CIO Marine Engineers Sign Accord Pledging No Strikes, No Lockouts

SAN FRANCISCO, June 16.—(AP)—CIO Marine Engineers and the Pacific Maritime Association today signed a two-year, no-strike, no-lockout contract.

The agreement was announced by Federal Conciliator Omar Hoskins. All classifications will receive a 1.54 per cent basic wage increase and a \$7.50 clothing allowance under the pact. Four cents an hour was added to the overtime rate and three cents for night relief work.

There were other minor wage adjustments. Hoskins said the major issue solved satisfactorily was the employment clause. Negotiators for the Marine Engineers Beneficial Association sought added security; the employers wanted the right to select licensed officers who are responsible at sea.

A compromise clause in the new agreement recognizes the MEBA as the sole bargainer for engineer officers but gives employers the right to select chief and first assistant engineers so long as they are MEBA members in good standing.

This was the fifth long-term maritime pact this year carrying no-strike, no-lockout clauses, and a joint union-management statement said.

"From the standpoint of its labor relations, the industry has never before been in such a favorable position to render uninterrupted steamship service."

Evangelist Trio Scheduled At Baptist Church

The Youth Evangelists, Johnnie and Lucille Lavender, with John Nastari, above, 18-year-old violinist, will conduct services Friday night at 8 o'clock at the First Baptist Church in Roseburg.

The Lavenders are both in their twenties, but have already established themselves as one of the leading evangelistic teams on the coast. Johnnie not only preaches, but is acclaimed as the outstanding Gospel trumpeter in America today. Lucille is called America's First Lady of Sacred Song. She has appeared on the concert stage as guest artist for a number of outstanding symphonic and choral groups and in various operatic and oratorio productions.

John Nastari has been a guest star in symphony orchestras and has appeared on television programs in Hollywood. He plays on a \$5,000 Gagliano violin.

The Lavenders are on their way to Canada for a series of meetings this summer after which they will tour Europe for meetings. It is hoped by the congregation that they may return later to Roseburg for a series of meetings. The public is cordially invited to hear this outstanding team.

Jap Police Evict Plant Strikers; 140 Injured

TOKYO, June 15.—(AP)—Two thousand Japanese police today controlled a steel manufacturing plant at Hiroshima after ejecting 2,500 sidestrike strikers.

Kyodo News Agency reported 120 strikers and 20 policemen injured in fighting before the plant was emptied.

Rural police reports identified many of the strikers as Communists.

The plant had been earmarked for reparations but had been allowed to operate. It was ordered closed by the Hiroshima prefecture governor. The area is under British occupation control.

Infantile Paralysis On Increase in Texas

AUSTIN, Texas, June 15.—(AP)—The State Health Department said today 94 cases of polio were reported last week in Texas. This almost tripled the 37 total of the previous week.

Dr. George W. Cox, state health officer, said 464 cases of the dread infantile paralysis has been reported.

Steel Union Opens Drive For 4th Round Wage Hike

PITTSBURGH, June 15.—(AP)—The CIO-United Steelworkers union opens its drive for a fourth round wage increase today in contract negotiations with U. S. Steel Corp. that are expected to set the pattern for the whole industry.

The U. S. Steel Corp., largest steel producer in the nation, and the union meet to discuss pay increase and other issues involving about 175,000 employees in six subsidiary companies.

Talks will get underway against a background of slackening consumer demand and lagging production.

Woman Peeved At Chalk Marks On Her Tires

OKLAHOMA CITY, June 15.—(AP)—Mrs. Sylvia Edmondson doesn't like those nasty chalk marks policemen put on her nice clean tires.

So she rubbed one off with her handkerchief.

It landed her in police court here when Traffic Officer C. O. Williams caught her at her clean-up chores.

"She was very sarcastic when I asked if she knew she was violating the parking ordinance," said Officer Williams.

"So I charged her with disorderly conduct, too."

Then Mrs. Edmondson, a 42-year-old switchboard operator, explained how she likes to keep her automobile sweet and clean.

"This is not an easy question," said Police Judge James Demopolis. He fined her \$3 for obstructing an officer—and suspended it.
