

Secret FBI Aide Tells Of Link With Red Spy
(Continued From Page One)

meant Franey was to be in New York the next weekend. Two deliveries were postponed at the request of the FBI. Franey told the Committee. He said he protested the first time because the entire operation was "pretty nerve wracking." Franey said he objected even more strongly at the second delay, but was told the FBI had instructions from the State Department to "hold up" on the surveillance of Schevchenko. Franey said an FBI agent told him the department wanted to "appease him," referring to the Soviet agent.

High Officials Involved
Before the committee met, officials connected with it said there were signs that two of the highest officials of the government may have intervened to prevent the arrest and prosecution of the Russian on grounds of diplomatic riot should be avoided. But the Russian, now supposed to be back in Moscow, never was arrested or prosecuted. Committee authorities say they suspect the Russians may have learned that FBI agents had caught on to his operations and that he got out of the country in a hurry.

Eddie Kirk's Dance Band Dated At Kennedy's 18th

Eddie Kirk and his famed western band from Hollywood have been signed to play at the Junior Chamber of Commerce sponsored dance at Kennedy's Saturday, June 18. John Hardiman, dance chairman, announced that the popular leader and his band will be here for the one engagement during Rodeo weekend. The Jaycees have sponsored a dance annually at Rodeo time, but this year's affair will be held at Kennedy's as the Army is not available. Considered the "hottest" thing in cowboy music today, Kirk's band has obtained nationwide recognition. His latest song hit, "Candy Kisses" is one of the currently popular tunes.

Three Slain At Birthday Party; Ex-Convict Sought

CHICAGO, June 6.—(AP)—An all-night birthday party ended yesterday morning with the fatal shooting of three celebrants and wounding of another.

Police Lt. Daniel Ahern said a former Alcatraz prisoner, Thomas Holden, 32, is sought for questioning. The shooting was in his Southside apartment and his wife, Lillian, 35, is one of the dead.

Others killed were Ray Griffin, 37, a truck driver, and John Archer Jr., 35, a Board of Trade weighmaster. Griffin's wife, Elva, 34, was shot in the left side and face but is expected to recover. Griffin was a brother of Mrs. Holden, and Archer was her half-brother.

Ahern said that Joseph Grady, a salesman and guest of honor at the party, told him the Holdens had quarreled enroute home from a tavern.

Tax Commissioners Of Oregon Take Office

SALEM, June 6.—(AP)—State Tax Commissioners Ray Smith, Portland Republican, and Robert Maclean, Waldport Democrat, took office today. They were sworn in Saturday at a ceremony attended by Secretary of State Newby and State Treasurer Pearson, the two men who appointed them. Governor Douglas McKay, who voted against their appointment, did not attend. He stayed in his own office. Smith succeeds Earl L. Fisher, and Maclean succeeds Wallace S. Wharton. The third commissioner, who probably will be chairman of the commission, is Carl Chambers, former Umatilla County Judge. He is a Republican.

can determine its authority in the dispute." Coal Parley Resumed
In Bluefield, W. Va., meanwhile, the much-delayed contract talks between Southern coal producers and the UMW resumed. A mine owner has accused Lewis of stalling. The present contract will expire June 30, he said, and "if there is no new contract, the country knows what to expect." Elsewhere today, the CIO united Auto Workers opened serious bargaining with the first of the car industry's big three—Ford Motor Company. The union is driving for a fourth round post-war wage increase in the form of pension and welfare programs.

Moscow's Reaction To Acheson's Bid Awaited

PARIS, June 6.—(AP)—The Western Powers are reported today to be awaiting Moscow's reaction to a personal attempt by Dean Acheson to reach a compromise agreement with Russia on Berlin.

Acheson died at the U. S. Embassy here Saturday night with Soviet Foreign Minister Vishinsky. Reliable informants said the American secretary made clear how far the U. S. would go in making concessions at the current foreign ministers' conference.

The informants said Acheson stressed that the West is standing firm on the main propositions on Berlin and Germany and that if Russia has any new proposals to offer, they should be put forward now.

SITE CLEARED—Laid out on the site of Douglas Community Hospital, poles cut on the property have been sold to pay for necessary clearing of land, according to Kenneth Ford, chairman of the hospital's site committee. Lower pictures show W. H. McLain, in charge of cutting of the trees, dragging a log out of the woods with a tractor and his crew at work. Logs have been peeled. Construction of the hospital on this site is expected to get underway in the summer. (Staff Photos.)

Senate Opens Battle On New Labor Law
(Continued From Page One)

Including the party leaders, and a few Republicans. They are supporting a compromise version of the administration bill which includes a few provisions of the Taft-Hartley Law. Senator Douglas (D-Ill.) a member of the group, calls it an attempt "to harness the realities" of the situation. In the long run, that second group is expected to get the support of the first.

The third group appears at this point to include most of the Senate's 42 Republicans and at least a dozen Democrats, all from the south. That coalition is backing a GOP-written substitute for the administration bill. Coalition Has Edge
The substitute was drafted by Republican Senators Taft (Ohio), Donnell (Mo) and Smith (N. J.). It would make 28 changes in the

MOVES UP—W. Walton Butterworth, 45, career diplomat and director of the Office of Far Eastern Affairs, was appointed Assistant Secretary of State for Far Eastern Affairs in a major reorganization of the State Department. His appointment is expected to be challenged by Senate critics of present U. S. policy in China.

OSC Alumni Approves Ouster Of Two Reds

CORVALLIS, June 6.—(AP)—Oregon State College alumni have approved of Dr. A. L. Strand's policy in dealing with what the association termed "subversive activities" on the campus. In a resolution approved unanimously by the Alumni Association at the annual convention Saturday, the college president was praised for refusing to renew the contracts of two young faculty men.

The resolution, submitted by Carl Abrams, Salem, referred to the dispute over contracts of Dr. Ralph Spitzer and L. R. La Valle.

Taft-Hartley law, but its sponsors say that none of them would alter the basic provisions of the law.

In none of the three main groups is there 100 per cent unanimity. And in some cases the differences within the groups may be great enough to cause certain members to switch from one group to another.

But at the outset of the debate, group number three—the coalition of Republicans and Southern Democrats in favor of keeping most of the T-H law—appears to have a pretty good edge.

No Sign Yet Of Peace In Local Strike
(Continued From Page One)

ion and we are ready and willing to carry on our fight with them. Carlson's statement referred to the picket at Patterson's Bakery, placed there Friday when two grocers picked up bread at the plant after bakery drivers had refused to deliver through the picket lines. The union's stand was that the bakery's contract with the Teamsters provides the drivers shall handle all deliveries. To make deliveries at the plant would deprive teamsters of their livelihood.

Higher Wages, Higher Prices
In a joint statement by local independent dealers and the Safeway Stores, Inc., it was pointed out that the increases asked by the union would mean a 27 per cent boost in wages, which would "have to be reflected in higher meat prices."

The union is asking \$75 for a 40-hour week. Until now they have been receiving \$70 for a 48-hour week. On an hourly basis, this would be a boost from \$1.46 to \$1.87 an hour, the employers said.

"This would be a greater increase than has been granted in any branch of the food industry in the Northwest in the past six months," the employers stated. A sidelight in the strike occurred Saturday. Deputy Sheriff Ira Byrd said "someone called the governor and the governor called us and asked if we could handle the situation." Byrd said he went to Nielsen's Market, where there were more pickets than are permitted under the law. He said he requested the extra pickets to leave.

The word "apron" was originally "napron" and was corrupted from "a napron" to "an apron."

Western Europe Pledged U. S. Strength, Resources
(Continued From Page One)

at Leesburg, Va., flushed as Mr. Truman told the dinner guests: "The nations represented here owe as much to General Marshall, in war and in peace, as they owe to any man in the world." Ambassadors and ministers from each of the participating nations took up the president's words and heaped high their praise. As for the future, Mr. Truman put his country's position unequivocally: "The United States will continue to dedicate its strength and resources to the building of a peaceful and prosperous world. We will do so in the spirit so well exemplified by this great American we are honoring tonight."

Bendix announces the newest, simplest, automatic washer at world's lowest price!
Triple-Action Wondertub combines with agitator to make a dream come true!

See this utterly different Bendix Economat! It stars the amazing flexible Wondertub made of metalexaloy—the tub that revolutionizes washing, draining, damp-drying! What's more, the Wondertub eliminates many costly parts. Enables Bendix to give you the first automatic washer every family can afford! So different, so simple, so practical! And this amazing new Wondertub is guaranteed for 5 years!

\$179⁹⁵
INCLUDING NORMAL INSTALLATION

BENDIX Economat
AUTOMATIC WASHER

UNDERTOW WASHING ACTION! The Wondertub's shape combines with the agitator to give you a new washing action! Clothes and suds are pulled down into undertow currents. Dirt comes out like magic.

FLOAT-AWAY DRAINING! Floating suds trap dirt. The Wondertub then closes in. Floats dirty suds up and out the hollow agitator. Sand and heavy sediment flushes out through the tub bottom. Dirty water never strains through clothes. Clothes come out clean!

SQUEEZE-DRYING! The Wondertub gently but firmly hugs clothes. Squeezes out water. No wringer! No spinning! No deep-set wrinkles! No tangling! No broken buttons! Just even, constant vacuum pressure. Clothes come out damp-dry in a jiffy!

COSTS LESS TO MAKE! COSTS LESS TO BUY! NO WRINGER! NO SPINNING! NO BOLTING DOWN!

Don't Miss This Chance to Enjoy Automatic Washing at Such a Sensational Low Price! IT'S HERE! SEE IT TODAY!
