

Richland Mayor Quits With Warning Against Government Paternalism

RICHLAND, July 5.—(AP)—Mayor John S. Crowder, first mayor of Richland who took over his new post in January, has resigned due to the "increased load" of other responsibilities.

At the same time Crowder revealed that Dr. Bjorn Lih, Kadlec Hospital physician, had submitted his resignation on June 21.

Lih's formal resignation from the council warned atomic city residents against the "kind of paternalism" found in the community. He declared that unless residents make every effort to obtain self government they are "abeying our philosophy of American democracy."

Crowder said his work was "piling up on him"—and that he felt he owed it to his job to devote more time to it.

The resignations left only six members on the new council.

Rex Kimmell Appointed Marion Circuit Judge

SALEM, July 5.—(AP)—The appointment of Rex Kimmell, assistant state attorney-general, as Marion County Circuit Judge was announced by Governor Douglas McKay.

Kimmell will take the bench of Judge E. M. Page, who has been appointed a state Supreme Court justice.

Councilman Richard Kennelly left Richland early in June and the vacancy has not been filled. Councilman E. S. Bell submitted his resignation at the last meeting but it was rejected by other members. He then agreed to reconsider until the next meeting July 11.

The council was elected last December in the first community election in the history of the atomic city.

Americans, Mt. Ararat-Bound To Look For Noah's Ark, Face Soviet Barrier

INSTANBUL, July 6.—(AP)—Four Americans have arrived here on their way to look for Noah's Ark.

They said equipment for scaling Mount Ararat, on the Russian-Turkish frontier, is enroute here by boat. They said they did not know when they would start for Ararat, where the Ark is supposed to have come to rest after the Biblical floods.

To reach Mount Ararat they must cross highly fortified military areas, which the general staff guards with great secrecy. They frown at even the mention of any foreigner entering this area. Mount Ararat lies just on the Russian border.

The four explorers who arrived by plane were Dr. A. J. Smith of Greensboro, N. C.; E. J. Newton of Colfax, N. C.; Walter I. Wood, Sea Cliff, L. I. N. Y.; and W. G. Ogg of Knoxville, Tenn.

They said they expected to have little trouble obtaining permission to go through military zones directly to Mount Ararat. Observers who have watched recent developments were not so sure.

The Moscow radio recently declared that persons seeking permission to climb Mount Ararat this summer were not looking for the Ark but were intelligence agents.

Turkey did not overlook that and shortly thereafter permis-

Medford Hotel Is Sold To Arnsberg, Portland

MEDFORD, July 5.—(AP)—Purchase of the Medford Hotel of 127 rooms by A. I. Arnsberg, Portland, was announced Saturday.

Ray W. Clark is the new manager. He formerly managed the new Washington at Seattle, Winthrop at Tacoma, Cascade at Wenatchee, and the Mallory and St. Francis at Portland.

The price received by the former owners, Mr. and Mrs. W. L. Walls, was not disclosed. Clark said some \$50,000 would be spent in improvements.

Alcohol Made From Waste Of Fruit Cannery

PULLMAN, Wash.—(AP)—A process to make industrial alcohol from fruit cannery waste has been developed at the Washington State Institute of Technology.

Dr. William A. Pearl, director, said the process may have commercial value, depending upon the fluctuations in the price of alcohol.

Pearl waste is most easily adapted to this purpose, he said, and can be converted with a 90 percent degree of efficiency. Alcohol may be produced commercially at a cost of 32 cents per wine gallon by this method.

The dried waste residue from this process may be used as a low-protein ration supplement for stock and poultry, Dr. Pearl said.

Research to develop the process was done over a two-year period by Stuart L. Adams of the Division of Industrial Research and the Department of Bacteriology.

The "KEY" to "AUTOMATIC WATER"

Like a magic key Jacuzzi—"two pumps in one"—unlocks the water beneath the earth and makes it available at the turn of the tap. First the Injector makes your well "artesian" by bringing the water from the depths to the surface... no moving parts below ground. Then the Centrifugal Impeller picks it up and forces it under pressure to where you want it. "Automatic Water" by Jacuzzi... your best buy in pumps.

FREE Write for illustrated folder or come in today

We have a complete supply of all your plumbing needs to install these pumps. Galvanized pipe, pipe fittings and tools for installation at reasonable prices.
