

Air Force Reduction Would Permit Defense Budget Cut, Secretary Johnson Advises

WASHINGTON, June 21. —(AP)—Secretary of Defense Johnson was reported Monday to have told Senators defense spending can be trimmed by \$750,000,000 in the 12 months starting July 1.

Members of the Senate Appropriations Committee said Johnson told them behind closed doors that this could be done mainly by cutting back the future size of the Air Force from the 70 groups proposed in Congress to the 48 urged by President Truman.

The senators had called Johnson for testimony on the \$15,900,000,000 armed forces money bill passed by the House.

Chairman Elmer Thomas (D-Okl.) of the subcommittee considering the bill has said he hopes that at least \$1,000,000,000 can be trimmed from it. He called de-

fense officials back for more closed-door testimony.

Chairman Tydings (D-Md.) of the Senate Armed Services Committee said in a radio interview that "unless some new situation evolves we may get by for \$14,500,000,000 or \$14,600,000,000 at the outside" in defending spending for the coming fiscal year.

Tydings also said at least 30 Senators are backing a proposal which would direct President Truman to cut government spending from five to 10 percent below the total amounts voted by Congress.

At least 10 bulky bills must be handled at an average of three to four billion dollars a day between now and July 1 if Congress is to meet the fiscal year deadline. When it fails to do that it sometimes rushes through stopgap authority allowing government agencies to keep going until the regular money bills are approved.

The one measure passed so far carries some \$62,000,000 to pay salaries of Congress and other expenses of the legislative establishment for the next 12 months. It is the smallest of the regular annual money bills.

MY WIFE HAVING LEFT ME

Sue, I sure do miss you. And I admit I've been hard to take. But, hon, there was a reason for my mean disposition. I was "out of order" and depending upon harsh laxatives. Now you'd see a big change. Yes, I've found relief from constipation caused by lack of bulk in the diet—by eating right. Every day now, I have me a bowlful of **KELLOGG'S ALL-BRAN** and follow through by drinking plenty of water. What relief, what joy, to be able to give purgatives the go-by! That crisp whole bran tastes just fine and keeps me regulated. But, Sue, life isn't right without you. Come back, you're the only girl for me. Your loving JOE.

BORN THIRTY YEARS TOO SOON By J. R. Williams

Henry Wallace Still Bats 1,000 In League Of Misguided Opinion

By BRUCE ROSSAT

We deem it necessary to take Henry Wallace by the hand again, for he has wandered off once more into those same ideological woods that have so often swallowed him up in the past.

This should really be no surprise. Wallace has reduced to a fine specialty the business of urging great causes while ignoring all the facts.

His newest misadventure concerns the New York trial of 11 Communists on charges of conspiring to teach and advocate overthrow of the government by force.

S. Judge Harold Medina recently jailed three of the defendants, one for contempt of court and the other two for violent protests against the ruling.

Wallace labeled the action "shocking," a threat to American liberties and a use of the court's power to "promote injustice."

Serious charges of that nature against a highly regarded judge ought to be well-founded if they are going to be made at all. What has occurred, if anything, to warrant Wallace's blistering criticism?

Wallace labeled the action "shocking," a threat to American liberties and a use of the court's power to "promote injustice."

Planned Legal Chaos

To begin, these 11 defendants have been on trial nearly half a year. In all that time both they and their lawyers have showed continuous and obviously calculated disrespect for normal, orderly judicial processes. They shout, they rant, they heap abuse, they ignore court rulings and warnings. It is planned legal chaos.

Probably no judge ever endured more in the name of justice. Medina, a paragon of patience, has leaned over backwards to avoid severe measures. He knows the defendants have the double aim of discrediting the courts and provoking him into an error that would lead to a mistrial or a later reversal—in the event of conviction.

Medina nevertheless has repeatedly warned the Communists to cease their deliberate disruptive tactics. Once he told a defendant that one more outburst

from him meant a contempt of court.

Still the tirades went on. The showdown came when one defendant refused to answer a question put by a government lawyer. Medina ruled that the defendant, having decided to testify for himself, could not also decide what questions he would or would not answer. He cited the man, John Gates, for contempt and sentenced him to a maximum of 30 days in jail.

It was this decision that brought the vocal storm down on Medina's head and led him to send two more defendants packing off to jail. It was this decision which Wallace said "promotes injustice."

Does it?

No, one questions Medina's legal right to do what he did.

We think his moral position also was strong. He had undergone contemptuous assault from the Communists and their lawyers for more than 20 weeks.

Wallace has ignored the shambles the Communists seek to make of their trial. He is saying in effect that an American court cannot protect itself against those who wish to upset its orderly determination of justice.

It seems to us Wallace is at least as far from being right as he was from capturing the presidency on election day last November.
