

Ellsworth, Horan Hit Housing Bill

WASHINGTON, June 30.—(AP)—Two congressmen from the Pacific Northwest raised objections to the administration's housing bill before it was passed by the House.

Rep. Horan (R-Wash.) issued a statement attacking what he called the "all or nothing boys." He said they tried to make out that anyone who opposed any part of the bill "is against housing." Horan added "nothing could be further from the truth."

A statement by Rep. Ellsworth (R-Ore.) referred to President Truman's recent censure of a "real estate lobby" and continued: "The cold truth about it is that while there may be some lobbyists around who represent real estate dealers, I have never seen one. No other member of Congress has talked with the lobby."

Organized real estate lobbying against the bill was not noticeable—but pressure of groups lobbying for the bill has been extremely heavy.

Horan asserted the "mere threat" of the housing bill "has scared the home building industry so badly that construction has fallen off since last November. The administration bill is a cruel political hoax on those who need help."

Ellsworth said "even the American Legion has urged passage of the bill."

"This statement," he went on, "was especially interesting because the bill will not particularly benefit veterans. Nevertheless they will have the privilege of paying the cost over the next 40 years. My mail from people whom I know to be veterans proves that the membership of the American Legion is not by any means solidly in favor of the housing bill."

Housing Bill Error Found After Passage

Democratic side. Opponents, mustering all their strength in an effort to kill the bill if possible, or cripple it in any case, succeeded at one point in reducing the measure to a skeleton of the program Mr. Truman had requested.

Victory Margin 5 Votes. Shouting "Socialism" and arguing that the housing costs would imperil the nation's financial stability, a coalition of Republicans and Southern Democrats mustered 168 votes to the administration's 165 in a drive to kill the publicly-owned housing program.

Two hours later administration leaders asked for a roll call on the public housing section, which accounts for about five-sixths of the money authorization in the bill.

They won by a five vote margin—209 to 204. Among those who applauded the victory was Senator Taft of Ohio, chairman of the Senate Republican Policy Committee, who had fought for the bill in the Senate.

Communism Spreading In Alaska, Synod Told

PORTLAND, June 30.—(AP)—Communism is spreading in Alaska, a Presbyterian Church official said here yesterday. Dr. Frederick Thorne, New York, representing the Board of National Missions of the Presbyterian Church, said Russians, traders and others were indoctrinating the natives.

"The head of Indian Affairs in Alaska, Dr. C. L. Dale, said to me that Communism was making formidable efforts to infiltrate all of Alaska, especially the Indian and Eskimo population," Thorne related at the annual session of the Presbyterian Synod of Oregon.

Thorne added, "he said that Protestant missions were the greatest force he knew of in Alaska for stopping Communism and upholding Democracy."

West Salem Vote On Joining Salem Probable

SALEM, June 30.—(AP)—Mayor Walter Musgrave of West Salem says an election probably will be held in July to decide whether West Salem and Salem should be joined together. He said there already are enough signatures on petitions to call the election.

Saltion Sea in the Colorado desert was a salt marsh before 1905, when defective irrigation canals turned it into a lake 40 miles long.

July 4 Celebrations Set In Four Douglas Towns

(Continued From Page One) dene Sparks, Roseburg Rodeo queen, will be one of the contestants.

The Rodeo each day will start at 2 p.m. and is slated to be run off as quickly as possible, to provide a two to three-hour show of fast action, which will give the audience plenty for their money, said Ike Orr, president of the Riddle Roping Club.

Sunday evening there will be a barbecue, starting around 7 o'clock, with a dance at 9 p.m. following.

On Monday, July 4, a street parade is scheduled at 10 a.m. In the evening, following the Rodeo show, an hour's fireworks display is slated, with the dance to follow.

At Yoncalla and Glendale. The Yoncalla Saddle Club is completing plans for its third annual 4th of July Rodeo to be held Monday. A street parade will precede the Rodeo. Contestants are showing interest in signing up for competition, the club reports.

Glendale's 4th of July celebration will include a parade at noon, the first in the city's history. The day's events will include a number of logging and bucking contests, and children's sports competition. The program will be concluded with a fireworks display in the evening.

Sutherlin's celebration, which will start Friday night and Saturday, will continue through Sunday and Monday. The new American Legion Hall will be dedicated Sunday morning. Monday, Sutherlin will stage a parade, logging, bucking, and high climbing contests, and numerous sports events.

Federal Suit Hits Empire Of du Ponts

(Continued From Page One) control E. I. duPont de Nemours Co. Clark asserted: "This case is directed to the breaking up of the largest single concentration of industrial power in the United States."

"The growth of duPont, General Motors, and United States Rubber to positions of market dominance in their respective fields has been marked by the elimination of many independent businesses and a decline in the strength and vigor of those that survived. The relief sought in this case will open the way for small and medium-sized manufacturers to compete for business in markets which have long been closed to them."

The suit alleged that the defendant corporations had violated the anti-trust laws through agreements to purchase supplies from one another, by acquiring competing concerns and by employing "secret rebates and preferential prices" among the duPont companies while selling the same products "to other customers at higher prices."

Two Held In Holdup Of Portland Club Owner PORTLAND, June 30.—(AP)—Assault charges have been filed against two men arrested here this morning in connection with the attempted holdup of Portland Night Club owner Barney Morris on June 4.

'Prosperity' To Continue, Treasury Aide Predicts

CHICAGO, June 30.—(AP)—Under Secretary of the Treasury Edward H. Foley Jr. declared here today that all signs point to continued American prosperity "beyond anything we have experienced in the past."

American's economy is strong, Foley said. "There has been no undermining of that strength as we have readjusted our business structure to normal peacetime markets," he said. "Some few critics have mistaken readjustment for something basically destructive. I believe they now are realizing their error."

Foley cited the cash position of Americans as one of the "foundational stones of our economic power."

Heiress Freed Of Murder Charge Will Marry Cop

LOS ANGELES, June 30.—(AP) Beulah Louise Overell, 29, and patrolman Robert Cannon, 28, will be married within a week. The heiress was acquitted with George (Bud) Gollum, her former fiance, in 1947 of murder charges in the dynamite deaths of her wealthy parents, Mr. and Mrs. Walter E. Overell, aboard their yacht in Newport Harbor.

Excise Tax Cuts GOP Proposal

WASHINGTON, June 30.—(AP)—Rep. Martin (Mass.) House Republican leader, moved today for a quick vote on legislation reducing some wartime excise taxes.

The taxes are on such things as fur, silver, luggage, cosmetics, transportation and communications.

Martin said a petition is being signed to discharge the House Ways and Means Committee from any further consideration of the measure.

If 218 House members—a majority—sign it, the bill would come to a House vote immediately. It would slash some taxes more than 50 percent.

The measure would cut federal taxes by about \$600,000,000 a year, some congressmen estimate. It would not reduce the war-imposed extra rates on liquor, that now yield about \$600,000,000 annually. There would be no reduction in tobacco excises.

The Weather

Strike Threatens National Capital

(By the Associated Press) The nation's capital was threatened today with a strike of public transportation workers.

Workers who operate Washington's street car and bus service have scheduled a strike vote for 12:01 a.m. Friday to back up demands for a wage hike.

Negotiations between the Capital Transit Company and the AFL Amalgamated Association of Street Electric Railway and Motor Coach Employees, representing 4,300 workers, broke up last night without reaching an agreement.

The present contract expires at midnight tonight. A scheduled strike of some 4,400 workers at the Hershey Chocolate Corp., Hershey, Pa., set to start Saturday—would virtually cripple the entire city. The work stoppage, result of a union shop dispute, was voted Tuesday by the AFL bakery and confectionery workers union.

Race Clash Shuts Swimming Pool

WASHINGTON, June 30.—(AP)—A government swimming pool which became the scene of disturbances when opened to both white and Negro youths has been closed.

Secretary Krug of the Interior Department, which operates the pool, ordered it closed until further notice. He acted after the mixed swimming led to a poolside melee for a second straight day yesterday.

Park police said hundreds were involved in the pushing and punching outside the Anacostia Pool in Southeast Washington. At least four youths were injured, one a girl trampled by a mounted policeman's horse. There were five arrests.

The interior department's order of a no-segregation policy at its four pools caused a rift with the District of Columbia Recreation Board, which insisted that segregation be continued. Negroes have begun swimming at only one other pool, McKinley. But there has been no trouble there.

Holiday Traffic Deaths Will Total 290, Estimate

CHICAGO, June 30.—(AP)—The National Safety Council estimated today that 290 Americans will die in traffic accidents during the three-day Fourth of July celebration.

The carnage, the council said, will be accomplished by 33 million vehicles burning 340 million gallons of gasoline to travel about 44 billion miles during the holiday.

No estimate was made of the total that will be taken by drowning, fireworks accidents, heat exhaustion, food poisoning and other summer holiday hazards.

Strike Threatens National Capital

(By the Associated Press) The nation's capital was threatened today with a strike of public transportation workers.

Workers who operate Washington's street car and bus service have scheduled a strike vote for 12:01 a.m. Friday to back up demands for a wage hike.

Negotiations between the Capital Transit Company and the AFL Amalgamated Association of Street Electric Railway and Motor Coach Employees, representing 4,300 workers, broke up last night without reaching an agreement.

The present contract expires at midnight tonight. A scheduled strike of some 4,400 workers at the Hershey Chocolate Corp., Hershey, Pa., set to start Saturday—would virtually cripple the entire city. The work stoppage, result of a union shop dispute, was voted Tuesday by the AFL bakery and confectionery workers union.

The strike, if carried out, will affect the Jersey chocolate plant, the soap factory, laundry, lumber mill, furniture factory, two hotels and the telephone and water companies.

Lewis Order Miners On Three-Day Work Week

(Continued From Page One) number of days worked by the mines. However, he restrained them from working on any Saturday.

The same contract terms will remain in force despite the termination of the one-year agreement tonight.

The order blanketed all east-of-Mississippi operations, including those of the Southern Coal Producers Association and the U. S. Steel Corporation, with which Lewis is holding contract negotiations.

Anti-Trust Act Feared. Meanwhile the operators themselves were standing firm against accepting Lewis' plan to spread jobs by adopting the short week. Mainly they fear the anti-trust law.

"We are still opposed to it from the legal standpoint and because of the principle involved," the operator who declined to be quoted by name said.

"What would happen to our mines when the non-union mines could work six days? They would get the business."

The operators running the negotiations here insisted that they have a contract in force until Aug. 14.

George H. Love, of Pittsburgh-Consolidated Coal Company and head of the North-West negotiating group, asked, "Why should we change or modify that contract when it still is in force?"

The Aug. 14 date enters the picture despite the automatic termination of the 1948 contract at midnight tonight because Lewis gave notice to the North-West operators on June 14 that he wanted to negotiate a new agreement.

Under the Taft-Hartley act he is required to wait 60 days before calling the miners out, the employers think.

But they also expressed belief that if the mines are permitted to remain in operation, that Lewis means to put into effect his own idea for stabilizing employment.

Rural School Districts Elect Board Members

(Continued From Page One) per cent limitation over and above that allowed by Rural School Board. These extra amounts are for items such as capital outlay, bond principal and interest and additional funds the individual districts needed.

Reedsport voted a special levy of \$83,381.91, of which \$57,381.91 was for principal payment and interest on bonds and \$5,000 to improve the grounds of the new school.

Hiddle approved a special levy of \$20,412.08, of which \$13,877.50 was for bond principal and interest; Sutherlin, \$41,695.96 of which \$30,225 was for bond principal and interest; Elkton, \$12,760 and \$4,175 for bond principal and interest; Glendale, \$15,200, with \$7,300 for bond principal and interest; Green, \$25,580, with \$13,355 for bond principal and interest; and South Deer Creek, \$8,983, with \$5,853 as bond principal and interest. Several other districts voted on special levies in smaller amounts.
