

NEW DILLARD SCHOOL—Now under construction is this new modern, eight-classroom school at Dillard. The new building, expected to be completed about Aug. 15, will house the first four grades for the rapidly growing Winston-Dillard community. The four upper grades will be housed in the present building on the same site. The one-story structure is of pumice block construction with glass brick windows. Lou Metzger, Roseburg, has the contract for the work. (Picture by Paul Jenkins.)
