COLORADO SPRINGS, Colo., June 11.—(AP)—Luscious Lucy threw away the script and got the man she had been eyeing all along.

Lucy, Lucille Archibeque of Los Angeles, was supposed to pick a husband from the bachelors at the U. S. Junior Chamber of Commerce convention. Then, the "People Are Funny" radio program was to finance the honeymoon.

Instead, the 23-year-old brunette accepted the telegraphed proposal of Jay Kinzer, an old friend from Wenatchee, Wash. Lucy left a note in her hotel room saying they were going to Nevada to be married.

It was learned later that Lucy and Kinzer announced their engagement in the Albuquerque, N. M., Tribune last Feb. 2. She graduated from high school there in 1942.

Said Art Linkletter of the radio show: "We was robbed. No honeymoon for her."

One of her suitors here, Jimmy Ahearn of Atlanta, revealed today that he helped Lucy elope. He said he drove her to Denver to meet Kinzer when the latter's car broke down. They told him they were driving to Reno for the wedding.

Ahearn said his help wasn't purely altruistic.

"I hoped I could talk her into marrying me while we drove to Denver," he said.

the pursuit of peace itself. "I am sure the committee will carefully assess these values."

"As for Administrator Hoffman, it is my opinion that he has done one of the ablest administrative jobs of our time and that his retirement is unthinkable."

Some other Senators called for cuts of up to \$780,000,000 in the program.

Senator Taft (R-Ohio) told reporters the economic cooperation administration can stand a 10 per cent cut in the \$3,568,470,000 fund voted by the House. He said he will back such a cut.

But Senator McCarran (D-Nev.), a member of the Senate Appropriations Committee, said he will urge a flat \$780,000,000 slash.

McCarran said he is basing his recommendation on a study made by the staff of the Senate-House "watchdog" committee. "This group was set up to keep a check on ECA spending."

The committee has authorized McCarran to use this material, but not as a committee recommendation.

"There are some places in the program," McCarran said, "where we can make a direct cut. The rest of it should be done by the ECA administrator."

McCarran said ECA Chief Paul Hoffman has "done as good a job as any one man could do."

"But the project is too big," he added, "and in many places it has gotten away from him."

Chairman McKeeler (D-Tenn.) of the Appropriations Committee angrily told Hoffman yesterday that his resignation "would be a very good thing."

Senator George (D-Ga.) told a reporter there is no "disposition in the Senate to cripple ECA."

But he said he favors making the agency spread the \$3,568,470,000 over 12 months instead of the 10 months allowed by the House.

George said he is confident Hoffman can spread the money over 12 months because of declining prices.

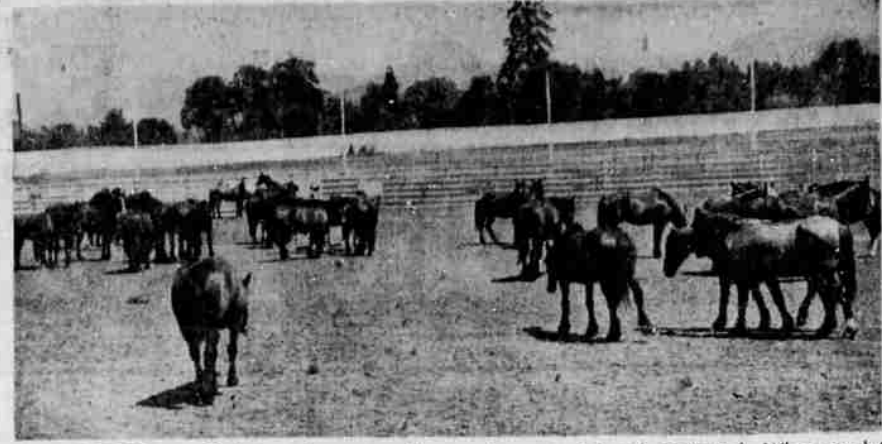

### Genoe Overturns; Youth Drowns in Tualatin

TIGARD, June 11.—(AP)—A canoe overturned in the Tualatin River south of here yesterday, drowning an 18-year-old youth. Two others swam to shore.

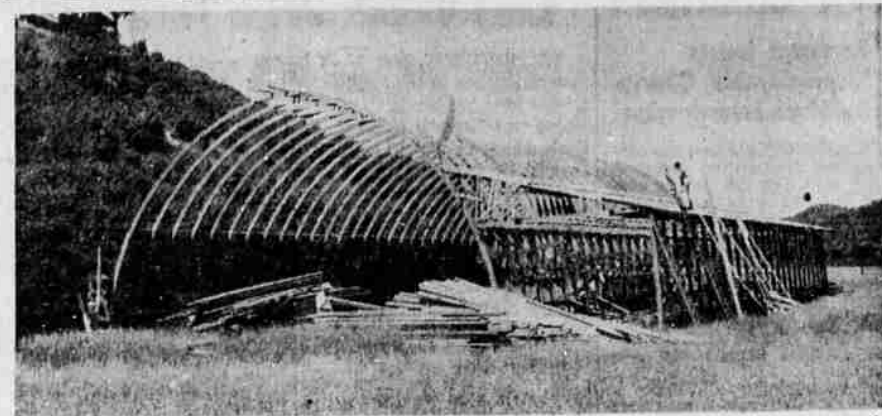

The victim was Melvin R. Paden, a Newport youth on leave from the Camp Pendleton, Calif., Marine base.

He was visiting in nearby Portland with Edward R. Storm, 18, also a Marine on leave from Camp Pendleton. Storm was one of those who made it to shore.

The other was Donald Farris, also of Portland.

THESE HORSES are off duty and as a result are calm, peaceful and contented. When on duty they may be contented but certainly neither calm nor peaceful. They form part of the bucking stock belonging to Christianson Bros., who furnish the horses to be used in the forthcoming rodeo here, and now are quartered at the Fairgrounds. ### Closed Hearings In Loyalty Tests Plan Of Congress

WASHINGTON, June 11.—(AP)—Congress will get a look at the loyalty records of key Atomic Energy Commission employees, but behind the closed doors of the Senate-House Atomic Committee.

That decision, made by a 9 to 8 vote of the committee yesterday, apparently pulled out of public hearings a major portion of the "incredible mismanagement" case of Senator Hickenlooper (R-Iowa) against AEC Chairman David E. Lilienthal.

Senator McMahon (D-Conn.), who made the move for closed sessions on the loyalty question, promised a report of the committee's conclusions when the inquiry ends.

Hickenlooper, who didn't vote on the issue, said that he kept the committee split for a week, called the decision "a remarkable action."

Later in a radio interview on Mutual's "Meet the Press" program, Hickenlooper said the committee's decision had forced him to "reorient my approach" because "a very vital part of my presentation has been taken out from under me."

### Huge Striped Bass Is Caught In Lower River

Largest fish to be caught in the Lower Umpqua striped bass derby was hooked in the Umpqua River at Reedsport Friday morning by Roy Carns of Winchester Bay.

Carns' 42-pound, 14-ounce catch was 48 inches long, the largest thus far in the derby. The striped bass derby, being sponsored by the Lower Umpqua Chamber of Commerce, extends through July 15.

Until Carns made this catch, the record fish in the derby was a 34-pounder.

### ESCAPES INJURY

OREGON CITY, June 11.—(AP) A cable on a farm tractor snapped and whipped about a 7,500-volt power line. The driver, Jerry Jeskey, 15, Aurora, escaped, however, with a minor burn.

Race fans gather around the three-wheeled, tub-shaped midget to give it the once over before the Nurnberg Derby. Sponsored by the German Youth Association and copied from the American idea, the derby drew a crowd of 25,000 along the rough, shell-marked course.

munism thrives." The cause of peace is still threatened, he said.

Predicting that the North Atlantic Pact "will soon be passed by an overwhelming majority in the Senate," Mr. Truman declared it is "vital" to follow this up with a program of military aid to increase the effective strength of the free nations against aggression.

He also disclosed that he will soon send Congress legislation to launch his program of American help to the world's "underdeveloped regions," declared that it offers "enormous potential benefits in a growing world economy."

### Depends On Prosperity

Hope of world recovery, he said, depends largely on American prosperity, while economic failure here would plunge other nations "into chaos and despair."

"It is a prime belief of the Communist philosophy that our kind of economy is doomed to failure," the President said. "The Communists predict that our prosperity will collapse—bringing the rest of the free world down with it."

"But they are wrong—wrong as they can be."

### Diplomats Expect Dramatic Move From Russians

PARIS, June 11.—(AP)—Western officials look for a new dramatic move by Russia when the council of foreign ministers reconvenes tomorrow.

Soviet Foreign Minister Andrei Vishinsky had asked before adjournment yesterday that no meeting be held today. His western colleagues agreed to the Russian diplomat's cryptic request.

A Russian press officer was asked why Vishinsky wanted an adjournment until Sunday afternoon.

"He wanted the day off, that is all," was the answer.

Western officials speculated that Vishinsky, after consulting with the Kremlin, might make a move that could change the course of the Paris conference.

They noted these aspects of Vishinsky's call for a one-day recess:

It came soon after Secretary of State Dean Acheson warned that the days of the conference were numbered unless Russia gives ground.

"We are here to deal with realities, the blunt facts of a situation and not to engage in some form of diplomatic minuet," said Acheson.

nesses Valley Authority, "unemployable." It said a junior officer just chose the wrong word.

Offers Explanation Secretary of the Army Gordon Gray offered that explanation last night to the head of the government's Tennessee Valley Authority along with his "deep personal regrets" and a promise that it won't happen again.

The word had cropped up in a published report that the Army didn't want Clapp for a lecture tour in Germany.

The report immediately stirred a flurry. The Army high command frantically started an inquiry which lasted through most of yesterday. Clapp, bewildered, said he knew nothing about it.

Gray said a junior officer, whom he didn't identify, had checked over a list of seven candidates proposed by the military government in Germany to conduct a series of lectures on a Civil Service System.

The officer decided that Clapp's qualifications didn't fit him for the job.

But when he sent a cable to American headquarters in Germany he used the word "unemployable" in connection with Clapp's name. This happened in March.
