vancouver and Portland will be back to within two tenths of a foot of the crest reached two days ago. The forecast does not go beyond Wednesday. The river stage for late next week depends on snowmelt and rain between now and then.

Today's rise in the Snake was attributed to rain in the Snake basin. It offset a fall in some upper Columbia tributaries and slower rate of rise in others.

**FLYER VANISHES**

PORTLAND, Ore., May 21.—(AP)—A search was ordered today for John Robinson, student flyer who disappeared Tuesday on a flight from Coupeville, Wash., to Wenatchee. It was thought he might have swung south into Oregon in an attempt to get around clouds. He landed in a farmer's field near Packwood, Wash., south of his course, then took off again before vanishing.

**HELD ON CHARGE**

Donald Ray Hamilton, 27, of Brightwood, has been committed to the Douglas County jail on a charge of obtaining money under false pretense, reported Sheriff O. T. "Bud" Carter. Arrested at Oregon City, he was returned here and arraigned in the court of Justice of Peace Fred M. Wright at Reedsport, who set his bail at \$2500.

breaking up one fight the policemen fired pistols into the air. That was the only shooting.

Western Allied officials maintained a hands-off attitude in connection with the walkout but were sympathetic toward the strikers. British and American planes of the airlift and trucks continued to supply western Berlin. Although the anti-Communist railway union which called the strike had pledged itself to operate Western Allied and German inter-zonal trains, switches and signals in west Berlin yards were left unmanned. This blocked all incoming supply trains from western Germany. A British military passenger train slipped through by running against unintended Red signals. It was the only train that moved.

### Newby, Pearson Recall Move Reported Threatened

CORVALLIS, May 21.—(AP)—The possibility of a recall move against Secretary of State Earl T. Newby and State Treasurer Walter Pearson was brought up here today.

Hector MacPhearson, four-time state representative in the legislature and former Oregon State College professor of political science, said he had been discussing the situation with political leaders.

MacPhearson added, however, that he has not yet decided whether or not to sponsor a recall move.

The suggestion followed a sharp split in the Republican party over this week's Tax Commission shake-up.

Newby and Pearson, outvoting Governor Douglas McKay on the State Board of Control, appointed Ray Smith, Portland, and Robert MacClem, Waldport, to the State Tax Commission.

The appointments left two veteran commissioners—Earl Fisher and Wallace Wharton—out of a job, and gave rise to protests that the new appointees were completely inexperienced in tax matters.

### Masterpiece of a Centenarian

Mrs. Adelaide Johnson, 100-year-old sculptor now living in Washington on a welfare grant, proudly stands before the statue she sculptured and donated to the Capitol in 1921 as a tribute to suffragettes. Mrs. Johnson spent most of her life and all of her resources in the cause of woman's suffrage. She worked closely with the suffragettes portrayed in her statue, Lucretia B. Mott (not shown); Elizabeth Cady Stanton, left, and Susan B. Anthony. The work, largest in the Capitol, took 20 years to complete and another 20 years to have it placed in the Capitol.
