Snead Favored To Capture U. S.

CHICAGO, June 9.—(AP)—Golf's most coveted prize, the U. S. open championship, comes up for grabs today with three seasoned campaigners—Sam Snead, Bobby Locke and Byron Nelson—in featured roles.

The sentimental and 6-1 betting favorite is Snead, the magnificent scrambler from West Virginia who already this year has won the Masters and PGA.

A triumph in the open—which in the past has been denied him by a string of atrocious luck—would give the colorful 37-year-old White Sulphur Springs tourist a professional sweep comparable with Amateur Bobby Jones' grand slam of 1930.

But Slambang Sam, after a few days of looking over Medinah's treacherous acres, says "Bobby Locke has the game to win this tournament. No man is straighter off the tee and he's a wonderful putter. That's what will win it."

A number of tourney-tough lads who play this sport for groceries give Byron Nelson the "man to beat" tag by the same reasoning.

Medinah's No. 3 course, scene of the 72-hole medal grind the next three days, is one to test a man's accuracy and his patience.

The course at its present length is 6,981 yards and will be made to play longer for the later rounds.

Par is an exacting 36-35-71. A field of 162 amateurs and pros was scheduled to start one 18-hole round today and another tomorrow. The top 60 shooters will go 36 holes Saturday for the championship which the convalescent Ben Hogan couldn't defend.

CARPENTERS ON STILTS—Stilts replace ladders for carpenters building stands for the Fair. Workmen say they move around better and the stilts cost less than ladders.
