Various Cases Get Action In Supreme Court

WASHINGTON, June 14—(AP)—In actions yesterday the Supreme Court:

Agreed to review during its October term the validity of an Arkansas law under which picketing—as during a strike—can be held a criminal offense if violence occurs. The CIO asked for the review on the grounds that the law has hindered organization efforts.

Agreed to reconsider its decision of an anti-Communist program adopted by Los Angeles County to determine the loyalty of county workers. The program requires employers to say whether (A) they have been members of any organization which advocated forcible overthrow of the government or (B) ever had "supported or followed" a long list of organizations or the Daily Worker and the New Masses.

Refused to reconsider its recent 5-to-4 decision that a speaker may not be punished for making remarks that stir people to answer and unrest. The case involved the Rev. Arthur W. Terminiello, a Catholic priest under suspension at the time of a 1946 Chicago speech which resulted in a riotous outburst. The City of Chicago had asked reconsideration of the court's action freeing the priest from a disorderly conduct conviction. He had been billed as "the Father Coughlin of the South."

Refused to reconsider a decision permitting the government to bring a tidelands oil suit against Louisiana. The decision also applied to Texas, but that state did not ask reconsideration.

Ruled 5 to 3 that Pelham G. Woodhouse, the British author, must pay \$13,661 in American income taxes on \$127,000 he received from publishers in this country in 1938 and 1941. The decision, in which Justice Douglas took no part, overturned a finding by the U. S. Circuit Court in Baltimore that the payments represented proceeds from the sale of personal property.

Man's Career First, Vassar Graduates Told

POUGHKEEPSIE, N. Y., June 14—(AP)—Vassar College awarded degrees Monday to 269 women students who were told to remember that "the man must be the person whose career comes first."

"Women's biological role is not to support and defend the family but to bear and rear

Idleld Park Youth Now Naval Flier

Midshipman Ernest L. Marier, USN, age 21, above, Idleld Park, Ore., was designated a naval aviator June 3, 1949. He received his Navy wings and diploma at a ceremony conducted by Captain J. B. Dunn, USN, commanding officer of the Naval Air Station, Corpus Christi, Texas.

Midshipman Marier is a graduate of Glide High School and attended Colorado College and Linfield College after joining the Navy in September 1945. After going to college for two years he underwent pre-flight and basic flight training at the Naval Air Station, Pensacola, Fla., the "Annapolis of the air." Advanced aviation training was taken at the Naval Air Station, Corpus Christi.

Midshipman Marier formerly lived with his brother, James Marier of Idleld Park, Ore. After spending a few days' leave, he will report to the commander, Air Forces, Pacific Fleet, San Diego, Calif., for duty.

Atomic Progress Proof Of Board's Competence, Scientists Declare

WASHINGTON, June 13—(AP)—Nine scientists who advise the Atomic Energy Commission sent Congress a statement today saying the AEC has developed "a sound and forward looking program."

They called the progress "clear proof of the competency and devotion to duty of the commission."

Dr. J. Robert Oppenheimer, who helped develop the atomic bomb, read the statement to the Congressional Committee investigating the AEC's management. He said it was adopted unanimously by the nine-member AEC Scientific Advisory Committee.

Oppenheimer is chairman of the Advisory Committee. The statement said that when the civilian commission took over the atomic project from the army in 1946 the "future of the whole development" was uncertain and production of A-bombs was "nearly stagnant."

Under questioning, Oppenheimer said he is "very much satisfied" with what the AEC has done except for one thing— "I think the commission can go further toward making information public which is now secret. Exporting Defended."

For himself, Oppenheimer warmly defended the policy of exporting certain types of radioactive isotopes for research.

In response to questions, he said he knows of no way that Russia would be helped in the atomic energy race if the Soviets should get hold of some of the isotopes.

No isotopes have been sent to Russia, but some have gone to neighboring Finland and Norway.

He said that if the Norwegians find a way to make steel more resistant to heat—a discovery that would be of value in jet motors—this finding would be of only "slight" value to them but of "enormous" value to the United States.

the children," Dean Rustin Mc Intosh of Barnard College told Vassar's 85th annual commencement.

She skipped a part of her prepared text urging the graduates to "have as many children as you can."

He added, in response to a question by Chairman McMahon (D-Conn.), that "999 times out of 1,000" the United States would make better use of any scientific discovery than Russia.

Heavier Types Withheld

Dr. Oppenheimer emphasized that the type of isotopes permitted for export does not include any of the "heavy materials" which are pertinent to the fission program, or any of the "fissionable" materials. Fission plays a key role in atomic weapons.

A uranium isotope, for example, is not allowed for export. But calcium, iodine, sulphur and others of similar nature are. Isotopes, Dr. Oppenheimer said, are used principally for "tracers" in research work.

Still unsettled in the committee is a controversy over procedure. Hickenlooper is demanding a vote on whether he can publicly back his case against the AEC with secret information. The committee was to meet privately after today's public hearing.

NOTICE OF 1949-50 BUDGET MEETING

Notice is hereby given that the Budget Committee of Roseburg Rural Fire Protection District, Douglas County, Oregon, has filed in the office of the levying board, to-wit: the Board of Directors of said District, its detailed estimate of the total amount of money to be raised by taxes upon taxable property within said district as shown by the assessment roll last compiled by the County Assessor of Douglas County, Oregon, and to be expended by the said district for all purposes for the fiscal year July 1, 1949, to June 30 1950, which estimates are as follows:

Expenditures	Budget Allowances for Three Preceding Periods:		
	1948-49	1947-48	1946-47
Personal services:			
Fire Chief			
Firemen at \$... per mon.			
Firemen at \$... per run			
Secretary	180.00	180.00	180.00
Legal	100.00	100.00	100.00
Surety bond for Treasurer			
Communications:			
Tel., Tel., Radio, Post.	15.00	15.00	50.00
Office supplies, printing	20.00	20.00	40.00
Election expense	75.00	35.00	60.00
Insurance			
Hospital fees			
Ind. Acc. Commission			75.00
Sinking fund			60.00
Interest			
Contract for protection	4,500.00	4,500.00	3,000.00
Emergency fund	200.00	200.00	707.72
Equipment and installation			
Hydrants	1,577.07	4,666.93	2,050.00
Water service	1,080.00	636.00	350.00
Total:	\$7,747.07	\$1,200.00	\$10,352.93
Total estimated expenditures \$7,747.07 less estimated receipts \$1,200.00, plus estimated delinquent taxes not to be paid \$81.98. Balance to be raised by taxation \$7,229.05.			
The outstanding indebtedness of this District is: None; Bonds, plus interest, None; Warrants, None.			
These Budget Estimates may be discussed with the Board of Directors, the levying board of said District, and any person subject to the proposed tax levy or levies will be heard in favor of or against said proposed tax levy.			
All persons are hereby notified that on the 8th day of July, 1949, at 8 o'clock, in the afternoon of said day, at Anderson's Grocery in said District, is the time and place set for such discussions.			
BUDGET COMMITTEE, John Aker, Chairman			
Attest: Edwin A. Bayliss, Secretary			
Dated June 8th, 1949.			
BOARD OF DIRECTORS OF SAID DISTRICT, A. J. Ellison, President			
Attest: John J. Zenor, Secretary			

Royal Prussian Princess To Become Texas Resident

LANGDEN, Germany, June 14—(AP)—A royal princess of Prussia will soon be at home "deep in the heart of Texas."

Princess Cecille, 31, hazel-eyed granddaughter of Germany's late Kaiser Wilhelm, will trade her family's medieval castle for an apartment in Amarillo when she marries Texan Clyde Harris, 31. He is the son of Konawa, Okla., Banker Bert Harris.

The princess numbers among her ancestors Queen Victoria of England, the Emperors of Germany and innumerable reigning princes, grand dukes and margraves. Her father is the former Crown Prince Wilhelm.

She is a sister of Prince Louis Ferdinand of Prussia who worked for the Ford Motor Company in Detroit between the two

World Wars and visited the United States last year.

The wedding plans call for a marriage June 21 in the bleak Hohenzollern castle at Hechingen in the Bavarian Alps.
